# Open new doors

Imagine studying at a university which can offer you the choice of a study abroad experience at not one, but four of the most iconic cities in Italy. That's the opportunity which awaits students who choose Università Cattolica del Sacro Cuore, *affectionately known as Cattolica.* ←

Cattolica, a comprehensive university, covering an impressive range of programs from Medicine, Law, Philosophy and the Arts, through to Economics & Business, Accounting & Finance, Agriculture, Psychology and Linguistics. In the renowned QS World University Rankings by Subject 2015, Cattolica's ascendancy placed the University in formidable company, with every discipline ranked in the *top 200 in the world, or higher.*

Whilst at Cattolica we pride ourselves on our academic reputation, what truly distinguishes our University is the *campus diversity.*

Imagine living and studying in *Milan or Rome*, both seats of ancient empires. Milan, which is now an acclaimed fashion center of the world, home to many of the world's iconic luxury brands. And Rome, the Eternal city, which is an archaeological spectacle and feast. The home of masterpieces and the Vatican, a city whose footprint reflects almost three millennia of history.

Then there is our campus in the heart of *Brescia*, a city of ancient wonders above and below the cobblestone streets and laneways. And *Piacenza-Cremona*, located at the cross-roads of Italy's famous agricultural heartland, where local providers hang the hams and meats which are sought and coveted throughout the world.

But whichever your choice of location, you remain part of one family.

*The Cattolica family.*

One whose networks touch every corner of the globe, whose care and commitment towards every student binds us as one. And ensures an *international study experience* like no other.

# Open your mind

An international study experience is that once-in-a-lifetime opportunity to become fully immersed into a different society and culture. A time of freedom and friendship which will be forever etched into your *life's memory*.

Your international study experience will allow you to push *new boundaries*. To open your mind to a completely different world, where your fellow students will share different perspectives, where your teachers will instill alternative ways of thinking, where you will enjoy a *once-in-a-lifetime experience* to become immersed within a completely different culture and experience.

In choosing Cattolica, you will become part of a community of 41,000 students, students and scholars who attend one of our twelve schools and who access a library which contains over two million volumes.

Our alumni and academic community is extensive, with numerous *world-leading researchers, scholars and academics*.

Our industry and employer networks are truly remarkable, meaning that we can offer over *6,900 internships per year*.

We boast an international community of more than 2,800 students from *over one hundred countries*.

We have links with universities in over sixty countries, from Australia, France and South Africa to India, China and Colombia.

And our range of campus facilities and services ensures that every international student has access to all of the support, information and mentoring which international students seek. These include a dedicated international student center, a housing service, health center, sports facilities and international student associations. From your first day at Cattolica, you will not only feel part of our University, you will be a welcome part of *our community*.

# Open your heart

Our **Milan** campus is located on hallowed turf. Developed around the original site of a monastery in the very heart of the city. Home to over 27,000 students, our Doric and Ionic cloisters provide a haven of peace and grace within a city which offers an abundance of food, history, heritage and choice.

Milan is Italy's commercial heart. Yet the city itself is a place of Cathedrals and Basilicas, galleries and museums, fortresses and canals, shops and restaurants, parklands and street-scapes.

And then we have our beautiful campus in **Piacenza**, in which we also include a small facility in nearby **Cremona**. Piacenza is located in the culinary heartland of Italy, a medieval town which is surrounded by the enchanting Italian countryside. Piacenza is quintessential Italy. Charming. Beautiful. Historic. And unrivalled.

Our **Brescia** campus is a hidden jewel. Once experienced, never forgotten. Whilst a small campus, the location is unforgettable. Although the campus has only 3,700 students, it is a world-leader in such fields as Mathematics and Physics, and enjoys a stellar reputation in such fields as Linguistics and Theater.

What makes Brescia unique however is the experience which the campus offers. Iconic, historic Italy. Minimal traffic, cobblestone streets, family cafes and few tourists. Yet Brescia is less than an hour by train from Milan.

Our **Rome** campus is home to our School of Medicine and Surgery, plus the campus is proud to host our School of Economics. The School of Medicine and Surgery is affiliated with the Policlinico Gemelli University Hospital meaning that all health students, across all fields, have access to a world-class hospital just a walk from our doorstep.

Located just a few minutes from the center of Rome, our 6,500 students benefit from access to internationally acclaimed experts in their field, including a truly impressive 43 Faculty members listed among the top Italian Scientists.

*Open your eyes*

# Open your world

You are a member of the world's first truly global generation. A generation which considers the world as *borderless*. Where the purpose of one's journey is to build a portfolio of experiences, competencies, skills and networks through various means. Where one journey is never complete, without a new journey planned. Where your commitment to lifelong learning is viewed as a given, not a rite.

Welcome to *Generation Global*.

One day, the way in which you accrue your life and career portfolio will differentiate you in the competitive world of employment.

Opinion leaders and employers will seek evidence of what makes you *different*. The places you have been. Your experiences and knowledge. Your qualifications and communication skills. The languages spoken. And *your view of the world*.

And then there is proof of the practical abilities which they seek, such as your understanding of different cultures. Your ability to become immersed and engaged in different societies. Your ability to become part of a team.

Your ability to think, act and behave *independently*.

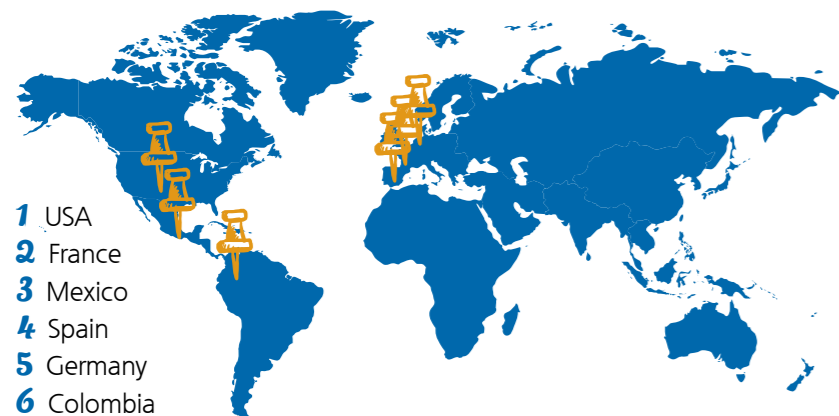

Your university years represent the best time of your life to build the portfolio which will *open these doors to the world*.

So remember this. Your degree may be the ticket. But you need to choose the *right destination*.

# Italian higher education system

## Center for Higher Education Internationalization (CHEI)

The Center for Higher Education Internationalization promotes and conducts research, training, and policy analysis to strengthen the international dimensions of higher education. The themes CHEI covers:

- Emerging trends in internationalization: policies, strategy, mobility, recruitment, internationalization of the curriculum
- Rationales for internationalization: economic drivers, political factors, social/cultural motives, educational rationales
- International education and institutional development: university internationalization strategy development; using research to develop policy on international education; incorporating at home and abroad dimensions into institutional strategy; using data to shape institutional strategy
- Internationalization of Italian Universities in the European and global context: creating a forum for dialogue for Italian institutions.

## Center for International Solidarity (CIS)

The Center for International Solidarity was created in 2006 as a center for the coordination of all the international cooperation projects of the University. It operates all over the world with a strong dedication to projects in Africa, Latin America, and the Middle East. Although its areas of interest are

many, CIS focuses strongly on issues related to medical and educational fields, disability, women's rights and charity work programs.

## Confucius Institute at Cattolica (CI)

CI is dedicated to encouraging interest in and spreading knowledge of Chinese language and culture in the University, in the city of Milan and more generally in the Lombardy

region. The CI offers a variety of specially designed courses, activities and events for its members and the community, and provides specialized resources for learners and teachers.

The higher education system in Italy is structured into four different stages:

### Undergraduate Degree/Bachelor of Science - B.Sc. (Laurea Triennale o a Ciclo Unico)

Course duration: 3, 5 or 6 years  
ECTS/Credit points: 180, 300 or 360  
Aims to provide a solid foundation in the core subjects as well as more specialized, professional training. Students holding a 3-year undergraduate degree or Laurea a Ciclo Unico can either enter the job market or continue their studies by applying for a Master of Science or Specializing Master program.

### Graduate Degree/Master of Science - M.Sc. (Laurea Magistrale)

Course duration: 2 years  
ECTS/Credit points: 120  
Undertaken after the undergraduate degree and aims to provide rigorous, advanced training in more highly specialized areas.

### Specializing Master (Master Universitario)

Course duration: 1 year  
ECTS/Credit points: 60  
A professionalizing program providing practical knowledge and training through coursework and internships. These masters programs within the Italian education system do not generally allow access to a Ph.D. program upon completion of the Master. Recognition of the Specializing Master towards a Ph.D. program outside of Italy will depend on local state regulations or individual doctoral programs.

### Doctoral Program - Ph.D. (Dottorato di Ricerca)

Course duration: 3 years  
ECTS/Credit points: 180  
Undertaken after the completion of a M.Sc. or an equivalent graduate degree. It aims to develop the professional competence to carry out high level research in manufacturing and service companies, public bodies and universities.

# Student services ★★★★★

## International student associations

- Erasmus Student Network (ESN)
- Exchange Student Erasmus Guide (ESEG)

The associations are an invaluable support network for international students. They organize numerous social and cultural events, tours and recreational activities.

## Library

A unique underground and prestigious library containing over 2 million volumes.

## Sport facilities

### What is CUS?

Centro Universitario Sportivo (CUS) is an association that promotes sport and physical education for university students in Milan. The CUS information point is located at the Milan campus, Largo A. Gemelli, 1.

### What is GetFIT?

A trendy gymnasium located just 5 minutes walking distance from Cattolica Milan campus, boasting added value with a sauna, swimming pool and squash courts.

### Feature:

Special gym subscriptions are available to Cattolica international students thanks to the collaboration between UCSC International and GetFIT gym.

## Health center

The Cattolica health center provides students with medical care, nursing care and psychological counseling. General, specialist (gynecology, ophthalmology, diet) and preventative medical examinations are available to students.

### Feature:

Access is free, no appointment needed.

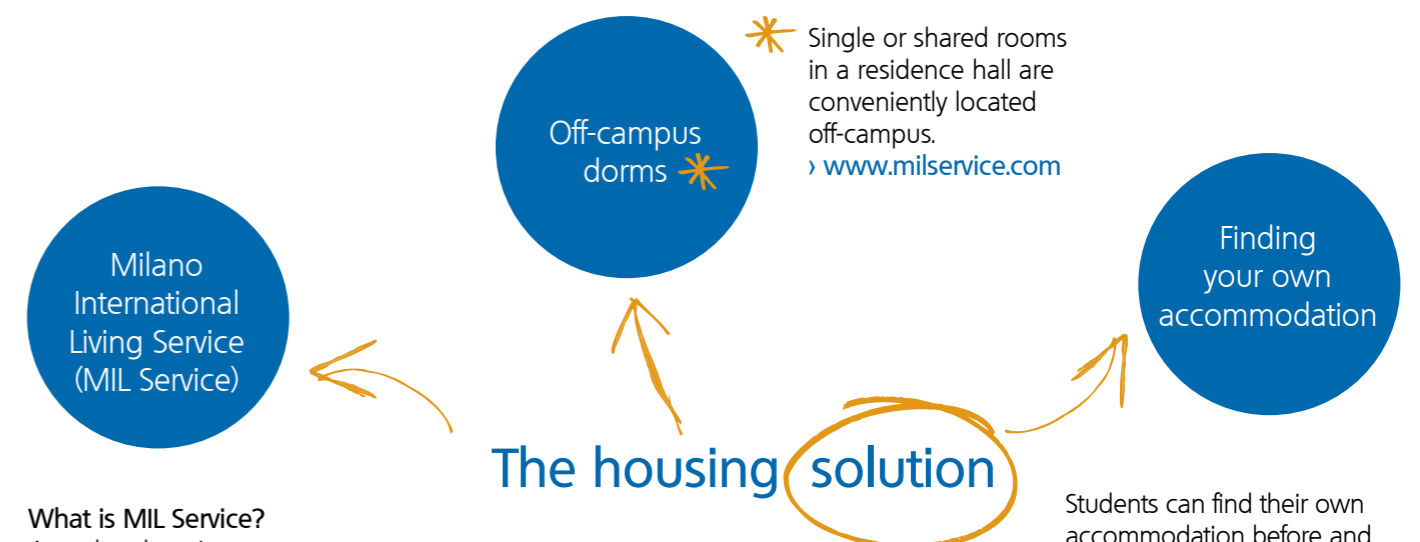

## Study & work abroad

Students can enhance their university studies by taking part in an international experience by studying abroad through Cattolica's semester & summer programs, language courses or work experience abroad.

## EDUCatt

### What is EDUCatt?

A non-profit foundation, ensuring that students receive equal access to different services in Cattolica. EDUCatt manages scholarships, financial support, and residency/dormitory accommodation.

### What is MIL Service?

A student housing company run by a young and professional team, located at UCSC International. Furnished accommodations are available in Milan and Piacenza-Cremona, through MIL Service, which offers:

- Single or shared rooms in off-campus dorms
- Fully furnished shared apartments

### Facilities include:

- Wireless internet connection
- Utilities (water and electricity)
- Biweekly cleaning service
- TV
- DVD player
- Kitchenware

For more information, please visit > [www.milservice.com](http://www.milservice.com)

«MIL Service provides a very comfortable and welcoming environment, guided by an understanding and helpful support staff. The *apartments* are fully equipped making it an ideal "homey" housing solution.»

Students can find their own accommodation before and upon arrival in rental apartments with other students. For assistance students should refer to:

- University housing announcement boards
- Assistance from the international student associations, ESN or ESEG
- Housing websites

Cattolica can assist students with finding temporary accommodation until permanent housing is found.

## The international student center ✓

It's a students' home away from home and it houses the support staff: advisors, mentors and friends.

A unique understanding of the challenges experienced by international students, based on *first-hand international experience*.

The first place of assistance for students before, during and after their experience in Cattolica for the following matters:

- Academic
- Administrative issues
- Housing
- Services
- Every-day life in Milan

### Our Advisors speak:

- ✓ Italian
- ✓ English
- ✓ German
- ✓ Spanish
- ✓ French
- ✓ Russian

«The helpful staff at the *International Student Center* pay special attention to all student requests, by providing quick and effective *assistance*. They are an added value to an *unforgettable experience*.»

## Italian Language Support

In addition to the courses listed here, students can enroll in an Italian Language course either at the beginning of each semester or during the semester. Cattolica offers language courses for all levels, from absolute beginners to advanced. For specific information regarding the Italian Language courses please visit our website > [www.ucscinternational.it](http://www.ucscinternational.it)

Do note that study abroad and visiting students are exempt from the Italian language course fee.

# Summer courses

Session A: 13 June - 24 June  
 Session B: 27 June - 8 July  
 Session C: 11 July - 22 July

Please note that the 2016 courses are subject to change.  
 Visit our website for updated details

# Internship program

## Design my career

Design My Career is addressed to study abroad and exchange students who wish to undertake a professional experience in a culturally-diverse environment as part of their academic curriculum.

The program provides each student intern with an integrated academic and professional learning experience, which can be done at different periods during the academic year and in two different modalities:

### Full-time internship program

- What it includes: an intensive Italian language course before placement (6 ECTS), workshops, internship placement, academic and company tutorship/advising
- The full-time internship is ideal for students having done prior a semester at Cattolica and wish to complement their studies with a full-time work experience in Italy; or it may be an opportunity for those only interested in a stand-alone internship program
- When: Fall (Sept. - Dec.), Spring (Feb. - May), or Summer (end-May - July)
- Credits: 180 hours (Summer), 6 ECTS; 240 hours (Semester), 9 ECTS

### Part-time internship program

- What it includes: 2/3 academic courses at Cattolica (12-15 ECTS), intensive Italian Language (6 ECTS), part-time internship placement (180 hrs/6 ECTS)
- The part-time internship will be primarily a project-work defined together with the Cattolica Academic Advisor

and the assigned company tutor/advisor. It may be that the student will not be required to regularly work at the company base.

- When: Fall and Spring semesters

### The internship placements

The placements are offered in the following areas:

- Business
- Supply chain
- Accounting and finance
- Marketing
- Consulting
- Banking
- Fashion and sales\*
- Legal services
- Translations/editing
- Communication

\*for positions in this area some Italian knowledge might be required. Students must be aware that over 90% of Italian businesses are small or medium-size enterprises, so placements in large multinational companies are limited. The placements that are offered here, which do not require the knowledge of Italian, are among very few available positions. If you are given a placement, there may not be an alternative option. It is therefore important that candidates understand the need to be flexible. However, Cattolica will take great care in finding the best match.

For more information please see our website  
 › [www.ucscinternational.it](http://www.ucscinternational.it)

# Admissions

## Degree-seeking students

Students interested in enrolling in a degree program at Cattolica must meet the following requirements:

### Undergraduate Programs - 3-year Laurea Triennale/5-year Law/5-year Education/6-year Medicine and Surgery

In order to be eligible for admission to an undergraduate degree, candidates must hold a high school qualification that:

- satisfies the requirements for access to university in the awarding country. If the home country admission to university-level studies is subject to special entry exams, the candidates must provide evidence to have successfully passed such exams;
- was conferred on completion of a minimum of 12 years of previous general schooling. If the diploma was obtained after 10 or 11 years, candidates must have integrated their high school studies with additional 1 or 2 years of college or university studies.

For additional information regarding admission requirements and application procedures, please visit our website › [www.ucscinternational.it](http://www.ucscinternational.it)

Please note that there may be variations in the admission requirements of specific degree programs, such as an entry exam.

### Graduate Programs - 2-year Laurea Magistrale

In order to be eligible for admission to a graduate degree program of 2 years (Laurea Magistrale), candidates must hold a bachelor-level qualification. Cattolica will evaluate the candidate's international qualification and academic background in order to determine whether he/she meets the specific conditions for admissions for the selected program. Admission to some degree programs may be subject to having taken specific undergraduate courses.

For more information regarding admission requirements to a 2-year graduate degree and the application process, visit our website › [www.ucscinternational.it](http://www.ucscinternational.it)

### Graduate Programs - 1-year Specializing Masters

Education requirements for admissions to 1-year Specializing Masters may vary per program. For information regarding the admissions and application procedures for the following Master programs, please check the website › [www.ucscinternational.it](http://www.ucscinternational.it)

- Master in Corporate communication
- Master in Economics and finance
- Master in Global business and sustainability
- Master in International business
- Master in International marketing management
- Master in International screenwriting and production
- Master in International relations
- Master in International cooperation and development
- Master in Luxury goods management
- Master in Middle Eastern studies

For all other 1-year Specializing Masters, please visit the Master's website information at › [master.unicatt.it](http://master.unicatt.it)

## Exchange students

Students admitted on an exchange basis must be enrolled at a Cattolica exchange partner institution, either within Europe (Erasmus Plus Program) or outside Europe (Bilateral Exchange Agreements), or at an ISEP network member institution. Students may not apply directly to Cattolica as they must be nominated by their home institution. Students interested in an exchange must contact their study abroad office on campus to verify whether an exchange placement at Cattolica is possible.

## Study abroad/visiting students

Students who may not be enrolled at a Cattolica's exchange partner institution may directly enroll for a semester or a year or choose one of Cattolica's Summer courses. In some cases students may have the opportunity to benefit from specific direct enrollment agreements, should their home institution have a direct enrollment agreement with Cattolica. All students interested in the direct enrollment option must get proper authorization from their institution to apply to Cattolica.

For admission requirements and procedures please see the information on our website › [www.ucscinternational.it](http://www.ucscinternational.it)

## Internship program

For specific admissions and application procedures for the Internship Program - Design My Career, please see the relevant information on our website › [www.ucscinternational.it](http://www.ucscinternational.it)
