	30 November	Semester 1 application closing date*
DECEMBER	4-22 December	December graduations**
	25 December	Christmas Day holiday
	26 December	Boxing Day holiday
	31 December	Research Quarter 4 ends

*Some programs have earlier closing dates

**These dates are provisional – please check the Academic Calendar at uq.edu.au/events for final dates

Disclaimer

The information in this Guide is accurate at May 2022. However, the University has many programs and courses, and refreshes and updates its programs and course offerings from time to time and without notice. It is your responsibility to visit study.uq.edu.au for up-to-date information. All costs and fees quoted in this publication are in Australian dollars (A\$) except where otherwise indicated.

Fees for UQ programs are provided as a guide only. 2023 fees are expected to be available on study.uq.edu.au from mid-2022.

ESOS compliance

The provision of education services to international students by Australian education institutions is governed by the *Education Services for Overseas Students (ESOS) Act 2000* and the National Code of Practice for Providers of Education and Training to Overseas Students 2018.

The ESOS Act and related legislation is designed to protect the interests of students coming to Australia on Student visas. The legislation aims to protect and enhance Australia's reputation for quality education, to provide tuition protection and support the integrity of the Student visa program. The University of Queensland, in providing education services to overseas students, complies with the National Code of Practice of the Department of Education and Training and the Universities Australia code of ethical practice.

Welcome to UQ

Studying at The University of Queensland can be a transformational experience.

It's an opportunity to meet people who will become lifelong friends, exchange ideas with other bright minds, and learn from Australia's most awarded teachers.

You'll gain knowledge and skills that will help you excel, no matter where your life and career takes you in a rapidly changing world. It's an investment in your future.

When you join us, you'll join students who come from all over Australia and around the world to study here. The curiosity, creativity and entrepreneurial spirit of our students are part of what makes employers seek out UQ graduates.

As a global top 50 university, UQ has championed creative thinking for more than 100 years to solve problems facing humanity. We don't just teach the latest research: our research pioneers are industry leaders who discover the latest breakthroughs, and make a positive difference in people's lives around the world.

UQ is passionate about enriching its entrepreneurial ecosystem and creating leaders of the future. We support entrepreneurs at every stage of their journey, working alongside staff and alumni, and connecting with a wide range of global experts.

University isn't just about study though - you'll also have fun here. UQ is renowned for our vibrant campus culture, our clubs and societies and our world-class sporting facilities, where you'll truly enjoy your recreation time while making friends for life.

No matter what your reason for being here, you're sure to enjoy UQ's long-standing traditions, while creating some new ones of your own.

I look forward to hearing about the positive impact you create in your time with us and beyond.

Professor Deborah Terry AO

UQ is the number one recipient of Australian Research Council fellowships and Awards in Australia.

100%
of our research fields are above world standard.
(Excellence in Research for Australia, 2018)

UQ researchers are named among the world's most influential. 34 UQ researchers have been named in the prestigious 2019 Highly Cited Researchers List.

Our Institute for Social Science Research analyses society's 'big' issues including social disadvantage, employment, education, sustainability, social wellbeing, health and housing.

Heron Island Research Station, located on the Great Barrier Reef, is internationally renowned for coral reef research and student training in marine sciences.

94%

of international students at UQ are satisfied with UQ's expert lecturers, learning environments and technology. (International Student Barometer, 2018)

At UQ, we are at the frontier of knowledge creation.

We are one of Australia's leading research-intensive universities. The calibre of our research and the impact of our innovations is addressing many of the cultural, economic and social challenges facing the world today.

Discover our latest innovations and the technology behind them. Be inspired by our world-leading researchers, and understand what it takes to pioneer change.

Innovations for the world

We are a global research leader in biosciences, nanotechnology, engineering, sustainable development and social science. Our innovations are impacting millions of people around the world.

- **Molecular clamp technology:** UQ's next generation vaccine technology will be critical in addressing emerging illnesses and pandemic threats in the future.
- **Gardasil® cervical cancer vaccine:** More than 270 million doses administered in 130 countries, saving an estimated 120,000 lives annually.
- **Conservation:** software developed by UQ has enhanced conservation planning globally in areas like the Great Barrier Reef and the Galapagos Islands.
- **Triple P Positive Parenting Program:** helps millions of children and families in 28 countries and 22 languages.
- **MRI machines:** UQ technology is used in the majority of the world's MRI machines, facilitating the production of faster and more accurate images, and therefore improving diagnostic quality.
- **GroundProbe:** mine-safety technology that is used by some of the world's largest mining companies.
- **Food security:** UQ works with the Queensland Government to enhance the drought tolerance of sorghum, an important cereal in sub-Saharan Africa.
- **Nanopatch:** a revolutionary needle-free method of delivering vaccines being developed in the UQ spin-out company, Vaxxas.
- **Latch-On:** gives the gift of literacy to people with intellectual disability in Australia and across the globe.
- **Water use:** our technology has changed practices in global water and sewerage utilities, saving hundreds of millions of dollars.

uq.edu.au/research/impact

Pioneering your future

We bring the latest ideas and research into the classroom to place you at the frontier of knowledge. You will learn from world-renowned researchers. Our international reputation means we attract some of the best minds in the world to the University – including presidents, prime ministers, international authors and ground-breaking researchers – who will inspire you to break through barriers.

World-class facilities

Our eight globally recognised research institutes are home to more than 1500 specialists continuing UQ's tradition of research leadership with the latest in equipment and instrumentation, laboratories, scientific services and training, and support. Additionally, we have research centres located throughout Queensland, taking advantage of the state's diverse ecosystems and climate.

research.uq.edu.au/research-infrastructure

3MT® (Three Minute Thesis)

Founded by UQ, 3MT has been adopted by more than 800 universities in 86 countries around the world. The 3MT competition sees our research students pitching their exciting ideas to industry leaders, alumni and global leaders in three-minute presentations. Each year, winners are awarded a range of prizes including research travel grants.

threeminutethesis.uq.edu.au

Summer Research Program

Enhance your employability, extend your knowledge of an area of interest, and develop your analytical, critical thinking and communication skills by participating in the Summer or Winter Research Program. Successful applicants are eligible for funding to support their participation in the program.

employability.uq.edu.au/research

Transforming your learning

Our teachers are experts in their fields with a real passion for helping their students reach their full potential. They are also the most awarded university educators in the country.

Recognised for transforming the way students learn at university, they will inspire and guide you with the latest knowledge and ideas.

You will put theory into practice in workplace settings, expanding your understanding and contextualising your studies.

Best place to learn in Australia

We're committed to your learning and enabling you to become a creative, adaptive and innovative problem-solver in today's workplace. We are focused on skills development, employability, and high quality interactive learning experiences both on campus and online. Students have the opportunity to connect with peers and contribute to the teaching programs through the Student-Staff Partnership initiative.

Transforming your knowledge

Our teachers write the books that are used for teaching. They produce research papers every year, they contribute to international conversations in their fields and their work appears in the media and influences government policy. This knowledge is brought into the classroom so you can address the latest issues, ideas and challenges with their support.

Learning for the future

We design our courses in consultation with learning design teams to maximise your employability when you graduate. Our lecturers incorporate student feedback into their decision-making and planning processes to ensure course material is exciting, fresh and transformative. We offer Massive Open Online Courses (MOOCs), MicroMasters®, and UQ's first fully online master's program on edX, one of the most reputable online course platforms in the world, so you can expand your networks, gain new skills and follow your curiosity.
edx.org/school/uqx

Practical learning

Your learning experiences are designed to best suit the learning outcomes of the courses you choose. From work placements and internships, to industry workshops, fieldwork, and studio time, you will apply your knowledge in a range of practical settings during your studies.

Independent research

As a master's by coursework student, you'll undertake compulsory independent research and project work or practice-related learning as part of your program. Depending on what you study, this may take the form of practice-based research, literature reviews, presentations, essays, case studies, and clinical and work-based research. Independent research develops your ability to work autonomously and gives you solid grounding for pursuing a higher degree by research.

UQ's Master of Engineering students testing fire safety.

UQ has received more Australian awards for university teaching than any other Australian university.

UQ teachers from the School of Psychology and School of Chemistry and Molecular Bioscience received an Australian University Teacher of the Year Award both in 2019 and 2020.

Other national awards received by UQ academics in 2021 included two Citations for Outstanding Contributions to Student Learning.

UQ ranked #10 in the Moolab's World University Rankings by MOOC Performance in 2021.

As a locally and globally connected university, UQ provides many opportunities for students to apply knowledge gained in the classroom to the real world.

You'll have access to work-integrated learning, entrepreneurial courses, local and global internships and volunteer positions to boost your confidence, capabilities and résumé.

A wide range of free entrepreneurship programs are available to complement your studies, and to help you build a network, take on new challenges and bring your ideas to life.

Partner to companies

We build partnerships with leading international companies. Our teachers work on commercial challenges and bring their experiences into the classroom. As UQ's partnerships with companies develop, so do internship and research opportunities for students and researchers.

- **Neusoft:** UQ has an agreement with the largest IT solutions and services provider in China to promote research collaboration and provide internships for students.
- **Siemens:** provided more than \$500 million of software to UQ to enable students to access advanced technology, building their skills in digital and data-driven industries.
- **Leo Pharma Denmark:** UQ has an ongoing scientific collaboration with the pharmaceutical company to better understand and treat skin cancer.
- **Australian Government:** UQ helped the government to create a national compliance framework for export controls.
- **Johnson & Johnson (J&J):** UQ researchers are collaborating with J&J immunology scientists to discover and develop a new treatment for rheumatoid arthritis.

- **Fangyuan Company (China) and CODELCO (Chile):** the two huge copper producers are funding a five-year research professorship at UQ around copper smelting.
- **EY:** UQ researchers are collaborating with EY on the importance of innovation as a driver of organisational productivity in the oil and gas sector in Australia.
- **Great Barrier Reef Marine Park Authority:** UQ provides ongoing pioneering research to protect the Great Barrier Reef's precious marine species such as coral reef communities and turtles.

Workplace learning

Internships, placements and networking will be part of your study experience at UQ through work-integrated learning. Grow your entrepreneurial mindset and employment network before you even graduate.

- **Business, Economics and Law:** our staff work with a diverse portfolio of international organisations such as Accor, BDO, Colliers International, Deloitte, Herbert Smith Freehills, KPMG, Marriott Hotels, McKinsey and PwC.

VENTURES

Expand your mindset with
UQ Ventures

ventures.uq.edu.au

At UQ, we encourage every student to get involved with the Ventures entrepreneurship community. Programs are free for all UQ students, and will help you to develop entrepreneurial skills, connect with like-minded students and create your own path. Programs are complemented by a wide range of events and competitions throughout the year, including "hackathons", industry events, alumni get-togethers, workshops, and pitch nights.

Curious where Ventures can take you? You'll find the people, tools and opportunities to help bring your ideas to life. There's support at every stage of your Ventures journey – from flexing your creative muscles to launching a startup.

Introductory

Gain the skills and mindset to innovate like an entrepreneur.

Our introductory programs will help you get inspired, learn core entrepreneurial skills, immerse yourself in UQ's community of entrepreneurs and gain the confidence to take your first steps in your Ventures journey.

Intermediate

Put your knowledge into practice by solving real industry problems.

Challenge your ideas and make them reality by applying your new-found entrepreneurial skills with our intermediate program offerings.

Test and validate the fit between your ideas and market needs while developing a sustainable business model for your product or service.

Advanced

Take your venture to the next level and launch your own startup.

During the three-month Ventures iLab Accelerator program, each selected startup team receives \$10,000 equity-free funding to help them get market and investment ready.

You will work closely with our Entrepreneur in Residence and have access to Ventures' mentor and investor network, workshops, and co-working space.

- **Engineering, Architecture and IT:**

The Meet a Mentor program connects third-and-fourth-year undergraduate students, one-on-one with experienced alumni and industry professionals.

- **Health and Behavioural Sciences:**

has partnered with local and global leaders in health and research including universities, medical research institutes, public and private hospital providers, government and non-government organisations, a consortium focussed on rural health, and ten clinics providing healthcare to the general public.

- **Humanities and Social Sciences:**

internships, field trips and placements in Brisbane, interstate and overseas are part of course credit for humanities and social sciences students. The HASS Connect Mentoring Program brings you together with industry professionals from many diverse careers. Work with your mentor to explore your career pathways and get practical advice.

- **Medicine:** students undertake placements in hospitals and clinics around the world where they are trained and mentored by doctors and healthcare specialists.

- **Science:** our researchers work with industry partners including the peak industry councils for cotton, fisheries, horticulture and forestry, as well as Rio Tinto and BHP.

- **Extra-curricular opportunities:**

with UQ's range of entrepreneurship programs students can access local and global internships and work experience.

Through Ventures, you can build entrepreneurial capabilities and mindset, solve industry challenges and pursue business or social impact opportunities.

UniQuest, UQ's

commercialisation company,

has helped start up more than 100 companies and raise US\$32 billion in gross product sales.

Since 2003 we have been in partnership with Boeing,

the world's largest aerospace company. Boeing Research & Technology–Australia (BR&T–A) is located at our St Lucia campus. Boeing collaborates with UQ researchers and students on the latest ideas in aerospace, so you can learn from their discoveries and setbacks in the classroom or directly from Boeing staff.

A truly global network

As an international student, you know the importance of thinking and acting globally. At UQ, so do we.

Our worldwide partner and alumni networks give you the international opportunities and connections to enhance your learning, life skills and employment prospects from the start of your degree to long after you graduate.

While you are at UQ

Our partnerships = your exchange

As a UQ student, Brisbane, Herston or Gatton is just the first stop on your overseas adventure. Grow your global network through UQ's student exchange program by studying up to two semesters of your degree at one of our 180 partner institutions in 34 countries.

You'll gain program credit while expanding your world perspective, enhancing your employability, developing your network, and maybe even learning a new language. While on exchange, tuition fees at the host university are waived as you remain enrolled at and pay fees to UQ. Please see page 110 for a full list of UQ partners.

[employability.uq.edu.au/
get-experiences](http://employability.uq.edu.au/get-experiences)

Short-term experiences

Whilst studying at UQ, you can participate in short-term global and virtual study experiences scheduled during the semester breaks. You can immerse yourself in a new culture for 2 - 8 weeks to enhance your academic learning and employability. If you're looking at expanding your practical skill set through short-term experiences, opportunities for Domestic, Virtual, and Global Internships are available.

[employability.uq.edu.au/
get-experiences](http://employability.uq.edu.au/get-experiences)

Incoming exchange and study abroad

Even if you are partway through a degree at a non-Australian university, with our incoming exchange and study abroad programs you can still study at UQ for one or two semesters and gain credit for your degree back home. If your university has an exchange agreement with UQ, you are eligible for the Incoming Exchange program. If your university is not partnered with UQ, you can apply to UQ as a Study Abroad student.

study.uq.edu.au/study/study-abroad

Global Startup AdVentures

Become a global thinker and learn from the world's most innovative startup hubs. Ventures Startup AdVentures are intensive domestic and international learning experiences (virtual and in-person). Build your network, learn from experienced innovators, and gain first-hand knowledge on founding, investing, and growing an early-stage business.

[ventures.uq.edu.au/
startup-adventures](http://ventures.uq.edu.au/startup-adventures)

Global business connections

At UQ you'll join a global network of more than 286,000 graduates, many of whom are leaders in their fields, including more than 15,400 PhDs in 170 countries. You'll benefit from an extensive graduate network, strong industry partnerships and many notable alumni.

alumni.uq.edu.au

Relationships changing the world

Global connectivity is at the heart of UQ's vision to create knowledge leadership for a better world. From renewable energy technologies and sustainable mining practices, to disease control and child psychology, our international collaborations are working towards a cleaner, healthier and happier future. Explore our impact around the world.

global-engagement.uq.edu.au

**GROUP
OF EIGHT
AUSTRALIA**

We are members of the prestigious **Group of Eight** coalition in Australia and the leading global network of research universities, **Universitas 21**.

Dr Megan Rossi (pictured)

Doctor of Philosophy

After completing her PhD in Medical Science, Dr Megan Rossi has built a reputation as one of the most influential gut health specialists in the world. With a following of over 250,000 on Instagram (@theguthealthdoctor), Megan uses her expertise as a registered dietician, nutritionist and research fellow at Kings College London to share evidence-based gut health information. In the final year of her PhD, Megan won UQ's Three Minute Thesis competition and has since become a high-profile guest and contributor on many shows and publications - including cooking with Jamie Oliver. In 2019, she released her first book, Eat Yourself Healthy and launched her own evidence-based gut health product range, Bio&Me.

Fauna Ussumane Rugunato Ibramogy

Master of Agribusiness

Promoting a gender transformative approach, Fauna has made a significant impact on rural communities across Mozambique through her work as an agribusiness specialist. Fauna was elected as the National Program Officer for Economic Development at the Embassy of Switzerland in 2016. In this position, she advises on two development programs that address food security and income challenges for rural agricultural households and supports them to participate in commercial supply chains. In 2020, Fauna received the International Alumnus of the Year award as part of UQ's Alumni Awards.

Lawrence Au

Master of Business Administration

In 1980, Lawrence Au chose to leave his journalism career in China to study his MBA at UQ. Decades later, Lawrence reflects that the two years he spent here were a 'major turning point' in his life. Following his graduation from UQ, Lawrence launched a career as a recognised thought leader in Asia's financial industry. He became the Asia Pacific CEO of the securities service business at BNP Paribas and Northern Trust for 16 years. His contributions have been recognised with numerous awards, including a Lifetime Achievement Award presented by Asia Asset Management. Lawrence was the recipient of a UQ Vice-Chancellor Excellence Award in 2020.

Dr Megan Rossi's
story

Our **free online course EMPLOY101x** will help you unlock your career potential and market yourself to employers. edx.org/course/unlocking-your-employability

UQ is ranked **63rd in the world for graduate employability** (QS Graduate Employability Rankings, 2022).

UQ's student employability and careers services have been recognised with **multiple national and international awards**.

The **UQ International Student Ambassador program** gives high-achieving international students the opportunity to represent the University in a range of paid roles.

Game-changing graduates

Our research, teaching and connections prepare you to forge an exciting career. Outside the classroom you can access our career resources and networking events, and participate in our Employability Award to expand your capabilities and mindset. When you graduate, you will be ready for any challenge.

Careers Service

Our award-winning Careers Service can help you plan your career, develop your capabilities and gain that competitive edge. We offer workshops in how to find work, network, write a résumé, excel in interviews, apply for a job, and leadership and presentation techniques.

employability.uq.edu.au/find-a-job

Career Portals

UQ offers an exclusive online job board for its students and graduates featuring vacation work, volunteer work, internships, and graduate employment opportunities from over 3000 employers. Our Global Grad careers search portal is just for international students with Australian and international companies posting work opportunities regularly.

studenthub.uq.edu.au (login required)
globalgrad.uq.edu.au

Student-Staff Partnerships

Enhance your employability and networks by collaborating with staff as equal partners and mutual learners. The Student-Staff Partnerships Program consists of three streams: SSP Projects, Student Representation and Student Voices. In SSP Projects you will influence real change at the University by redesigning courses, co-facilitating events, or evaluating courses or initiatives. Become a student representative and contribute to the governance and decision-making processes at UQ or have your voice heard by contributing your perspectives via a feedback forum.

employability.uq.edu.au/student-staff-partnerships

Employer Events and Expos

With multiple employers events throughout the year, you can speak with future employers from a diverse range of industries and backgrounds to find the right job for you. Most employers offer roles in graduate recruitment programs and some offer vacation work, internships, work experience, scholarships and co-op programs. We also help you to find volunteering opportunities at UQ and within the wider community to give back and boost your career prospects.

Employability Award

The Employability Award gives postgraduate students the chance to build capabilities that future employers value, such as leadership, teamwork, communication, problem solving, and cultural awareness. To qualify for the Award, you must complete 100 hours of work experience, 100 hours of volunteering, and five supplementary activities then communicate your skills and potential through an application process. It's free to join and is awarded upon graduation.

employability.uq.edu.au/award

The perfect place to study

We offer one of the best campus experiences in the world in a location renowned for its relaxed and safe lifestyle, subtropical climate and vibrant and diverse culture.

BRISBANE

Brisbane, the home of UQ's St Lucia and Herston campuses, is the capital city of Queensland and its economic and cultural hub. Young and progressive, the city is fast becoming a centre in the Asia-Pacific for business, investment, major events and education. It is also home to over 200 nationalities and 220 languages.

Entertainment

Brisbane city has a great live music scene that can be discovered in Fortitude Valley and West End. For comedy, live theatre and dance, head to the Brisbane Powerhouse and the Queensland Performing Arts Centre (QPAC). The Gallery of Modern Art (GOMA) is one of the best modern art galleries in the country, and keep an eye out for the Brisbane Writers Festival and the Brisbane Festival that attract international artists from across the globe.

Sport

Brisbane's amazing weather and sporting facilities make physical activity a must. Kayak along the Brisbane River, rock climb your way to the top of the Kangaroo Point Cliffs, ride along kilometres of riverside cycle paths or participate in the extensive social sport opportunities available across Brisbane. If you prefer to spectate, cheer for your local team when you attend a rugby union, rugby league, cricket, 'Aussie Rules', tennis, or football match at one of our famous sporting stadiums.

Food

With just under a third of Brisbane's population born overseas, you can find cuisine from almost every culture. From affordable lunchtime and 'Cheap Tuesday' offers, to reasonably priced cafes, pubs, restaurants and farmers' markets, there is plenty to choose from and plenty of new culinary experiences to be had. You can always enjoy a picnic with friends and use the city's free barbecue facilities in one of our scenic parks by the river.

Getting around

One of the best views of Brisbane is from a CityCat – a ferry service that runs along the river from UQ's St Lucia campus to the city and the riverside suburb of Hamilton. Brisbane also has an extensive bus and train network that makes it easy to get around. A 'go card' will allow you to travel on all Brisbane public transport at discounted student prices.

Around Brisbane

When you want to head out of the city, there is plenty to discover. Head south for the famous golden sands of the Gold Coast and Byron Bay; north for the quiet beaches of the Sunshine Coast, the world's oldest rainforest, and the majestic Great Barrier Reef; west for charming outback towns; or east for the spectacular Moreton Island, Stradbroke Island and Fraser Island. Sydney, Cairns and Melbourne are all short flights away. There is so much to explore on your doorstep.

Brisbane named
Australia's coolest city
(Forbes, 2019)

+21° to +28°c
average maximum temperature
most days of the year

Brisbane's population is
2.4 million
people

GATTON

Gatton, the largest town in South-East Queensland's Lockyer Valley, is the home of the UQ Gatton campus. Bordered by unspoilt mountain ranges and located only one hour's drive from Brisbane, Gatton has a culturally diverse population of approximately 7000 people. UQ Gatton students enjoy a laidback, country lifestyle in a close-knit community.

Find out more about living in Queensland

TAKE A VIRTUAL TOUR
of our campuses and facilities
and learn more about life at UQ

UQ St Lucia

Considered one of the most beautiful campuses in the world, our main campus is a vibrant mix of old sandstone buildings, modern architecture, parklands and lakes. It is a city within a city with everything you need to study, live and relax.

Food

UQ St Lucia is full of cafe and food options. From great coffee and bakery food, to healthy sandwiches and wraps, pizza, noodles, bubble tea and juice bars, you won't go hungry or thirsty. Options include organic, vegan, vegetarian and halal food.

uqu.com.au/feeding-u

[instagram.com/uqfood](https://www.instagram.com/uqfood)

[instagram.com/uqeats](https://www.instagram.com/uqeats)

Retail

You don't need to leave the campus for your shopping. There is a bookshop - where you can buy new books or sell your secondhand ones - a convenience store, hairdresser, travel agent, post office, newsagency and Wednesday markets offering handicrafts, gifts, flowers and fashion.

uqu.com.au/feeding-u

Entertainment

Discover UQLife to see all that awaits you on campus and online! Take part in events, experiences and programs to keep you engaged, motivated and connected. There's something on every week.

Fitness

You'll be spoilt for choice with a massive range of sporting, fitness and recreational opportunities on offer at our St Lucia campus. Explore Queensland's largest multi-sport complex, featuring dedicated fitness, aquatic, tennis, and athletics centres, as well as an array of sporting fields and courts. Play your way with more than 75 sports and activities to choose from, including up to 90 weekly group fitness classes, across nearly 40 sporting clubs and social sports.

uqsport.com.au

Library

Our libraries are your place to study on campus. With comfortable study spaces, a world-class collection, and friendly staff to help with all your questions, we can connect you with everything you need to succeed in your studies. Whether you want to borrow books, meet friends for a coffee, or work quietly on an essay, there's a library to suit everyone at UQ.

library.uq.edu.au

Healthcare

If you need to see a doctor, visit our friendly team at the UQ Health Care clinic. There is also a pharmacy and a dental clinic on campus.

uqhealthcare.org.au

study.uq.edu.au/university-life/campuses-research-sites

UQ Gatton

Our regional campus is located near the town of Gatton, 87 kilometres west of the Brisbane CBD. It offers a laid-back and friendly lifestyle with on-campus accommodation, with state-of-the-art teaching and research facilities in agriculture, animals and veterinary science.

Free inter-campus bus service

UQ provides a free inter-campus bus service between UQ Gatton and UQ St Lucia for students and staff. study.uq.edu.au/university-life/campuses-research-sites

Food and retail

You can buy food and drinks from the Coffee Pod, Dining Hall and Walkway Café, and you can purchase and sell books at our retail bookshop. There's an on-campus post office, and keep an eye out for the regular events for students in the Central Walkway.

Health care

Your health care needs are taken care of on campus at the UQ Gatton Medical Centre, a medical clinic with experienced doctors and nurses available to UQ students. uqhealthcare.org.au

Fitness and Sport

Whether you're looking to boost your fitness, meet new people, or relax and unwind, UQ Sport Gatton offers an ideal opportunity to do it all in one location. There's both gym and pool facilities – as well as tennis, basketball, netball and squash courts. There are weekly group fitness classes, sporting clubs and social sports to enjoy. uqsport.com.au

Teaching and research facilities

The campus houses production animals, horticultural fields, a plant nursery, post-harvest facilities, research laboratories and greenhouses, a wildlife facility, specialist veterinary and equine hospitals, and some of the best animal teaching facilities in the southern hemisphere.

Library

The JK Murray Library is at the heart of campus, open 24/7 for study, relaxation, and meetings. Our physical collection is complemented by extensive online resources, and our knowledgeable staff can help you find what you need.

Travel time by free inter-campus bus between UQ St Lucia and UQ Gatton: 90 minutes (one way)

UQ Herston

Just three kilometres from the Brisbane city centre, UQ Herston is the specialist campus for health and medical teaching and research.

UQ shares premises with the Royal Brisbane and Women's Hospital and the QIMR Berghofer Medical Research Institute, which creates a connected and engaged community.

The campus is home to UQ's:

- Medical School
- School of Public Health
- School of Dentistry
- Herston Imaging Research Facility
- Oral Health Centre
- RECOVER Injury Research Centre
- Centre for Clinical Research.

Surgical, Treatment and Rehabilitation Service (STARS)

The newly constructed STARS is one of the largest tertiary specialist rehabilitation centres in the southern hemisphere. The collaborative community health precinct is home to more than 30 health facilities, research institutes and organisations, accommodating more than 13,000 staff, students and scientists.

Library

Our dedicated medical library provides access to the Queensland Health network, along with all the resources available through your UQ Library membership. As the library for a busy hospital, you can be sure you're getting the most up-to-date, expert information from our staff.

Food and retail

You can purchase something to eat or drink from Cafe Dose, the Botanist Kitchen, the hospital cafes, as well as Subway, Sushi Yado and Boost Juice. There is a bank and ATMs on campus, as well as a gift shop, pharmacy, post office and newsagency, and bookshop.

study.uq.edu.au/university-life/campuses-research-sites

Research institutes

UQ's Global Change Institute

UQ has a proud reputation for creating change in the world through research. In partnership with government, industry and donors, UQ has established eight globally recognised research institutes, as well as research centres at our three main campuses and other locations across Queensland.

Australian Institute for Bioengineering and Nanotechnology (AIBN)

AIBN seeks to deliver innovative solutions to society's problems through sustainable materials, healthy living and translational success. AIBN's research is underpinned by Five Pillars of Research that includes stem cell ageing and regenerative engineering, precision nanomedicine, advanced materials, agriculture nanotechnology and advanced biomanufacturing.

aibn.uq.edu.au

Global Change Institute (GCI)

As the global population grows, urbanisation has continued to increase, placing an unprecedented burden on the planet's fragile ecosystems. Through an interdisciplinary approach, GCI brings researchers together to address the impacts of climate change while identifying opportunities associated with technological innovation, policy development, and industrial-scale changes that benefit the Australian and global environment. Collaborative research is conducted across strategic areas including: clean energy, food systems, and healthy oceans.

gci.uq.edu.au

Institute for Molecular Bioscience (IMB)

IMB is a multidisciplinary life sciences research institute where 500 scientists use world-leading infrastructure to drive discoveries from genome to drug design, disease discovery application and sustainable futures. IMB's research is framed through centres focused on superbugs, pain, heart disease, inflammation, solar biotechnology and the genomics-disease interplay.

imb.uq.edu.au

Institute for Social Science Research (ISSR)

As UQ's flagship institute for quantitative social sciences, ISSR is committed to improving economic and social wellbeing for individuals, families, communities and regions in Australia and internationally. With expertise in research methods and statistics, ISSR conducts policy and program evaluations for governmental and other agencies, and analyses society's 'big' issues, including social disadvantage, individual and community development, employment, education, sustainability, social wellbeing, health and housing.

issr.uq.edu.au

Mater Research Institute – UQ (MRI-UQ)

MRI-UQ aims to turn scientific discovery into the best possible treatment, care and outcomes for patients and the broader community. Key focus areas include cancer biology and care; mothers', babies and women's health; chronic disease biology and care; neurosciences and cognitive health; optimising acute care; and implementing evidence to improve health.

materresearch.org.au

Queensland Alliance for Agriculture and Food Innovation (QAAFI)

QAAFI is a cutting-edge research institute, one of the world's only scientific organisations focused on agriculture and food innovation. QAAFI delivers high-impact research on the supply chain in crops, horticulture, livestock and food, with a focus on the challenges facing food and agribusiness sectors in the tropical and subtropical systems.

qaafi.uq.edu.au

Queensland Brain Institute (QBI)

QBI is dedicated to understanding how the brain works, how it can be repaired and how we can harness its full potential. QBI scientists are working to develop new treatments for disorders including dementia, stroke, concussion, intellectual and learning disabilities, Parkinson's disease, motor neuron disease, depression, anxiety and schizophrenia.

qbi.uq.edu.au

Sustainable Minerals Institute (SMI)

With expertise in engineering, science and the social sciences, SMI's purpose is to develop practical solutions to the challenges of operating sustainably in the resources sector - from geology, mineral extraction, water management and minerals processing, to occupational health and safety, mine rehabilitation and community engagement. SMI is made up of six interdisciplinary centres and an international centre of excellence in Chile.

smi.uq.edu.au

Programs

At UQ, a qualification or degree is called a program.

We have more than 150 subject areas on offer as well as Higher Degrees by Research (HDR). You can choose a program that enhances your existing knowledge, or a program that sets you on a new career path.

We give credit for prior studies, and if you do not meet the entry requirements for the program of your choice, you may be able to gain entry by undertaking a graduate certificate to enrol in your dream program.

Using the Programs section

1

Choose your program

Use the 'UQ Programs Quick Reference' table on pages 26-27 to find your program. Alternatively, you can refer to the index on page 113.

2

Check your program's admission requirements

Entry requirements for postgraduate coursework programs can be found within each program's description (pages 32-97).

TIP All programs require that you have either 'Minimum' or 'Higher-than-minimum' English language skills. You can find definitions of 'Minimum' and 'Higher-than-minimum' English on pages 98-99.

TIP For most programs you will need a 'grade point average' (GPA) (or equivalent). At UQ, we use a 7-point grading scale, where 4 is a pass and 7 is the highest grade.
study.uq.edu.au/admissions/postgraduate-coursework

3

Apply for your UQ program

Use the step-by-step application process on page 100 as a guide for how to apply to UQ.

4

Check if you are eligible for a scholarship

There are scholarships available to postgraduate coursework students. See pages 114-115 for more detail and to check your eligibility.

Key to symbols used in the Programs section

Additional costs

Additional costs can include items such as equipment, clothing, field trips, placements, special registrations or other necessities and may be purchased from providers other than UQ.

Quota program

A quota program is one that has limited places available for students, and entry may be competitive.

External

If a program is external, it means it is conducted off-campus (usually online). International students who enrol in an external program are not eligible for an Australian student visa. External programs can be studied part-time.

Placement

A placement is work experience for course credit. Placements can be compulsory or optional.

You can find a description of each key term used in the programs section on the 'UQ terminology' page at the back of this guide (page 118).

Higher Degrees by Research

UQ also offers the following Higher Degrees by Research (HDRs): Master of Philosophy (MPhil), Doctor of Philosophy (PhD), and Doctor of Biotechnology (DBioTech) to equip you with specialist knowledge, enhance your employability, upgrade your qualifications, help you get promoted, or pave the way for your career in research. Detailed information on HDRs including admissions qualifications, fees and application instructions can be found on pages 102-105.

graduate-school.uq.edu.au

Program table explained

DURATION

The time it takes to complete a program when it is studied full-time.

Full-time: The standard study load is eight units per semester.

Part-time: Part-time study load is less than 75 per cent of the standard study load (i.e. less than six units per semester for most programs). International students can only study part-time if they do not require a student visa or where the program is external. All international students on an international student visa must complete the program within the stated program duration.

START SEMESTER

The academic year at UQ is divided into two main semesters. Semester 1 usually starts at the end of February and Semester 2 starts at the end of July.

The majority of programs begin at the start of the semester, and some only have one start semester per year; however, some programs may have an earlier or later start date or begin in Summer semester.

INDICATIVE FEE

Tuition fees vary according to program. We have provided an indicative first year tuition fee for each program in this guide. This indicative amount is based on a standard full-time study load for one semester unless the program is part-time only.

RELEVANT/SAME/ APPROVED DISCIPLINES

For some programs you must have studied a particular discipline / particular disciplines to obtain entry.

DURATION	START SEMESTER	FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS					
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES	APPLICATION CLOSING DATES

CAMPUS

One of three UQ teaching sites located at St Lucia, Herston and Gatton where the majority of lectures are held.

Some programs may be delivered at UQ's other teaching sites.

External programs are taught online.

ENGLISH

All programs require either 'Minimum' or 'Higher-than-minimum' English language proficiency.

'Minimum' English language proficiency is IELTS 6.5 with a 6 in each sub-band (or equivalent).

'Higher-than-minimum' English language proficiency varies and is higher than 'Minimum' English.

See pages 98-99 for a list of programs with 'Higher-than-minimum' English language proficiency requirements and to view alternate ways to meet 'Minimum' and 'Higher-than-minimum' English language proficiency requirements.

YOUR CURRENT QUALIFICATION

Almost all programs require you to have completed a specific degree.

Some also have additional requirements.

GPA

GPA stands for Grade Point Average; it is a measure of academic performance based on grades received and the number of units completed. At UQ, academic performance is graded on a seven-point scale:

7 - High Distinction
6 - Distinction
5 - Credit
4 - Pass.

Anything below a 4 is a fail.

APPLICATION CLOSING DATES

Some programs have early application closing dates. For all other program application closing dates, see page 101.

* This program is undertaken on an intensive basis. Please see the full program listing for more details.

^ This program is undertaken on a part-time only basis. Please see the full program listing for more details.

^ Fees are indicative only and correct at time of publication. Visit your program's webpage on study.uq.edu.au for up-to-date information.

** This program is under review. Visit study.uq.edu.au for information. Note changes may not be reflected until late 2023.

***This program is undertaken on an external basis and is not CRICOS registered. International students who want to study this program will not be eligible for a Student Visa (subclass 500).

Pathways to your program

We offer pathway programs if you don't satisfy the admission requirements for your preferred UQ program.

You can improve your English language skills at UQ College, our on-campus language institute, or you may be able to study a graduate certificate and progress to master's program. In addition to the wide range of quality pathway programs on offer, students at UQ College enjoy all the benefits of UQ's world-class campus facilities.

UQ College

In our programs, you will be taught in small classes by highly qualified teachers, while outside class time you can access Learning Advisers, the UQ College Learning Centre and online support materials.

The registered provider of the Foundation and ELICOS programs is The University of Queensland (CRICOS Code 00025B). UQ College Ltd will deliver the Foundation and ELICOS programs on behalf of The University of Queensland pursuant to a third-party arrangement notified by the parties to the Tertiary Education Quality and Standards Agency.

Pathway options to enter UQ

English language pathways

Improve your English language proficiency by studying a UQ College English language pathway course, which can lead to a UQ program (provided you have the academic qualifications for entry and achieve the required English results).

UQ College

Each year, more than 4000 students from 50 countries and regions come to Brisbane to learn or improve their English at UQ College on UQ's St Lucia campus. In our classes, you will be taught by highly qualified teachers, while outside class time you can access our Learning Advisers, Learning Centre and online support materials.

uqcollege.uq.edu.au

Articulate through a graduate certificate

If you do not have the academic requirements to enter a UQ master's program, you may choose instead to apply for a one-semester graduate certificate – if available – in the same program suite then study progressively to the higher-level programs of graduate diploma, coursework master's and master's (advanced).

study.uq.edu.au/admissions/postgraduate-coursework/consider-your-pathway-options

English language pathways

Improve your English language proficiency at UQ's award-winning English language and Pathways institute, UQ College.

If you meet the academic requirements for entry to a UQ program but do not satisfy the English language entry requirements for that program, for most of our programs you can apply for a package offer that includes:

- an English course – English language classes to get you to the level you need for entry to your UQ program, and
- a conditional place in your preferred UQ program.

To receive a UQ package offer, you must provide evidence of your current English language ability (IELTS or other recognised test – see the fold-out in this guide for other recognised tests) with your UQ program application.

There are two English language pathways to UQ programs:

Bridging English (BE)

Duration 10 to 30 weeks, depending on your English level and UQ program entry requirements (see table opposite).

Weekly tuition fee \$530*

Campus UQ St Lucia

Minimum admission requirements

IELTS 5.0 overall and 5 in each sub-band (or equivalent). Higher-level programs require higher IELTS or equivalent test score for entry. See table opposite for details.

BE is our most popular English language pathway with multiple entry points for admission into undergraduate and postgraduate programs at UQ including Study Abroad. The course will develop your proficiency in all four skills (reading, writing, listening and speaking), as well as systematically building your range of vocabulary and control of grammar.

Within the BE there are two options:

• BE Advantage

The BE Advantage finishes five to six weeks before semester commences. This means that if you do not pass the BE assessment the first time, you are able to complete the four-week BE Extension and re-sit the BE assessment before the UQ semester commences.

• BE Standard

The BE Standard finishes immediately before the start of the UQ semester. Due to time constraints, BE Extension is not available with this option. If you do not achieve the required English language level to enter your UQ program, you will need to start at a later date.

Choose BE if:

- you want to gain entry into a UQ program without having to sit an IELTS test at the end of your course
- you want to study with high-quality teachers in a course solely focused on helping you to gain entry into a UQ program
- you want to complete your assessment five to six weeks before the start of the UQ semester (BE Advantage only)
- you would like the opportunity for one-on-one consultation sessions every five weeks to ensure you are on track with your English language progress to reach your academic goals.

For further information on this course, visit uqcollege.uq.edu.au or scan the QR code.

General English (GE) and English for Academic Purposes (EAP)

Duration 10 to 45 weeks depending on your English level and UQ program entry requirements (see table opposite).

Weekly tuition fee \$440*

Campus UQ St Lucia

Minimum admission requirements Successful completion (see table opposite).

GE and EAP will build your English language proficiency and the academic skills required to succeed at university. At the higher levels of EAP, you will also learn IELTS test taking skills and strategies.

Choose EAP if:

- you do not have the IELTS score to enter the BE or UQ
- you want to combine a focus on broader academic English skills with preparation for the IELTS tests at the higher level of EAP
- you wish to study with high-quality teachers to improve your English proficiency for entry into a UQ program using your IELTS score

For further information, visit uqcollege.uq.edu.au or scan the QR code.

*Fees are indicative only. Fees displayed are for 2022 and do not include costs for student services and materials.

Prepare for your IELTS test

The free IELTSx MOOC will prepare you to take the IELTS Academic test with confidence. You will have immediate access to over 80 hours of interactive practice materials covering each of the four skills: listening, speaking, reading and writing.

uqcollege.uq.edu.au/testing/IELTS

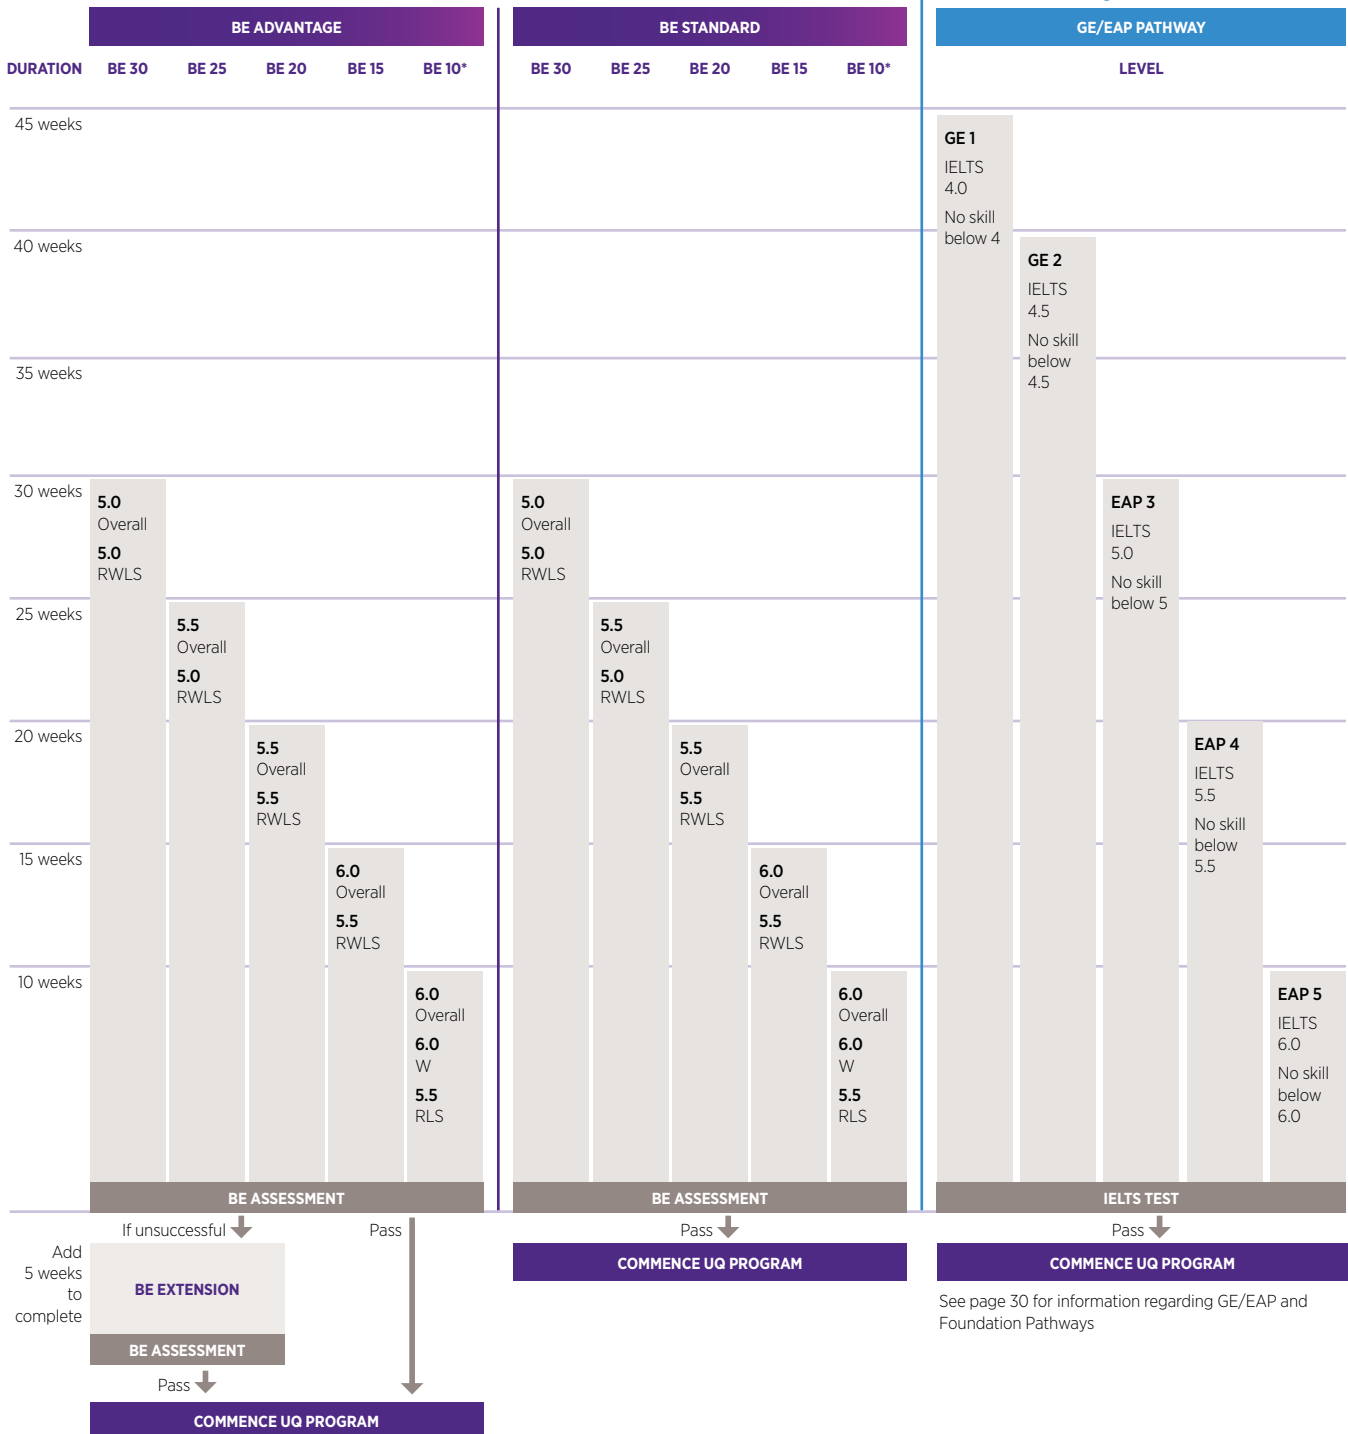

English language pathways to UQ

Select the duration of your BE or GE/EAP course based on your current IELTS Entry Score (as shown in each column).

R = Reading W = Writing L = Language S = Speaking

1 Study English for direct entry into UQ

2 Study English and practice IELTS skills for entry into UQ

*For UQ courses requiring higher than minimum entry. Not more than 0.5 band below the specified UQ program requirement. Academic IELTS sub-band scores: If specified for a UQ degree program, not more than 0.5 band below the sub-band requirement. If not specified, no more than one band below the UQ degree program overall band requirement. Please ensure you refer to the specific UQ entry requirements for your chosen program.

Access some of the best specialist agriculture, animal production, wildlife and veterinary facilities

Agriculture, Animal Sciences and Environment

Balance our relationship with the earth.

Agriculture, animal and food sciences

Agricultural experts are needed to help sustainably feed, fuel and clothe our growing global population. Join the next generation of farm, fibre and food entrepreneurs by studying with a global leader in agriculture. We offer first class programs in agriculture, agribusiness, food, plant, soil and animal sciences. Learn from world-leading academics who are closely connected to industry and government, and enjoy access to our extensive specialist research facilities. Our hands-on learning approach offers practical experiences such as field visits, laboratory practicals, industry placements, and independent research projects.

Environmental management

Learn from Australia's leading environmental experts in programs that combine your scientific knowledge with the legal, political and social aspects of conservation and environmental management. Gain real-world skills to understand and manage our changing planet through industry placements and extensive fieldwork experiences in a diversity of ecosystems, including World Heritage rainforests, the Great Barrier Reef, island research stations and outback Australia.

Careers

With the world's population expected to reach 10 billion people by 2050, food and fibre production must increase by 70 per cent. Studying agriculture will take you beyond traditional farming practices to meet this need in industries like agribusiness, agricultural science and food science.

Environmental managers take a critical look at the causes of environmental problems and develop ways of managing and solving them. Be part of the solution for big issues like climate change, pollution and land clearing for consultancies, mining companies, government, landcare groups and non-government organisations.

Fieldwork locations

include the Great Barrier Reef, islands along the Queensland coast, Hong Kong (SAR), Vietnam and Indonesia

Gayathri secured a highly sought after position within the Queensland Government's Graduate program on the day of her graduation. She then went on to become a development horticulturist, allowing her to explore new farming practices, technologies and innovations within the agricultural industry.

MASTER OF AGRIBUSINESS

World's Top 2 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,544	Gatton, online	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Business and marketing
					Graduate certificate or graduate diploma in agribusiness	4.5	
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5	
1.5 years (24 units)	1 (21 Feb) 2 (25 July)	\$44,544	Gatton, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	

Program overview

Designed for agricultural professionals looking to upgrade their qualifications, or new graduates in business or agricultural-related sciences, this program will help you future-proof your career in this growing industry. Explore aspects of the supply chain to work with small- and large-scale producers, processors, logistics companies, financial institutions and international retailers to deliver high-quality and affordable products to the world. Build on your knowledge of the food and fibre industries, develop a deep understanding of modern agribusiness practices, and investigate emerging technologies, business communication and the latest sustainability practices. Graduate with a market-oriented focus, commercial awareness, an innovative global outlook, and the required technical skills to work in agribusiness management roles in the food and fibre industries.

Field of study

Rural Development

Program features

- ★ UQ ranks 1st in Australia and 2nd in the world for agriculture (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ Enhance your studies with practical experiences including case studies, research projects and agribusiness site visits.
- ★ Select from electives in entrepreneurship, corporate law, finance and effective stakeholder engagement. Increase your technical and research skills by completing a research project on a topic of your choice, working either in an industry setting or alongside UQ's leading academics and researchers.

Career opportunities

Agribusiness graduates typically enjoy excellent employment rates and above-average salaries and opportunities in agribusiness are numerous and diverse. Graduates usually work in the following sectors: environment and sustainability, development and international aid, economics, logistics, marketing and business, primary production, research, life sciences, and finance and government.

MASTER OF AGRICULTURAL SCIENCE

World's Top 2 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,544	Gatton	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5
					Graduate certificate or graduate diploma in agricultural science	4.5
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,544	Gatton	Minimum, see page 98	Bachelor's degree (or equivalent) in agricultural science, animal science, biological science, plant science, botany, horticulture or agronomy, veterinary science, wildlife biology or zoology	4.5

Program overview

Expand your career prospects into a wide range of government, commercial, community or research roles in the broad fields of agriculture and environment. Learn the science, technological and management principles behind sustainable farming practices, combined with content from the animal, plant, soil, food and social science disciplines. Tailor your studies to suit your interests and career goals, and enjoy access to extensive specialist research facilities across two campuses. Apply your leadership, research and problem-solving skills to help find solutions to important global issues around food supply, biosecurity, sustainability and the environment.

Program features

- ★ UQ's field of agriculture is ranked 1st in Australia and 2nd in the world (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ Apply and sharpen your skills through field visits and laboratory practical as part of your courses.
- ★ Learn the latest advances in agricultural science, including precision agriculture techniques, genetic technologies and sustainable resource management.

Career opportunities

Graduates usually work in high-level roles as agronomists and horticulturalists; scientists in government, industry or international institutions; agricultural consultants and

advisers for producers and companies; managers of national and international agricultural businesses or farm; agricultural advisers in banks and other financial institutions; agricultural economists; extension and inspection officers; land information systems officers; or research scientists, animal scientists, or soil scientists.

MASTER OF ANIMAL SCIENCE

World's Top 2 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,544	Gatton	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Agricultural science, biological science, plant science (botany, horticulture or agronomy), equine science, animal science (behaviour, production or technology), wildlife science, wildlife management, veterinary science, veterinary technology and zoology
					Graduate certificate in animal science	4.5	
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,544	Gatton	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	

Program overview

Help solve global challenges around animal welfare, food production, biosecurity and competition for limited resources. Extend your knowledge of the care and management of a variety of animal species, while developing core scientific knowledge, research and leadership skills needed for a range of government, commercial, community or research roles. Access specialist animal science facilities, and enjoy visits to commercial enterprises and wildlife conservation sites. The Production Animal Science specialisation will train you for the management and production of domestic farm animals in a society with increasing needs for animal products. Or choose the Wildlife Biology field of study to learn about the management, conservation and utilisation of wildlife in the context of a growing human population.

Fields of study

Production Animal Science • Wildlife Biology

Program features

- ★ UQ's field of agriculture is ranked 1st in Australia and 2nd in the world (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ UQ ranks 14th in the world for plant and animal science (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ Some of our specialist research areas include animal and plant sciences, koala research, agriculture and wildlife interactions, plant propagation, soil improvement, animal welfare, thermal stress in animals and agribusiness.
- ★ This program is taught at UQ Gatton, which is home to the Equine Specialist Hospital and the Queensland Animal Science Precinct.

Career opportunities

Graduates typically work in supervisory, consulting or management roles across the public, private and not-for-profit sectors. Specific roles might include livestock adviser or consultant, animal nutritionist or research scientist, biosecurity or customs officer, equine nutritionist or physical therapist, government livestock extension officer, livestock enterprise manager, national parks officer, park ranger, wildlife ecologist or scientist, and zookeeper or zoologist.

MASTER OF CONSERVATION BIOLOGY

World's Top 5 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
1 year intensive mode* (24 units)	2 (24 July)	\$62,880	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Botany, conservation, ecology, environmental studies, evolution, mathematics or statistics, marine science, or zoology	1 April the year of commencement
					Graduate certificate in conservation biology	5		

Program overview

Secure your success as a conservation professional working in government, non-profit or in industry to preserve life and biological diversity for future generations. Taught by world-class experts, the Master of Conservation Biology will provide you with advanced knowledge in conservation, ecology, biodiversity, environmental philosophy, national and international conservation policy, and systematic conservation decision-making processes. Learn how to use science to support conservation strategies and policies to restore and maintain viable populations of animal and plant species, and natural and managed ecosystems. This program will equip you with a comprehensive theoretical understanding of conservation biology, as well as the practical training and skills obtained through field trips to UQ's research stations and some of Australia's unique ecosystems.

Program features

- ★ UQ ranks 1st in Australia and 4th in the world for environment and ecology (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ UQ ranks 1st in Australia and 19th in the world for environmental sciences (QS World University Rankings by Subject, 2022).
- ★ Participate in field trips to subtropical rainforests, our Heron Island Research Station on the Great Barrier Reef, national parks and nature reserves, and the Moreton Bay Research Station on North Stradbroke Island (Minjerribah).

Career opportunities

Conservation professionals typically work in government departments, universities and non-profit organisations, or in industry in various managerial, educational, research and consultancy roles. Graduates work in areas

like national parks and wildlife conservation, natural resource management, policy development, mining, agriculture, education and research.

More information

Visit study.uq.edu.au

PROGRAM CODE 5551
CRICOS CODE 077443C

*This program is taught in intensive mode (that is, students are required to enrol over Summer Semester) and covers 3 semesters of content in 12 months.

Quota program

*Graduate Certificate and also available. Visit study.uq.edu.au for more information.

MASTER OF CONSERVATION SCIENCE

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
1.5 year intensive mode* (32 units)	2 (24 July)	\$41,920	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Botany, conservation, ecology, environmental studies, evolution, mathematics or statistics, marine science, or zoology	1 April the year of commencement
					Graduate certificate in conservation biology	5		

Program overview

Conservation science combines the study of social science, law, environmental philosophy, economics and scientific reason in order to find ways to secure the world's biological diversity. The Master of Conservation Science is an ideal pathway if you have a degree in botany, ecology, evolution, zoology or a related field and would like to expand your career prospects with government, conservation and resource management agencies or as a researcher in conservation science. Taught by world leaders in their fields, the program will provide you with a diverse set of skills and experiences to allow you to further your career opportunities in this vital discipline. You will obtain practical training through field trips to unique ecosystems of Australia.

Program features

- ★ UQ ranks 1st in Australia and 19th in the world for environmental sciences (QS World University Rankings by Subject, 2022)
- ★ UQ is the world's leading university for biodiversity conservation research (Center for World University Rankings by Subject, 2017).
- ★ Participate in field trips to subtropical rainforests, our Heron Island Research Station in the Great Barrier Reef, national parks and nature reserves, and the Moreton Bay Research Station on North Stradbroke Island (Minjerribah).
- ★ Take advantage of the option to complete a major four-month research program.

Career opportunities

Conservation professionals typically work in government departments, universities and non-profit organisations, or in industry in various managerial, educational, research and consultancy roles. Graduates work in areas like national parks and wildlife conservation, natural resource management, policy development, mining, agriculture, education and research.

MASTER OF ENVIRONMENTAL MANAGEMENT

World's Top 5 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES	
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Environmental studies, geography, natural resources, biology, ecology, conservation, sustainable development, environmental engineering, or marine science	
					Graduate certificate or graduate diploma in environmental management	4.5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5		
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5		

Program overview

Help solve the world's most challenging environmental issues such as climate change, pollution and land clearing. Bridge the gap between science and management, incorporating multidisciplinary skills in environmental management, decision-making and policy. Learn how to analyse and implement strategies that balance social equity, environmental sustainability and economic needs, and develop essential techniques and methods for resolving sustainable development issues. Develop core skills in environmental management principles and approaches, problem-solving and applied research, and learn from some of the world's leading environmental management experts. Interactive field and lab-based learning, marine and terrestrial research projects, industry placements, and international study opportunities available.

Program features

- ★ UQ ranks 1st in Australia and 4th in the world for environment and ecology (NTU Performance Ranking of Scientific Papers for World Universities, 2021).
- ★ Access unique biodiversity hotspots and fascinating ecosystems, ranging from coral reefs to World Heritage rainforests.
- ★ UQ ranks 1st in Australia and 19th in the world for environmental sciences (QS World University Rankings by Subject, 2022).

Career opportunities

Graduates typically find employment in managerial, research, administrative and educational roles within consultancies, private companies, government departments, landcare and catchment management groups, and national and international non-

government organisations. Specific opportunities exist in national parks and wildlife conservation, environmental assessment and compliance; natural resource management, including coastal, river and catchment systems; policy development, government and commercial consultancies in environmental planning and management; mining; environmental tourism and environmental management.

**Architecture / Built Environment
Top 100 in the world**

QS World University Rankings by Subject, 2022

**Our programs are
accredited**

**by the Australian Institute of Architects
and the Planning Institute of Australia**

Master of Architecture students collaborating in the course Responsive Environments.

Architecture, Design and Urban Planning

Design smart and sustainable spaces for a rapidly evolving world.

Addressing world issues

Our outlook is international. We engage with climate, geographic and social conditions in our design and planning to come up with practical solutions to common problems. We help to advance knowledge of the issues affecting our physical environment like climate change, urbanisation and natural resource management.

Helping you succeed

Our programs give you the skills and qualifications to create spaces that matter. You will be taught by a mix of internationally renowned scholars, experienced practitioners and talented architects. Courses are designed around studios where students can explore their interests in a collaborative environment. We make sure you get hands-on experience in community-based projects with real clients, so you know what it takes to succeed as a professional.

Careers

As our cities and towns become denser, we need living and working spaces that enhance our quality of life. Designers create these spaces. Make a career out of designing buildings, lead major design practices, manage property developments, build your own company, write for an architecture journal, or work as a visualiser. Quality architects and designers are always in demand.

Our urban environments need to strike a balance between design, infrastructure and lifestyle. Planners shape our cities and towns to create vibrant communities. They design cities from multiple perspectives to give you a contemporary and integrated view on how to make them better places to live and work. Work for government, consultancy firms, property developers, private companies, or community groups.

Facilities

include architecture, design and planning studios, maker spaces, campus and CBD study and exhibition spaces, and computer labs.

MASTER OF ARCHITECTURE

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,576	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in architecture	4.5	6 months full-time postgraduate work experience in an architectural environment
					Bachelor's degree (or equivalent) in architecture	4	

Program overview

Do you want to positively contribute to the shaping of our built environment and culture and influence the future personal and professional spaces? The Master of Architecture is the second stage of UQ's architecture program, providing you with the necessary skills, experience and qualifications for your registration as a professional architect. You will undertake a range of courses designed to broaden your creative design skills and develop advanced technical and professional skills. This program provides opportunities to research environmental design, architectural technology, history and theory, and professional practice. UQ's six core studio offerings span commercial, institutional and residential architecture, landscape and architecture, urban design, and adaptive re-use.

Program features

- ★ UQ is one of the few Australian universities to offer dedicated, always-open design studios for students.
- ★ This program is fully accredited by all Australian state and territory architect registration boards who are recognised around the world.

Career opportunities

To legally call yourself an architect, you have to register with a state or territory architect registration board. There are eight boards in Australia – UQ's Master of Architecture is accredited by all of them. Graduates might work on residential buildings, commercial buildings, public infrastructure, or non-building work. Other areas include heritage and conservation,

construction and project management, interior design, urban planning, research and education, and consultancy work.

PROGRAM CODE 5429
CRICOS CODE 060311K

MASTER OF URBAN AND REGIONAL PLANNING

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5
					Graduate certificate or graduate diploma in urban and regional planning	4.5
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution, with a formal pathway to this program	4.5

Program overview

By following a career in urban and regional planning, you will make a difference to people's lives. You will help improve the quality of their cities and regions by integrating the environmental, economic and social aspects of development. Learn from some of the world's best practitioners and receive an industry-guided balance of knowledge and practical experience so you will graduate confident and ready for your next promotion. Undertake an individual research project and choose from electives to specialise during your studies. You also have the option to complete an industry-based work placement or an in-house practical studio project.

Program features

- ★ Recognised by the Planning Institute of Australia – the leading national body for the planning profession.
- ★ UQ's field of environmental sciences is ranked 1st in Australia and 19th in the world (QS World University Rankings by Subject, 2022).
- ★ Develop your problem-solving skills with 200 hours of workplace experience in a planning organisation in Australia or overseas.

Career opportunities

Graduates are valued by employers for their breadth of knowledge and skills and their ability to make environmentally, socially and economically sustainable decisions. The urban development sector is one of the largest employers in the Australian economy and there

are diverse roles available for graduates, including roles in urban design, statutory planning, strategic planning, regional development, environmental management and monitoring, technology for planning, spatial planning, commercial and industrial development, engineering and architectural firms, heritage and conservation, land-use planning, planning law and practice, resource management, social planning, and tourism research and policy.

MASTER OF URBAN DEVELOPMENT AND DESIGN

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,576	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	6 months full-time postgraduate work experience	Architecture, architectural design, design, landscape architecture, regional and town planning and urban planning
					Bachelor's degree (or equivalent) in a relevant discipline	4		
					Graduate Certificate, Graduate Diploma, or Master's degree in a relevant discipline	4.5		

Program overview

Put yourself at the forefront of reimagining our urban fabric. The majority of the world's population live in cities, and with limited resources and significant climate change, there is a growing demand for urban designers specifically trained to understand and look at cities strategically and holistically. This degree is for a new kind of designer, taught by leading academics and industry professionals and combines project-based design studios with opportunities to develop expertise in either infrastructure and resources, people and policy, or economics and strategy fields. You will study courses across a range of disciplines including architecture, civil engineering, planning, policy, economics and business leadership to ensure you have the right skills to enter this transdisciplinary field of design.

Program features

- ★ Benefit from a program that offers integrated online learning.
- ★ Be taught by international practicing architects, urban designers and leading academics who use innovative teaching methods and practical industry-based learning projects.
- ★ Advance your professional network by working with a cohort from diverse backgrounds in architecture, urban planning, civil engineering and landscape architecture.

Career opportunities

Wherever you are positioned in your career, you'll look at urban development and design from a different angle and be uniquely placed to design creative solutions to make our cities more efficient, sustainable and meaningful. Graduates will be ready to take on a range of diverse roles including: urban designer, engagement consultant, landscape architect and economic development manager.

Ameya Deshmukh (India) (Master of Communication) chose UQ because it is the only Australian university to have a dedicated Centre of Communication for Social Change. "Being a part of a university in the world's top 50 is certainly a responsibility and more importantly an opportunity of a lifetime. With the varied knowledge that I will learn in coming years, I feel a responsibility to become the best version of myself and give back to society as much as I can."

Arts, Communication, Humanities and Social Sciences

Understand what it means to be a global citizen
in the 21st century.

Think differently

By studying arts, communication, humanities and social sciences you will learn to think differently and use your understanding to shape the future you want for yourself and your world, no matter which career you pursue.

Our graduates are essential for a sustainable, ethical and inclusive society. They embrace curiosity, daring to think bigger and broader to understand the world – then make it better.

Take the opportunity to indulge your interests in new and exciting fields and find your passion and purpose.

Our award-winning research supports the ideas of stronger communities, social inclusion, sustainable development and international engagement.

Careers

A degree in these fields will prepare you for not just one job, but many. With more than 60 courses offering on-the-job experience, the skills you will gain in leadership, creativity, problem-solving, empathy and communication are increasingly relevant to our current and future workforce.

Combined with the specialist knowledge gained in your area of study, you will be sought-after by all industry sectors, making you highly employable in this ever-changing global environment.

You can work in a range of industries including advertising, community engagement, conservation, education, humanitarian organisations, law, marketing, museums, public policy, publishing, theatre and tourism.

Facilities

include three premier museums, archaeology laboratories and a field site, an industry-standard media studio and editing suites and one of the top UN-standard interpreter training facilities in Australia

Alumni

include actors, authors, musicians, ambassadors, premiers and Rhodes Scholarship recipients

MASTER OF APPLIED LINGUISTICS

World's **Top 50** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$33,623	St Lucia	Minimum see page 98	Bachelor's degree (or equivalent) in any discipline	4.5		Language, English and/or other language other than English (LOTE), literature, English language teaching, linguistics, or translation and interpreting
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$33,623	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	Degree in a relevant discipline	
					Graduate certificate in applied linguistics	4.5		
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$33,623	St Lucia	Minimum see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	2 years full-time language teaching experience	
					Bachelor honours degree (or equivalent) in a relevant discipline	4.5		
					Bachelor's degree (or equivalent) in a relevant discipline and a UQ Graduate Diploma in Education	4.5		

Program overview

Study the Master of Applied Linguistics and equip yourself with the knowledge, tools and understanding for working in areas of second language teaching, translation, interpretation and other second language areas. Benefit from a program designed for professional development; you can choose to specialise in Applied Linguistics or Teaching of English to Speakers of Other Languages (TESOL) Studies. Graduate with a critical understanding of current approaches and developments in teaching and learning language and gain a valuable advantage in your professional field.

Fields of study

Applied Linguistics • TESOL Studies

Program features

- ★ **UQ's field of arts and humanities is ranked 44th in the world (U.S. News Best Global Universities Rankings, 2021).**
- ★ **Graduate with the skills to enhance your career. Being part of the program allows you to develop your identity as a language professional and become part of a global network.**

Career opportunities

Qualified linguists and teachers of English and other second languages such as Chinese and Japanese enjoy a wide range of employment opportunities. These include classroom teaching, testing and language program management, international

business and linguistic research. Graduates also take up positions in business and government that draw on the understanding of languages and cultures. The Master of Applied Linguistics has a strong national and international reputation. Graduates take up, and in many cases return to, teaching and administrative positions in high schools, universities and language schools in Australia, New Zealand and other international locations.

MASTER OF ARTS IN TRANSLATION AND INTERPRETING

World's **Top 50** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	2 (24 July)	\$37,104	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	An aptitude test is waived for Native Chinese (Mandarin) and Japanese speakers. However, all other applicants may be required to complete an aptitude test in spoken and written Chinese and English or Japanese and English

Program overview

The Master of Arts in Translation and Interpreting provides intensive training in translation and interpreting between English and Chinese (Mandarin) or English and Japanese, and vice versa. Undertake training in areas including society, business and trade, law, science and technology, politics and international relations. Studies in translation and interpreting equip you with the necessary knowledge, tools and foundations for future employment as a professional interpreter and/or translator.

Fields of study

Chinese • Japanese

Program features

- ★ **The field of arts and humanities is ranked 44th in the world (U.S. News Best Global Universities Rankings, 2021).**
- ★ **Benefit from state-of-the-art facilities that include a UN-standard simultaneous interpreting booth.**
- ★ **This is a program endorsed by the National Authority for Translators and Interpreters (NAATI) of Australia to train Certified Translators and Interpreters.**
- ★ **You will undertake 100 hours of supervised field practice, which has been set to meet NAATI guidelines.**

Career opportunities

Apart from working as a professional interpreter and/or translator, the language skills acquired in your studies are an advantage for careers in international business, diplomacy, law, health, education and academia. Some graduates teach translation and interpreting at universities or pursue further study towards a PhD.

Graduate, Master of Applied Linguistics

MASTER OF COMMUNICATION

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$37,472	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	5		Communication, journalism, public relations, mass media, media studies, film and television, writing, advertising, marketing, business management, event management, psychology, sociology, international relations, peace and conflict studies, community development, rural development, social work, speech pathology, linguistics, criminology, educational studies, anthropology, political science, digital studies or information technology
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$37,472	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5		
					Graduate certificate (or equivalent) in a relevant discipline	5		
					Bachelor's degree (or equivalent) in any discipline	5	2 years full-time equivalent relevant work experience	

Program overview

The Master of Communication gives graduates and professionals the knowledge, creativity and communication skills to set you up for career success in a range of communication industries in Australia and overseas. With two fields of study to choose from - Communication for Social Change and Strategic Communication - our postgraduate programs bring together world-class scholars, policy practitioners and cutting-edge researchers to deliver first-class teaching and improve the quality and employability of graduates as future leaders. The emerging field of Communication for Social Change allows you to focus on social change theory and practice and explore ways communication can change attitudes and behaviour. Choosing Strategic Communication will allow you to design professional communication solutions while expanding your knowledge of stakeholder engagement, crisis planning and critical thinking.

Fields of study

Communication for Social Change • Strategic Communication

Program features

- ★ UQ's field of social sciences and humanities is ranked 13th in the world (CWTS Leiden Ranking, 2021).
- ★ Opportunities for cross-cultural exchanges and sharing diverse experiences.
- ★ UQ is the only Australian university to offer a field of study in Communication for Social Change.

Career opportunities

Graduates with a specialisation in Communication for Social Change work as private consultants or find communication and facilitation specialist roles in government, non-government and community-based organisations, or international research

and development organisations. Graduates with a specialisation in Strategic Communication are well equipped for diverse roles in public relations and marketing communication consultancies, not-for-profit organisations and government bodies, including organisational communication, crisis management, government relations, social media management and political campaigning roles.

MASTER OF DEVELOPMENT PRACTICE

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$33,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	5		Anthropology, sociology, social science, development studies, community development, political science, human geography, philosophy, communication, social work, human services, planning, various streams of environmental studies and/or management, urban studies or international studies
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$33,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5		
					Graduate certificate in development practice	5	Degree in a relevant discipline	
					Bachelor's degree (or equivalent) in any discipline	5	2 years full-time equivalent relevant work experience	
					UQx Leadership in Global Development MicroMasters® credential program certificate		3 years full-time equivalent relevant work experience	

Program overview

Expand your understanding of the political, social and planning challenges facing development. Develop the practical and intellectual skills to navigate this complex landscape, to critically engage with key debates and to be part of creating sustainable alternatives for the future. You'll learn to address key challenges in the world today: the rights of Indigenous people, inequality, gender, health, violence, alternative economics, climate justice and environmental sustainability. By completing core courses drawing from anthropology, community development, planning, political science, sociology and related fields, you'll have a unique, multidisciplinary and practice-based learning experience. This program will teach you how to deal with the challenges faced by development practitioners across multiple levels and scales in both developed and developing countries.

Program features

- ★ UQ's field of sociology is ranked 46th in the world (QS World University Rankings by Subject, 2022).
- ★ Benefit from a program taught and supervised by leading researchers engaged in the field through research and practice. Your studies will be inspired and informed by these professional connections across the development sector.
- ★ You will study alongside students from all over the globe, each of whom contributes rich and diverse experiences. Studying with an international and diverse group of students will broaden your horizons, both personally and professionally.

Career opportunities

Our graduates work across government, industry and community settings in development, social services, health, planning and elsewhere, to contribute to collaborative social change. Past development graduates have worked in international development, foreign policy, multilateral development agencies, international financial institutions, The United Nations Development Programme, community development and consultancies. Other graduates use this program to further their research ambitions and proceed to enrol in a higher degree by research program.

					Bachelor's degree (or equivalent) in any discipline	-	3 years full-time equivalent relevant work experience in a public policy organisation	
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$33,264	St Lucia	Minimum, see page 98	Bachelor's (honours) degree in a relevant discipline	5		

Program overview

Boost your policy career and gain an advanced understanding of 21st century governance and public policy. Our programs bring world-class scholars, policy practitioners and cutting-edge researchers together to deliver a first-class teaching experience. Graduates will be equipped with a transferable skill-set allowing them to meaningfully address key policy issues and improve policy outcomes in both the public or private sector. Gain a better understanding of how governments operate, as well as the major public issues confronting our society across areas such as community and international policy, governance and development, and resource management. Be exposed to leading thinkers in the public, private and community sectors on a regular basis and study with students from a range of different backgrounds and countries in a genuinely multicultural classroom, giving you a global perspective.

Program features

- ★ You will interact with world-class scholars and policy practitioners and work closely with top-rated researchers in the field.
- ★ Tailor your studies to include an optional internship or participate in the Graduate Centre Mentorship program and gain valuable experience and connections in your field.
- ★ A series of study areas include community and international policy, governance and development and resource management.

Career opportunities

Our graduates can be found in ministerial and public sector leadership roles, senior public management positions, think tanks and policy research institutes, social enterprise and not-for-profit leadership roles and special adviser roles around the world.

MASTER OF INTERNATIONAL RELATIONS / MASTER OF INTERNATIONAL LAW

World's Top 50 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS	
				ENGLISH	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$41,152	St Lucia	Minimum, see page 98	To be admitted into the Master of International Relations / Master of International Law you must meet the admission requirements for each individual 24 unit program. See details: Master of International Law (page 56); Master of International Relations (above)

Program overview

This exciting dual program offers a rare opportunity to earn two sought-after master's qualifications in two years and supercharge your career in the fields of international relations and law. The Master of International Relations / Master of International Law allows you to delve into exciting and topical fields relevant to contemporary world politics, the impact of law on trade, international security and other political issues, and how politics and law mutually shape each other. This program provides a fascinating insight into some of the most compelling issues facing the world today in areas such as business, diplomacy, international policy, advocacy, negotiation and war. Develop your career with a range of professional opportunities including internships, mentoring

programs, overseas study with our international partners, inspirational guest speakers and career planning advice.

Program features

- ★ UQ's field of law is ranked 55th in the world (QS World University Rankings by Subject, 2022).
- ★ UQ's field of social sciences and humanities is ranked 13th in the world (CWTS Leiden Ranking, 2021).
- ★ This program is one of only two in Australia.
- ★ Graduate with two master's degrees in two years.

Career opportunities

Graduates have the knowledge to work in any internationally focused career, whether in government,

non-government organisations (NGOs) or international business. This dual program unlocks many diverse careers, including in government policy, foreign trade and diplomatic services; UN, World Bank and other major international NGOs; international policy and research institutes; or international business. For graduates with research aspirations, the program includes opportunities to undertake a supervised research project and write a dissertation, laying the groundwork for possible future higher degree by research study.

MASTER OF MUSEUM STUDIES

World's **Top 50** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$33,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Degree in a relevant discipline	Archaeology, anthropology, art design, education, art history, cultural and media studies, history, ancient history, architecture, environmental and heritage studies, business, tourism, visual arts and related fields
					Graduate certificate in museum studies	5		
					Bachelor's degree (or equivalent) in any discipline			

Program overview

Museum Studies is an interdisciplinary field of study that encompasses museum history, theory and practice. The program delivers the professional training required for those interested in pursuing careers in the museum, art gallery and cultural heritage industry. It also provides the opportunity for those already working in this sector to develop or enhance existing skills and interests. At UQ, our focus is on developing a critical awareness of the social, cultural and political issues facing those working in the sector, whilst providing the hands-on training necessary for professional practice. Engaging with the University's world-class museums and collections together with leading professionals in the field, UQ provides a uniquely stimulating environment

for museological research and training. A valuable component of the program is gaining professional experience and contacts in the workplace with leading cultural institutions.

Program features

- ★ UQ's field of arts and humanities is ranked 44th in the world (U.S. News Best Global Universities Rankings, 2021).
- ★ Gain valuable hands-on experience and professional contacts by taking on a short-term internship or placement during your studies.
- ★ Work with campus-based museums and collections, including UQ Art Museum, UQ Anthropology Museum and the RD Milns Antiquities Museum.

Career opportunities

Students have conducted placements or internships at international institutions such as the American Museum of Natural History, Dallas Art Museum, Florence Nightingale Museum, Petrie Museum of Egyptian Archaeology, Tate Modern and the Vietnam Women's Museum. The Master of Museum Studies allows further study at the higher degree by research level and pursuit of academic career options in a field growing rapidly around the world.

					Bachelor's degree (or equivalent) in any discipline	5	3 years full-time equivalent relevant work experience with documented evidence	
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$31,744	St Lucia	Minimum, see page 98	Bachelor honours degree (or equivalent) in a relevant discipline	5		

Program overview

Delivered by world-class academics and researchers, this program encourages you to develop an understanding of varied forms of conflict and resistance and ways to move from conflict to peace. Our students graduate with the knowledge and practical skills they need to engage in conflict resolution, peacekeeping and peacebuilding in the contemporary global context. Learn from experts in Indigenous politics, gender, ethics, justice, development, security and the environment, and study alongside students who come from a range of countries and backgrounds. This program is housed in the Graduate Centre in Governance and International Affairs within UQ's School of Political Science and International Studies, recognised internationally and nationally as a leader in peace and conflict studies research and teaching.

Program features

- ★ **Fieldwork opportunities are available in Australia or overseas.**
- ★ **Study as a dual degree with the Master of International Relations.**
- ★ **UQ is one of only seven universities in the world and the only one in Australia to host a prestigious Rotary Peace Centre.**

Career opportunities

Graduates work in a range of careers nationally and internationally including positions such as peacekeeping officials, human rights advisers and advocates, and foreign correspondents within government, business and non-government organisations.

					Bachelor's degree (or equivalent) in any discipline	4.5	2 years full-time equivalent relevant work experience and a writing portfolio	
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$36,000	St Lucia	Higher-than-minimum, see page 99	Bachelor honours degree (or equivalent) in a relevant discipline	4	Writing portfolio	

Program overview

The Writing, Editing and Publishing program addresses the escalating demand for specialist writing and editing in today's workforce and provides you with the practical communication skills to succeed in traditional and new media. You'll gain a deeper understanding of all stages of the writing process and develop practical knowledge and experience in writing and editing across a range of genres, including corporate and technical documents, creative writing, academic research, advertising and marketing and more. You'll learn from award-winning authors and industry experts about the dynamic and continually evolving landscape of the Australian and international publishing industries and have opportunities to intern at arts organisations, literary journals, educational publishers and trade publishers. An accelerating international focus means enhanced employment prospects for graduates.

Program features

- ★ **UQ's field of arts and humanities is ranked 44th in the world (U.S. News Best Global Universities Rankings, 2021).**
- ★ **You will have access to world-class teachers who have extensive and current industry experience.**
- ★ **You may undertake an internship with some of the leading publishing organisations in Queensland.**

Career opportunities

The program offers graduates a wide range of opportunities to pursue either freelance or salaried careers in writing, editing and publishing. Graduates have found employment in Australia and internationally in writing and editing for social media and mainstream publications in the arts, advertising, business, education, marketing, science, technology and journalism.

Business, Economics and Law

Challenge the future.

Create your future

Our vision is to provide a world-class business, economics and law education that opens your mind and expands your possibilities for the future. We want to inspire you to create change locally and globally.

World-class teaching

Our high-achieving students are taught by academic staff who advise and consult with companies worldwide. Many of these lecturers are world-leading researchers. Our courses and programs are designed to deliver the skills, concepts and techniques that are critical for a successful career in an increasingly connected and competitive world. Our team of career and employability specialists will work with you to develop capabilities for lifelong success.

Careers

Business, economics and law have improved living conditions worldwide, but inequalities remain. Graduates of UQ's Business, Economics and Law programs balance the push to prosperity with values like fairness, equality and justice. Leaders in business, policymaking and law are in demand around the world.

As a graduate, you can work in areas such as accounting and finance for non-government organisations, consultancy firms, the Reserve Bank, the International Monetary Fund, or academia. Law graduates can work as in-house counsels in organisations or go on to become solicitors or barristers, work in negotiation and conflict resolution, or in community organisations and legal aid.

MASTER OF ADVANCED ECONOMICS

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
1 year (16 units)	1 (6 Feb)	\$42,576	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	6	Transcripts of previous studies, a professional CV, cover letter and two work-related written references
					A postgraduate qualification in a relevant discipline	6	

Program overview

The Master of Advanced Economics is the School of Economics' flagship master's program and offers high-level, cutting-edge training in formal techniques of economic analysis and econometrics at a level similar to the first year in a US PhD program. This program can be used as a pathway to a PhD or as a standalone advanced economics training credential appropriate for private and public sector professional economists.

Program features

★ UQ's School of Economics is ranked in the top two economics departments in Australia (RePEC, February 2022).

★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).

★ Provides a pathway to the School of Economics PhD program.

Career opportunities

Graduates will have analytical and modelling skills that are in demand within Australia and internationally in top-tier public- and private-sector organisations, such as reserve banks, treasury and competition/regulation bodies, international monetary organisations, utility companies and major economic consulting and

forecasting companies. These skills may also enable progression towards academic careers by opening pathways to PhD programs in economics at UQ or other high-ranking universities.

MASTER OF APPLIED ECONOMETRICS

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,144	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Economics, business, commerce, or a degree that contains four courses in any three of the areas of microeconomics, macroeconomics, statistics or mathematics
					UQ Graduate Certificate in Economics Studies	4.5	
					UQ Graduate Diploma in Economics	4.5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,144	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	
					UQ Graduate Certificate in Economics	4.5	

Program overview

This program will advance your ability to analyse data and interpret the results. Build expertise in the application of statistical methods to economic data, so you can inform decision-making, predict change and provide quantitative insight into economic relationships. Develop advanced quantitative skills and abilities in critical and analytical thinking and logic. Compulsory courses will cover core areas including microeconomics, macroeconomics, consumer and firm behaviour, applied econometrics for macroeconomics and finance, causal inference in microeconometrics, advanced microeconometrics or advanced macroeconometrics. The skills and knowledge you acquire can be applied in a wide variety of economics and finance-related fields, including macroeconomics, quantitative finance, environmental and natural resource management, health, public sector management, business and economic modelling.

*This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.

Program features

★ UQ's School of Economics is ranked in the top two economics departments in Australia (RePEC, February 2022).

★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).

★ UQ is one of only two universities in Australia to offer this program.

Career opportunities

In the private sector, graduates typically work in finance, insurance and banking; or as stockbrokers and for consulting firms, where they study trends in areas like market research, financial risk analysis, logistics and quantitative business analysis. In the public sector, they are employed in policy or treasury, or work for bodies such as the Australian Bureau of Statistics, the Australian Tax Office and the Reserve Bank of Australia. Previous School of Economics graduates have studied at Yale, Harvard, the Massachusetts Institute of Technology and the University of Oxford.

MASTER OF BUSINESS ANALYTICS

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS					
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE	RELEVANT DISCIPLINES
2 years (24 units, part-time only)	1 (Jan) Mid-year (May/June) 2 (Aug)^	\$39,552	Online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	3 years of full-time work experience in a relevant discipline	15 July (to commence in August); 20 December (to commence in January); 30 April (to commence in May/June)	Accounting, advertising, business, business administration, business technology administration, commercialisation, economics, entrepreneurship, events management, finance, hotel or tourism management, human resource management, international business, international development or international business, innovation management, marketing, management, operations/project management, strategy and sustainability
					Bachelor's degree (or equivalent) in any discipline	4.5			
					UQ Graduate Certificate in Business Analytics (or equivalent)	4.5			

Program overview

Designed for business professionals of the future, this innovative program encourages a new take on data. You'll gain a unique ability to speak the language of different organisational functions to bridge gaps and transform direction through data. Drawing on business, data science and philosophy insights, you'll gain a hybrid, holistic understanding of business analytics and their application. With a key focus on responsible use of artificial intelligence (AI), ethics and strategy, you'll learn how to interpret analytics for social, cultural and environmental business opportunities. Featuring a cohort from diverse backgrounds, this fully online program embraces opportunities for collaboration. You'll join an international virtual community, draw on industry case studies and enjoy tailored professional development opportunities. In your final year of study, you'll complete a team-based project that addresses real business problems or social issues.

Note: This program is offered in a web-based (online) mode only. Due to course scheduling and prerequisites, this program can be completed on a part-time basis only.

Program features

- ★ **Embrace the flexibility of a 100% online program that allows you to study around other commitments.**
- ★ **UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (*Times Higher Education World University Rankings by Subject*, 2022).**
- ★ **Learn from real case study datasets informed by industry to solve problems and discover opportunities.**

Career opportunities

Graduates will be highly sought after as data analysts, marketing data analytics managers, business intelligence analysts and data governance managers.

GRADUATE DIPLOMA IN BUSINESS RESEARCH METHODS

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	PATHWAY TO
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	5.75	Master of Philosophy (MPhil) or Doctor of Philosophy (PhD) program in the field of business
					UQ Graduate Certificate in Business Research Methods	5.75	

Program overview

Advanced research skills are highly valued in both academia and the commercial world to find solutions to some of the world's most pressing business issues. The Graduate Diploma in Business Research Methods offers you the choice of a comprehensive range of elective courses that cover topics such as economics-based research in financial accounting, corporate finance theory, empirical methods in finance and capital markets research, and advanced marketing theory and research. Prepare yourself for a PhD or Master of Philosophy, or any number of outstanding career possibilities in areas of business research.

Program features

- ★ You can choose to write a thesis on an original research topic. This will further your expertise and skills in critical thinking, communication and project management, and also open doors to a future career in research, within industry or academia.
- ★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).
- ★ UQ Business School was the first business school in Australia to be accredited by the preeminent ranking bodies AACSB International and EQUIS.

Career opportunities

Our graduates have found employment at high levels, both in Australia and internationally, including roles at multinational companies, startups, governments, aid organisations and research institutions.

MASTER OF COMMERCE

World's **Top 50** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$46,384	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Accounting, advertising (business degree related only), business, business administration, business information systems, commercialisation (business degree related only), economics, finance, international business, international economics and trade, entrepreneurship, human resources, management, marketing, strategy and sustainability (business degree related only)
					UQ Graduate Certificate in Commerce	4.5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$46,384	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	

Program overview

The Master of Commerce will build your theoretical and technical knowledge of the financial services industry, so you can step into senior management or start a new career. You will develop in-depth, specialist knowledge in applied finance, information systems or professional accounting. You'll learn in a contemporary learning environment and gain practical experience by accessing our state-of-the-art Bloomberg Trading Lab and participating in the Student Managed Investment Fund project. You can undertake one or two fields of study (dependent on your program duration) or additional research electives, which may provide a pathway to higher degrees by research.

Fields of study

Applied Finance • Information Systems • Professional Accounting

*This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected until late 2022.

Special note: This program does not assume prior knowledge or training in the available fields of study. If you've studied in a related discipline, consider if each field of study will extend your expertise and support your career plans. For students who have previously undertaken studies in accounting, entry to the Professional Accounting field of study will only be considered for students not accredited with CPA Australia or CAANZ associate membership.

Program features

- ★ UQ's field of accounting and finance is ranked 53rd in the world (QS World University Rankings by Subject, 2022).
- ★ UQ Business School was the first business school in Australia to be accredited by the preeminent ranking bodies AACSB International and EQUIS.
- ★ Gain hands-on experience with the state-of-the-art Bloomberg Trading Lab.
- ★ Be part of the vibrant Master of Commerce Student Committee, led by students. By joining the Committee, you can share your experiences and views about the program and also be part of various social and employment related events.

Career opportunities

Graduates can expect to work as qualified accountants, or find other job opportunities in a range of fields including banking and finance, funds management, business systems, audit firms, management consulting, electronic retailing and information systems infrastructure.

GRADUATE CERTIFICATE IN ECONOMIC STUDIES

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
0.5 years (8 units)	1 (20 Feb) 2 (24 July)	\$22,072	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4	5 years full-time equivalent work experience in business or economics
					Post-secondary study	-	
					7 years full-time work experience in business or economics	-	

Program overview

Develop your analytical ability, critical thinking and logic with this four-course postgraduate certificate. This program is ideal for students without an economics background who want to explore the possibilities in this field or develop skills that will help you succeed in your existing career. You'll discover new skills in a modern economics program that's engaging, interactive and rewarding and you'll graduate with the abilities you need to succeed in an increasingly competitive world.

Please visit study.uq.edu.au for up-to-date information.

Program features

- ★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).
- ★ Graduates have the opportunity to pursue further study and enrol in the Graduate Diploma in Economics, or one of our two-year economics master's programs.
- ★ Choose to study your courses via external delivery mode to balance other commitments.

Career opportunities

Graduates possess core knowledge and skills that are valuable in a large number of workplaces. Qualifications in economics have allowed a great number of our graduates to progress further in their existing professional careers, or move into new roles that involve more economic analysis. Other graduates choose to advance their studies further and enrol in a Graduate Diploma in Economics, or one of our two-year economics master's programs.

					UQ Graduate Certificate in Economics	4.5	

Program overview

Gain the knowledge and skills expected of a professional economist and learn how to confront complex economic problems with intelligence and insight. You will develop your analytical ability, critical and logical thinking with comprehensive training in core economic principles and applications. While the four-semester program requires no prior knowledge of economics, you will have the opportunity to progress to more advanced courses in these areas after you have mastered the fundamentals. You can also choose from a range of electives in fields including development economics, health economics and big data and machine learning for economics and finance. Our graduates play a vital role in public life and are respected experts across multiple fields in Australia and internationally.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Program features

- ★ **UQ's School of Economics is ranked in the top two economics departments in Australia (RePEC, February 2022).**
- ★ **UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).**
- ★ **Enjoy the flexibility of a study framework that balances compulsory prerequisites with elective study areas.**

Career opportunities

Graduates of the Master of Economics are highly employable across private and public sectors in a wide range of areas including investment banking, senior

consulting, financial analysis, government economic policy and research. Potential careers include economic policy analyst, infrastructure and investment adviser and quantitative behavioural strategist. This program is also available as a graduate certificate and a graduate diploma.

MASTER OF ECONOMICS AND PUBLIC POLICY

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,144	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Economics, business, commerce, or a degree that contains four courses in any three of the areas of microeconomics, macroeconomics, statistics or mathematics
					UQ Graduate Certificate in Economic Studies	4.5	
					UQ Graduate Diploma in Economics	4.5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,144	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	
					UQ Graduate Certificate in Economics	4.5	

Program overview

The Master of Economics and Public Policy is an economics-focused, interdisciplinary program that examines the complex relationship between public policy, governance and economics. You will learn how governments develop policy and how their intervention affects the global economy. Drawing on knowledge from the School of Economics and the School of Political Science and International Studies, our programs cover microeconomics, macroeconomics, econometrics, political science, public policy and the contributions of economic analysis to public policy. You can choose to undertake a research component which may provide a pathway to a higher degree by research. No prior knowledge or training in economics is required for the four-semester program.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Program features

- ★ **UQ's fields of economics, politics and international studies rank in the top 100 of the world (QS World University Rankings by Subject, 2022).**
- ★ **UQ is home to the Energy Economics and Management Group, the Macroeconomics Research Group and the Asia-Pacific Centre for the Responsibility to Protect.**
- ★ **The program balances compulsory prerequisites with elective study areas. You can choose to specialise in areas including health economics and the dynamics of governance.**

Career opportunities

Graduates are sought after in economic policy areas within governments at local, state and federal levels and internationally. Our graduates have secured jobs with central banks, including the Reserve Bank of Australia; public sector agencies, such as the Australian Bureau of Statistics and the Australian National Audit Office; policy review and advisory boards, such as the Productivity Commission; international organisations, including the Organisation for Economic Cooperation and Development and the International Monetary Fund; and international financial institutions such as the World Bank.

MASTER OF GLOBAL MANAGEMENT

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	2 (24 July)	\$44,288	St Lucia, online, international partner institution	Higher-than-minimum, see page 99	A bachelor's degree (or equivalent) in any discipline and satisfy the Executive Dean that you are suitably qualified to undertake study at the partner institution	5.25	While UQ does not require a GMAT for entry into the Master of Global Management, to meet the requirements of our partner institutions, you may require a GMAT prior to applying

Program overview

The Master of Global Management is designed to broaden your horizons and open doors to an international business career. You not only benefit from valuable exposure to the global business environment, but also gain two postgraduate degrees from two world-leading business schools in two years. You will study for one year at UQ and then one year at an approved, prestigious partner institution overseas. This program will help you build the skills and experience you need to become a business leader in today's highly connected, multicultural world. You will study topics including international business operations, globalisation and the world economy and cross-cultural management, complemented by a selection of courses from the program's specialised fields of study, or any approved combination of courses that suits your goals and interests.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Fields of study

International Economics and Finance • International Enterprise Management • International Tourism

Program features

- ★ **Spend your first year studying at UQ Business School and your second year studying in Europe or Canada.**
- ★ **Graduate with two degrees – a Master of Global Management from UQ and either:**
 - Master of International Business (Canada), or
 - Master in Management and International Business (Finland), or
 - Master of Science in International Management (Italy), or
 - Master of Science in Management (France), or

– Master of Science in Economics and Business Administration (Norway).

- ★ **UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).**

Career opportunities

Graduates typically find careers as managers, strategists and consultants in large international businesses and government organisations, and with global agencies and organisations that have international operations.

1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,144	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	
					UQ Graduate Certificate in Economics	4.5	

Program overview

Master the complex economic issues in health administration and learn to find innovative solutions to global health problems, preparing you for a career in the health sector. The Master of Health Economics is delivered by the School of Economics and the School of Public Health. You will learn to apply high-level economic analysis to decision-making processes in the health sector, such as the allocation of resources and staff. Your strong analytical skills and respected qualification will unlock career opportunities in Australian and international health agencies and facilities. No prior knowledge or training in economics is required for the four-semester program.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Program features

- ★ **UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).**
- ★ **UQ's field of public, environmental and occupational health is ranked 25th in the world (U.S. News Best Global Universities Subject Rankings, 2021).**
- ★ **Enjoy the flexibility of a study framework that balances compulsory prerequisites in your first two semesters with elective study areas in your final semester(s).**

Career opportunities

Graduates enjoy careers in Australian and international health agencies, pharmaceutical and health technology companies, health departments, private health facilities, health insurance companies and government and development agencies. Internationally, our graduates have secured jobs with organisations and institutions including the World Health Organization, the World Bank and the United Nations. Our graduates with previous careers in health have used their new qualifications to move into administration or senior advisory roles.

MASTER OF INTERNATIONAL COMMERCIAL LAW

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5		Law, accounting, advertising (business degree related only), business, business administration, business information systems, commercialisation (business degree related only), economics, finance, international business, international economics and trade, entrepreneurship, human resources, management, marketing, strategy, sustainability (business degree related only), international hotel and tourism management (UQ BTHEM and Griffith University BITHM degrees permitted, others considered on a case by case basis)
					Bachelor's degree (or equivalent) in any discipline	4.5		
					An equivalent academic or professional qualification and be able to demonstrate to the satisfaction of the Executive Dean that you have requisite knowledge to complete the program	-		

Program overview

The Master of International Commercial Law is designed for students with a commercial background who want to specialise in areas of law relevant to international commercial operations. This program will consolidate your understanding of the Australian and international legal and regulatory frameworks that impact your work in these fields. Suitable for graduates of any discipline and relevant for both lawyers and non-lawyers, this program includes key courses to enhance your knowledge and understanding of fundamental legal concepts.

Program features

- ★ **UQ's field of law is ranked 55th in the world (QS World University Rankings by Subject, 2022).**
- ★ **Our courses are taught in small groups using contemporary learning spaces in the historical Forgan Smith building.**
- ★ **Study as a dual degree with the Master of Commerce.**

Career opportunities

The Master of International Commercial Law provides an internationally recognised qualification relevant to a wide range of careers. Opportunities for graduates include diplomatic service and foreign affairs, international law firms, international policy and research institutes, and international finance and banking. For graduates with research aspirations, this program also includes opportunities to undertake a supervised research project and write a dissertation, laying the groundwork to enrol in an MPhil or PhD.

					UQ Graduate Certificate in Economics	4.5	

Program overview

Our Master of International Economics and Finance program examines the nature of the globalised world economy and the significant role played by financial markets and institutions within interconnected modern economies. Founded on a platform of microeconomics, macroeconomics, mathematics and statistics, this program will advance your understanding of the implications and opportunities arising from the international economic and financial integration process. You will learn how to apply economic principles in response to issues and forces in the international economy. Our diverse range of electives will allow you to focus on your specific needs and interests – for example, you could develop specialised knowledge in the interaction between globalisation and development. The two-year duration is designed for students from any academic discipline.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Program features

- ★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).
- ★ Enjoy the flexibility of a study framework that balances compulsory prerequisites with elective study areas.
- ★ Study as a dual degree with the Master of Commerce.

Career opportunities

Our graduates are highly employable across private and public sectors in a large number of agencies, international organisations, consultancy companies, utilities, insurance companies, financial organisations and banks. Graduates have been employed in a wide range of areas including finance and banking, stockbroking and trading, policy and research. Employers have included major banks, departments of treasury, the Australian Taxation Office and the Reserve Bank of Australia.

MASTER OF INTERNATIONAL LAW

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Bachelor degree in law; or a bachelor degree in arts (or equivalent) with a sequence of study in peace and conflict studies, international relations, political science, sociology, cultural studies, media studies, communication, economics/political economy, anthropology or ethnography. To satisfy the requirements for a relevant discipline, a minimum amount of content in that discipline is required (at least four courses covering international topics).

Program overview

In an increasingly internationalised world, law shapes almost all forms of interaction, from business, to trade, to diplomacy and in war. The Master of International Law is suited to anyone who works in an international field (with or without a legal background) or has career aspirations in fields such as international business, policy, government and the non-governmental organisation sector. You'll gain a clear understanding of the structure of the international laws that shape the international system and how to work within those laws.

Program features

- ★ UQ's field of law is ranked 55th in the world (QS World University Rankings by Subject, 2022).
- ★ Study as a dual degree with the Master of International Relations.

Career opportunities

The Master of International Law provides an internationally recognised qualification relevant to a wide range of careers in government, policy and research; foreign trade and diplomatic service careers; the UN, the World Bank and other major international NGOs; and international policy and research institutes.

MASTER OF LAWS

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	A degree in law leading to admission to legal practice	4	Demonstrate to the satisfaction of the Executive Dean that you have the requisite knowledge and experience to complete the program
					An equivalent academic or professional qualification in law	-	
1 year (16 units)	1 (20 Feb) 2 (25 July)	\$44,288	St Lucia	Minimum, see page 98	An honours or master's degree in law leading to admission to legal practice	4	Graduate diploma in legal practice (or equivalent qualification) or 2 years full-time equivalent relevant professional work experience
					A degree in law leading to admission to legal practice	4	
					An equivalent academic or professional qualification in law	-	

Program overview

The Master of Laws program will enhance your theoretical and practical legal expertise. It is designed for recent law graduates and established legal professionals wishing to deepen their legal knowledge or break into new fields of law. You will improve your critical thinking and research skills as you study courses driven by the needs of contemporary legal practice. These include courses in highly specialised areas, such as corporate and commercial law, and international trade and maritime law, as well as courses with an international focus in both public and private law providing you with the opportunity to look beyond domestic law. Note: Not all courses are offered each year.

Program features

- ★ UQ's field of law is ranked 55th in the world (QS World University Rankings by Subject, 2022).
- ★ Learn from renowned lecturers including academics, legal practitioners, judges and international scholars.
- ★ Personalise your program by choosing courses that align with your career goals.
- ★ Choose to study your courses via external delivery mode to balance other commitments.

Career opportunities

Accelerate your career progression and deepen existing expertise with the Master of Laws (LLM). Graduates complete this program to pursue specialist accreditation, or break into a new area of practice.

Gain advanced knowledge of new areas of law and be in contention for globally competitive legal careers. Those with academic aspirations may enrol in research courses during their studies to give them a foundation of advanced legal knowledge before enrolling in a Master of Philosophy or PhD program.

					Graduate certificate or graduate diploma (or equivalent) in a relevant discipline	4.5		
					UQx or edX MicroMasters® credential in a relevant discipline	4.5	2 years full-time equivalent work experience in a dedicated supervisory/management role	

Program overview

The Master of Leadership and Innovation adopts a cross-disciplinary perspective aimed at developing the transformational mindset needed for leaders in a rapidly changing global business environment. It addresses critical challenges facing managers in the world of business such as digital disruption, automation, artificial intelligence (AI), socio-demographic changes and geopolitical shifts. The program blends research and best practice in business leadership, innovation, service science, service management and experience design. Through these areas, the program develops transformative organisational and leadership capabilities which will enable managers to thrive in business landscapes, both in the current climate and the future.

Program features

- ★ UQ's fields of business and economics are ranked 39th in the world and 1st in Australia (Times Higher Education World University Rankings by Subject, 2022).
- ★ Enjoy the flexibility of a program taught online with a full-time or part-time workload.
- ★ Engage in a program with a multi and cross-disciplinary perspective taught by industry experts and teachers who are leaders in their respective fields.

Career opportunities

The skills you develop throughout your degree will enable you to take on a range of business functions for public, private and not-for-profit organisations in Australia and around the world. Specific roles largely

depend on career ambitions and industry experience, but the program is structured to support your aspirations.

MASTER OF TOURISM, HOTEL AND EVENT MANAGEMENT

World's Top 30 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	Event management, hospitality management, hotel management, and tourism management
					UQ Graduate Certificate in Tourism, Hotel and Event Management	4.5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,288	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	

Program overview

Get set for a successful managerial career in tourism, hospitality or events. You'll benefit from UQ's extensive network of industry leaders, many of whom deliver guest lectures and share their knowledge, and you'll have the opportunity to establish contacts for the future. You will study key foundation courses to gain a comprehensive understanding of these three different industries and the wider context in which they operate. The skills you develop will be relevant to many international settings and could take you anywhere in the world.

**This program is currently under review. Please visit study.uq.edu.au for up-to-date information but note, changes may not be reflected there until late 2022.*

Fields of study

Event Management • Hotel Management • Travel and Tourism Management

Program features

- ★ UQ's field of hospitality and leisure management is ranked 27th in the world (QS World University Rankings by Subject, 2022).
- ★ UQ is the only university in Australia to offer programs with UNWTO TedQual certification. The United Nations World Tourism Organization (UNWTO) promotes responsible, sustainable and universally accessible tourism.
- ★ Undertake work-integrated learning where you will apply and develop your knowledge.

Career opportunities

Graduates typically work in roles spanning business, the arts, sports, culture and events. Specific roles largely depend on your field of study and might be found in hotels, accommodation management, national and state sporting associations, state and local government tourism, events and sport and recreation departments, the airline and cruise industries, travel organisations and with tour operators. Graduates also work in small hospitality enterprises or take on roles in general hospitality management. This program is also available as a graduate certificate.

Aakash Thottam is a Master of Business graduate. He was a 2021 valedictorian for the UQ Faculty of Business, Economics and Law and recipient of the Global Leaders Scholarship (India). "The flexibility of my degree and UQ's award winning teachers were my primary reasons to study here. The student-centred approach to learning complemented the career-focused programs that are relevant to industry. This makes UQ an attractive institution to be a part of."

Aakash is continuing his studies with a PhD at UQ Business School.

Education
35th in
the world

QS World University Rankings
by Subject, 2022

Graduates of both
Master of Teaching programs
are eligible to apply for
teacher registration with
the Queensland College
of Teachers

Students complete more
than 75 days of supervised
teaching in the classroom
with experienced teachers
as part of UQ's professional
enrichment program

UQ has been preparing teachers for the world's classrooms for more than 75 years. University study with practical school-based learning ensures graduates are well-equipped to meet the challenges of a career in education.

Education

Change or advance your career and make a difference, everyday.

Whether you want to begin your journey as a teacher or further develop your career in education, UQ offers programs that will forge your path to the most important and influential profession in the world – impacting the next generation.

Join the teachers of tomorrow – those passionate about inspiring students' love of learning – by studying one of our Master of Teaching programs (Primary or Secondary); because the children we teach today will be the leaders of communities, businesses and even countries tomorrow.

Alternatively, take the next step in your education career and strengthen your leadership expertise with a Master of Educational Studies.

With seven fields of specialisation to choose from – Behaviour Management, Guidance, Counselling and Careers, Curriculum, Leadership, Science of Learning, Supporting Diverse Learners, or Psychology Education – this diverse career will focus on building flexible and creative ways to improve education for the future.

Careers

Over 96 per cent of UQ education graduates found employment after study (*QILT Graduates Outcomes Survey 2018-2019*). Master of Teaching students will graduate from an accredited program with eligibility for teacher registration in Queensland and beyond. Choose to become a primary or secondary school teacher, Head of Curriculum, distance education teacher, community education officer or educator. Alternatively, choose a diverse career focused on building flexible and creative ways to improve education for the future by studying a Master of Educational Studies. You will strengthen your leadership expertise and be well on the way to a career as a behaviour management counsellor, school counsellor, career development practitioner, school principal or guidance counsellor.

Our vision

is to teach you how education has changed and prepare you for the future of learning.

Study with our international award-winning lecturers who will teach you flexible and creative ways to cater for the diverse learning needs of children and young adults.

MASTER OF TEACHING (PRIMARY)

World's **Top 30** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb)	\$31,744	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) in any discipline	4.5	Your degree must have included the equivalent of at least one full year of study in areas relevant to one or more learning areas of the Australian primary school curriculum (i.e. languages other than English, civics, mathematics, English, science, history, geography, the arts, health and physical education, or technology). You will be required to submit a statement addressing non-academic criteria including your motivation and suitability for teaching. Upon application you must complete an online questionnaire to meet the non-academic entry requirement for this program.

Program overview

Designed for those with an approved undergraduate degree, you can qualify as a primary school teacher in two years. Benefit from a structure that combines the latest educational research with practical school based learning, ensuring you are job-ready. Graduate from an accredited program with eligibility for teacher registration in Queensland. This program also provides the potential to work internationally. You will be taught by national and international award-winning lecturers and be thoroughly prepared for a career in education through access to the latest innovations in teaching research.

Program features

- ★ UQ's field of education is ranked 35th in the world (QS World University Rankings by Subject, 2022).
- ★ Complete 70 days of supervised practicum supported by an expert team of university facilitators.
- ★ The Master of Teaching (Primary) is offered to students without a teaching degree.

Career opportunities

Graduates are eligible to apply for registration with the Queensland College of Teachers (QCT), as well as other authorities, to teach in schools around Australia and some worldwide. Once registered, you can work as a primary school teacher in state or independent schools in Queensland, interstate or overseas, or undertake further study to qualify as a principal, mentor, curriculum adviser, guidance or career officer, or head of department.

MASTER OF TEACHING (SECONDARY)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb)	\$31,744	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree that meets the requirements for two learning areas of the Australian schools secondary curriculum	4.5	A statement addressing non-academic criteria including your motivation and suitability for teaching. Upon application you must complete an online questionnaire to meet the non-academic entry requirement for this program.

Program overview

This program allows you to build on your experience and previous degree to qualify as a secondary school teacher in two years. You'll participate in practical, school-based learning that draws from the latest research and develop powerful teaching strategies and effective learning activities under the guidance of UQ academics. Our lecturers and tutors are award winning educators and researchers who are experts in their field. They provide regular educational policy and practice consultancy services for government departments and private organisations. This means our teaching (and your learning) is informed by the latest knowledge.

Program features

- ★ UQ's field of education is ranked 35th in the world (QS World University Rankings by Subject, 2022).
- ★ You will be confident and job-ready after completing 75 days of supervised and assessed professional experience.

Career opportunities

Graduates are eligible to apply for registration as a teacher in Queensland and to work as a secondary school teacher in state and independent schools in Australia and worldwide. With further study and experience, this program can lead to roles as a head of department, principal, guidance officer, learning

support teacher or student adviser. If you choose to undertake a specialisation in music or a language other than English (Chinese, French, German, Japanese or Spanish), there is also the opportunity to work in primary school education.

Engineering, Computer Science and IT

The world needs creative problem solvers.

Solving problems

For us, it starts with the spark. That craving you have to solve problems. It could be anything – protecting the planet, reimagining urban infrastructure, improving cyber security, or creating uncomplicated human-centred digital products. As long as it's there, we'll help you explore it – by encouraging your intellectual boldness, honing your skills and bringing out your capacity to lead others towards positive and impactful change.

Innovation

You will be taught by a mix of internationally renowned lecturers, industry professionals and leading researchers. Our programs focus on developing your understanding of the business environment so you can make better decisions in class and in your professional career. By the time you graduate, you'll possess a distinct blend of creative and practical abilities, where every decision you make is ingrained in sustainability – and benefits people and communities all over the world.

Careers

The world needs structural solutions for our expanding cities and we need computer systems to enhance the efficiency of our organisations, companies and lives.

You can find work in research, development, design, manufacturing and operations within engineering firms, IT corporations, government, companies, consultants and non-government organisations. Or you can come up with your own entrepreneurial idea and use the resources available through UQ Ventures to start your own business.

MASTER OF COMPUTER SCIENCE

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Computer science and software engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor honours degree (or equivalent) in a relevant discipline		If your bachelor honours degree was not in computer science or software engineering, you must have successfully completed at least 16 courses with computer science and/or information technology discipline content in your tertiary studies. At least 2 courses must be at an advanced level in your final year of study.	
					Bachelor honours degree (or equivalent) which includes all of the relevant course content			

Program overview

Change is the only constant in the world of computing. If you're a computing professional looking to upgrade, update or deepen your knowledge of rapidly evolving technologies – this program is for you. Whether you want to move into a leadership position or undertake an advanced research project, this program will boost your skills and enable you to gain expertise in a specialised area such as advanced computer science, software engineering, information systems, communication systems, interaction design, research and more.

Program features

- ★ **UQ's field of computer science is ranked 71st in the world (U.S. News Best Global Universities Rankings, 2021).**
- ★ **Access UQ's state-of-the-art facilities, which include more than 740 Windows, Unix and Apple workstations, 16 specialist computer labs (including 10 with 24-hour access) and a university-wide 802.11ac wi-fi network.**
- ★ **Benefit from a flexible study plan with a large number of courses to choose from. Tailor your studies to suit your interests, your industry, or your career goals.**

Career opportunities

The Master of Computer Science equips students with advanced-level knowledge and skills in relevant areas such as information systems, software engineering, distributed systems, networks, research and security. Some graduates choose to study higher degrees and go on to research positions at universities or other major research organisations. Other graduates work in industry – as analysts, engineers, administrators, developers, project managers and in specialist roles – with an increasing number of graduates employed in banking, finance and insurance.

MASTER OF COMPUTER SCIENCE (MANAGEMENT)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Computer science and software engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

This program will expand and deepen your knowledge and sharpen your business acumen so you can better create and manage great ideas. The job market is changing, the combination of technical and management skills is now a crucial requirement for candidates seeking high-level employment in the computing industry. In this program you will have the flexibility to either upgrade general computing skills, or focus on a specific area of interest such as computer science, software engineering, information systems, communication systems and interaction design. You will also undertake an advanced research project that addresses a specific topic or problem from the broad fields of electrical, computer systems or software engineering.

Program features

- ★ **UQ's field of computer science is ranked 71st in the world (U.S. News Best Global Universities Rankings, 2021).**
- ★ **Choose from nearly 50 courses.**

Career opportunities

Graduates of the Master of Computer Science (Management) are typically interested in becoming managers or entrepreneurs in the technology sector. Graduates work across a variety of fields and professions. Many graduates pursue business roles in areas including strategy, digital marketing, product

management, or consulting. Other graduates work in industry – as analysts, engineers, administrators, developers, project managers and in specialist roles – with an increasing number of graduates employed in banking, finance and insurance.

MASTER OF CYBER SECURITY

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	5	Leadership field: 2 years of supervisory / management experience	Cryptography field: degree in mathematics, statistics, computer science, physics, actuarial science or information technology. Cyber criminology field: degree in sociology, criminology, criminal justice or crime science. Cyber defence field: degree in computer science, information technology, computer engineering, mechatronic engineering, electrical and electronic engineering, mathematics or software engineering. Leadership field: degree in commerce, management, business, accounting, information technology, computer science, leadership.
					Graduate certificate or graduate diploma (or equivalent) in any discipline	5		
					A master's degree (or equivalent) in any discipline	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Leadership field: 5 years of supervisory / management experience	
					Graduate certificate or graduate diploma (or equivalent) in a relevant discipline	5		
					A master's degree (or equivalent) in a relevant discipline	5		

Program overview

To get ahead in cyber security you need more than just technical skills. This program will develop your broader strategic cyber security insight while deepening specialist skills and experience – preparing you to lead at a technological, organisational or policy level. Study specialised topics such as cryptography, cyber criminology, cyber defence and leadership to develop an understanding of the global cyber security landscape, informed by industry and government experts. You will undertake an integrated learning experience and advance your professional network by working with a cohort from diverse backgrounds in technology, business, mathematics, social science and law.

Fields of study

Cryptography • Cyber Criminology • Cyber Defence • Leadership

Program features

- ★ **This program is aligned to the National Institute of Standards and Technology's internationally recognised NICE Cybersecurity Workforce Framework – the gold-standard around the world for cyber security education and job alignment.**
- ★ **This is the first program to genuinely address the interdisciplinary nature of the field – bringing together technology, business, mathematics, social science and law to offer an integrated learning experience while also meeting the need for deep technical specialisation in one of four selected discipline areas.**

Career opportunities

Cyber security jobs are fast becoming the highest-paying jobs in the IT sector. This program aims to create specialists with a deep understanding of cyber security's impact on every aspect of modern life and

to empower cyber security leaders for a resilient, more productive digital future. You can expect to find employment in cyber defence as a vulnerability and penetration tester, incident responder, intelligence analyst or security analyst; leadership as a CIO, CISO, policy advisor, consultant, cyber security trainer or security architect; cyber criminology as a policy advisor, criminal justice, intelligence analyst or in law enforcement; or cryptography as a crypto-analyst, crypto software developer or cryptography researcher.

MASTER OF DATA SCIENCE

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Information technology, computer science, statistics, mathematics, engineering, physics, actuarial studies
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		
1.5 years (16 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline, with studies in at least 3 courses in mathematics, 2 courses in statistics or probability and 3 courses in computer sciences	5		

Program overview

The Master of Data Science is the most comprehensive degree of its kind in Australia, designed specifically to solve global contemporary big data challenges across business, social, government and health. The program is highly advanced with extensive industry contact and professional placement opportunities and offers you a cross-disciplinary education in advanced topics from computing, mathematics and statistics, as well as courses from business, finance, health or science. The graduate profile will include fundamental attributes of effective communication, creative and disruptive

thinking applied to complex problems and hands-on experience with dominant market tools in the big data space.

Program features

- ★ **UQ's field of engineering and technology is ranked 73rd in the World (QS World University Rankings, 2022).**
- ★ **Data science is one of the most in-demand professions globally. UQ has a growing network of industry partners who will ensure you receive hands-on training and experience to be job-ready and well-aligned with industry demands and expectations.**

Career opportunities

Master of Data Science graduates will be expertly prepared to work in Australia or overseas across a large number of industry sectors, government agencies and technology companies, as well as in consulting and market-research firms.

MASTER OF CHEMICAL ENGINEERING (PROFESSIONAL)

World's Top 60 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Chemical engineering, process engineering, or chemical technology and engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

The Master of Chemical Engineering (Professional) is designed to advance chemical engineers towards more senior, leadership roles in scoping and tackling the complex, interdisciplinary challenges associated with design and optimisation of industrial scale processing of raw materials into commercial products.

Discipline focused courses, coupled with a two-semester research project or industry placement will give you the confidence and capability to boldly ask questions in new and challenging ways.

You'll benefit from a program that includes a balance of business courses. You'll also develop your ability to understand, manage and deliver complex professional projects within your chosen engineering discipline.

Program features

- ★ **Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.**
- ★ **UQ's Master of Chemical Engineering (Professional) has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.**
- ★ **Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.**
- ★ **Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.**

Career opportunities

Graduates of the Master of Engineering are equipped with the specialist knowledge, technical skills and business acumen needed for leadership roles within their chosen engineering discipline. The program is a pathway to becoming an accredited engineer and opens doors to an array of industries, from consulting firms to forensic investigation companies, or working in chemical engineering areas.

MASTER OF CIVIL ENGINEERING (PROFESSIONAL)

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Civil engineering, structural engineering, or civil and structural engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

The Master of Civil Engineering (Professional) provides options for in-depth study in the broad engineering fields of structural, water and environmental, geotechnical and transportation engineering.

The program enables students to advance their existing civil engineering knowledge and skills through practice-focused and advanced technical courses coupled with experiential learning experiences. You will also work directly and intensively with academic mentors through a research project in their final year.

Program features

- ★ **Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.**
- ★ **UQ's Master of Civil Engineering (Professional) has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.**
- ★ **Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.**
- ★ **Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.**

Career opportunities

Graduates of the Master of Civil Engineering (Professional) are equipped with the specialist knowledge, technical skills and business acumen needed for leadership roles within their chosen engineering discipline. The program is a pathway to becoming an accredited engineer and opens doors to an array of industries, from consulting firms to consulting structural engineering and architectural firms, or working in civil engineering areas.

MASTER OF ELECTRICAL ENGINEERING (PROFESSIONAL)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Electrical engineering, electrical and electronic engineering, electrical power engineering, electronic engineering (not electronic information engineering), telecommunication engineering, communication engineering, and power engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

Prepare to solve global problems by advancing your skills and knowledge in electrical engineering.

The Master of Electrical Engineering (Professional) degree will develop your technical and research skills, provide a global perspective on professional engineering practice and give you the competence to identify and apply current practice to solve real-world engineering problems.

Program features

- ★ Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.
- ★ All students complete a two-semester research project as part of this program.
- ★ Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.

Career opportunities

Graduates of the Master of Engineering are equipped with the specialist knowledge, technical skills and business acumen needed for leadership roles within their chosen engineering discipline. The program is a pathway to becoming an accredited engineer and

opens doors to an array of industries, from consulting firms to forensic investigation companies, or working in areas such as electrical engineering and renewable energy.

MASTER OF MATERIALS AND MANUFACTURING ENGINEERING (PROFESSIONAL)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Materials engineering, materials science and engineering, or mechanical and manufacturing engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

The Master of Materials and Manufacturing Engineering (Professional) combines professional engineering and leadership courses with advanced technical courses in composites, materials, manufacturing and mechanics. You will develop a comprehensive understanding of new and sustainable materials and how they can be used in applications as diverse as aerospace, medical devices and novel functional applications. You'll benefit from a program that includes a balance of business courses. You'll also develop your ability to understand, manage and deliver complex professional projects within your chosen engineering discipline.

Program features

- ★ Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.
- ★ This program has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.
- ★ Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.
- ★ Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.

Career opportunities

Our graduates have the practical and advanced theoretical knowledge needed to step into roles that lead machinery development across the globe. Engineers who specialise in materials and manufacturing find employment in dynamic environments where machines are designed, developed, tested and manufactured. Manufacturing and materials engineers are employed by companies such as AlumniTech, TechExpo and Integra LifeSciences Corp.

MASTER OF MECHANICAL ENGINEERING (PROFESSIONAL)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Mechanical engineering, aeronautical engineering, aerospace engineering, mechanical and manufacturing engineering, mechanical and industrial engineering, mechatronic engineering, mechanical and automation engineering, and marine engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

The Master of Mechanical Engineering (Professional) is one of the broadest areas of engineering, covering dynamics and control, thermodynamics and fluid mechanics, structures and solid mechanics and design and manufacture. Core to mechanical engineering process is the ability to formulate a problem, identify potential solutions, analyse and model solutions and select the most appropriate solution within constraints. This approach is integrated within the program and is applicable across a range of professions, making graduates well prepared for a changing world.

Program features

- ★ Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.

- ★ This program has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.

- ★ Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.

- ★ Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.

Career opportunities

Mechanical engineers are employed in diverse industries including the automotive, aerospace, environmental, medical, power generation and building industries to name a few.

Our graduates work in design and development, testing and manufacturing, consulting firms, government agencies and educational institutions. Employment opportunities in Australia and overseas range from very large mining, refining, construction and manufacturing companies to small companies in which you might be the only engineer. Some graduates start their own companies soon after they have gained the experience required to become a Chartered Professional Engineer (CPEng).

 Placement

MASTER OF SOFTWARE ENGINEERING (PROFESSIONAL)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Software engineering and computer science
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

In a digital future, the opportunities for software are as limitless as the human imagination.

The Master of Software Engineering (Professional) provides comprehensive and in-depth knowledge in software systems and applications. As our society becomes increasingly reliant on technology, there is great demand for skilled professionals to create the necessary software and information systems to transform the way we live and work.

In this field, you will use the principles of computer design, engineering, management, psychology and sociology in small or large multinational companies.

Program features

- ★ Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.

- ★ This program has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.

- ★ Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.

- ★ Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.

Career opportunities

Accredited software engineers establish their own companies or work with large corporations in the areas of software design, development and advancement. Diverse roles are available, ranging from information security analysts, computer and multimedia programmers, through to software developers and information systems managers. Graduates also find employment as network managers with oversight of all company data including databases and storage. Software engineers are employed by leading organisations such as SAP, Oracle, IBM, eBay, LinkedIn, Google and Canon.

MASTER OF URBAN WATER ENGINEERING (PROFESSIONAL)

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINE
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	4-year bachelor's degree (or equivalent) in a relevant discipline	5	If your bachelor's degree was not awarded in a relevant discipline, you must have successfully completed specific relevant discipline content in your tertiary studies	Chemical engineering, civil engineering, environmental engineering, groundwater science and engineering, hydrology and water resources engineering, hydropower engineering, water conservancy engineering, water science and engineering, and water supply and drainage (science) engineering
					Bachelor's degree (or equivalent) which includes relevant discipline content	5		
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5		

Program overview

The Master of Urban Water Engineering (Professional) provides engineers with the integrated knowledge and skills required to grasp the whole urban water cycle and the linkages between its different aspects. The trend towards urbanisation and associated water stress in modern cities is strengthening, and as the urban centres become more densely populated this will not be reversed in the foreseeable future. Globally, there is shortage of engineers with expertise in all aspects of the urban water cycle and their reciprocal influence and integration. The program is designed to develop your technical expertise through advanced and master's level courses, and provides the opportunity to select electives to complement your discipline. This knowledge will expertly prepare graduates with the necessary skills required to solve complex engineering challenges in a changing world.

Program features

- ★ Undertake supervised projects relevant to your engineering field. You'll learn from UQ and guest academics, industry representatives, and business leaders about how to implement innovative design solutions in the real world.
- ★ This program has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.
- ★ Graduate from a professional engineering masters program and you'll have the specialist knowledge and technical skills to meet the demands of the future.
- ★ Across each field, students will develop technical and business expertise in their discipline through specialised advanced and master's level courses.

Career opportunities

Graduates of the Master of Urban Water Engineering (Professional) are equipped with the specialist knowledge, technical skills and business acumen needed for leadership roles within their chosen engineering discipline. The program is a pathway to becoming an accredited engineer and opens doors to an array of industries, from educational institutions; municipal and governmental bodies and urban utilities.

					4-year bachelor's degree (or equivalent) in engineering which includes relevant discipline content	4.5		

Program overview

Interested in strengthening your capacity to design, develop and implement complex systems and engineering projects? This program offers advanced study in a range of engineering disciplines so you can develop your expertise. The Master of Engineering Science will build on your knowledge and transform you into an engineer who can lead your company and industry into the future. You will benefit from a program that offers a flexible study plan and a large number of fields and courses to choose from, so you can tailor your studies to suit your interests, industry or career goals.

Fields of study

Bioengineering • Chemical Engineering • Civil Engineering • Electrical Engineering • Fire Safety Engineering • Materials and Manufacturing Engineering • Mechanical Engineering • Mechatronic Engineering • Software Engineering • Urban Water Engineering

Program features

- ★ UQ's field of mineral and mining engineering is ranked 4th in the world (QS World University Rankings by Subject, 2022).
- ★ UQ's field of civil and structural engineering is ranked 36th in the world (QS World University Rankings by Subject, 2022).
- ★ During your studies, you will learn in the \$135 million Advanced Engineering Building – a state-of-the-art facility and 'living laboratory' that combines teaching and research spaces.
- ★ Our engineering academics scored above world standard in the most recent Excellence in Research for Australia assessment, which means our research is world class.

Career opportunities

Graduates of the Master of Engineering Science have developed the advanced knowledge needed to cross disciplinary boundaries and undertake sophisticated and complex engineering work. Graduates not only have technical expertise, but also have a combination of business, problem-solving and interpersonal skills to understand markets and develop productive relationships with customers, suppliers, business partners and colleagues.

More information can be found on the program's webpage.
					4-year bachelor's degree (or equivalent) in engineering which includes relevant discipline content	4.5		

Program overview

How can management evolve along with the global challenges that need to be addressed by engineering? Learn how with the Master of Engineering Science (Management), which combines postgraduate studies in engineering with business, economics and management, and is designed for students wanting to progress into managerial positions within the engineering industry. This program has been developed for engineering graduates without prior formal management background and provides you with opportunities to develop business management skills, while also extending your engineering knowledge, research experience or technical expertise.

Fields of study

Bioengineering • Chemical Engineering • Civil Engineering • Electrical Engineering • Materials and Manufacturing Engineering • Mechanical Engineering • Mechatronic Engineering • Software Engineering

Program features

- ★ UQ's field of mineral and mining engineering is ranked 4th in the world (QS World University Rankings by Subject, 2022).
- ★ UQ's field of civil and structural engineering is ranked 36th in the world (QS World University Rankings by Subject, 2022).

Career opportunities

Graduates have developed the advanced knowledge needed to cross disciplinary boundaries and undertake sophisticated and complex engineering work. Graduates not only have technical expertise, but also have a combination of business, problem-solving and interpersonal skills to understand markets and develop productive relationships with customers, suppliers, business partners and colleagues.

MASTER OF INFORMATION TECHNOLOGY

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a field other than information technology, computer science, software/computer engineering, interaction design or multimedia design	5	Your bachelor's degree must not contain more than 5 information technology or computer science discipline related courses

Program overview

Do you want to build your knowledge of current and emerging IT concepts and techniques? This program will advance your skills in web and software development, information systems and research, along with other aspects of IT. The Master of Information Technology is designed for students who do not have a previous IT degree and want to enhance their current discipline areas through specialist IT knowledge. Core courses are combined with design computing team projects and a capstone research project. Both introductory and advanced electives are available in areas including programming, information systems, networks, user-centred design and more.

Program features

- ★ UQ's field of computer science is ranked 71st in the world (U.S. News Best Global Universities Rankings, 2021).
- ★ The school is home to facilities including more than 400 Windows, Unix and Apple workstations; more than 16 specialist computer labs (including 10 with 24-hour access); a university-wide 802.11ac Wi-Fi network; and dedicated IT and engineering support staff.

Career opportunities

Graduates are typically employed in areas as diverse as e-commerce, information systems, technology management, health, records management, geographic information systems and client services. Many of our graduates use their qualifications as a way of moving ahead with their careers – whatever industry they work in – or use the Master of Information Technology to further their research ambitions.

MASTER OF INTERACTION DESIGN

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a field other than interaction design, multimedia design, human computer interaction or user experience design	5	Your bachelor's degree must contain no more than 1 design or programming discipline related course

Program overview

Interaction with electronic devices through computer-based technology, networks and telecommunication, is a major part of our daily lives and will become increasingly important in the future. The emerging challenges in this radically evolving field are not solely with the nature of new technologies, but with their design. Postgraduate studies in Interaction Design at UQ will train you to understand contexts of technology use and solve usability problems. You will explore design issues related to physical and digital environments that support interaction between people and technology across multiple disciplines and specialist areas.

Program features

- ★ UQ's field of computer science is ranked 71st in the world (U.S. News Best Global Universities Rankings, 2021).
- ★ Interaction design professionals work in multidisciplinary teams to address open-ended, real-life design projects. Your program simulates this environment through studio-based and project courses.

Career opportunities

Graduates typically work across the public and private sectors. Employers include technology companies, banking and financial services, digital agencies, media companies, government agencies and health providers. Because the program has a strong emphasis on research and research skills, other students work in research or advisory positions, or choose to enrol in a Master of Philosophy or PhD program.

MASTER OF SUSTAINABLE ENERGY

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree or equivalent (in a relevant discipline)	4.5	3-5 years practical experience in a related field is preferred	Engineering, science, environmental management, economics, commerce, business, public policy, international development, energy, information technology, law, or architecture/design

Program overview

The Master of Sustainable Energy aims to equip the next generation of energy leaders, managers and decision-makers with the skills and knowledge to address global energy challenges and embrace new opportunities as the world shifts to a low-carbon energy future. As one of the few programs in the world to offer you a cross-disciplinary education with direct industry contact and practical experience, you will gain a deeper understanding and appreciation of the complex nature of energy generation, distribution and supply and the challenges of transitioning to a sustainable energy future.

Program features

- ★ **UQ's field of environmental sciences is ranked 1st in Australia and 19th in the world (QS World University Rankings by Subject, 2022).**
- ★ **Some courses involve site visits to let you see first-hand the changing landscape of energy and power generation in Australia.**
- ★ **All coursework in this program is taught in five-day intensive blocks at our St Lucia campus. Some courses also require online discussions and field trips.**

Career opportunities

Graduates of the Master of Sustainable Energy typically work in and move across a large number of industries and sectors, where they develop innovative solutions for energy problems. Many graduates study the program for professional development reasons and proceed to leadership or management positions in industry, consultancy, government, or in non-government organisations and international agencies.

MASTER OF SUSTAINABLE ENERGY (MANAGEMENT)

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$47,264	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	Engineering, science, environmental management, economics, commerce, business, public policy, international development, information technology, energy, law or architecture/design
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5	

Program overview

The Master of Sustainable Energy (Management) is designed to equip students to develop transition pathways that provide affordable, reliable and sustainable energy. The program provides students with the knowledge and skills to become future leaders with a deep understanding of energy systems, responsible business practice and ways to address threats of climate change impacts. You will undertake management courses from your first semester, which focus on enhanced management and provide you with research and communication skills. You will be working towards creating a better energy future, learning directly from leading academics, researchers and industry representatives.

Program features

- ★ **UQ's field of environmental sciences is ranked 1st in Australia and 19th in the world (QS World University Rankings by Subject, 2022).**
- ★ **Some courses involve site visits for you to experience first-hand the changing landscape of energy and power generation in Australia.**
- ★ **All coursework in this program is taught in five-day intensive blocks at our St Lucia campus. Some courses also require online discussions and field trips.**

Career opportunities

As a graduate of the Master of Sustainable Energy (Management) you will understand the complex nature of energy generation, distribution and supply; the crucial roles of finance and technology for project management and business; and the critical importance of social license for assessing the energy landscape.

Health and Medicine

Lead the world to better health.

Commitment to health

At UQ, we're committed to health in a big way. From the molecular to the macro, from the laboratory bench to the bedside and from biomedical to behavioural sciences, we seek to advance understanding, build better health services and make you a leader and innovator of the future.

Pathway to an exciting career

We offer one of the widest range of health study areas in Australia. A hands-on approach and cutting-edge research are built into our teaching, to prepare you for all types of care situations. We maintain close partnerships with major healthcare providers to inform our teaching, research and clinical engagement. Placements are important steps in your study program to expand your professional network, decide on your specialty and prepare for an exciting career.

Careers

As life expectancy increases, the need for quality healthcare professionals is also rising. The global health sector is seeking alternative models of care, making it an exciting time for a career in health.

You can become an audiologist, biomedical scientist, dentist, doctor, dietitian, physiotherapist, public health worker, nurse, speech pathologist, social worker, pharmacist or psychologist. Work in local public hospitals or private practices, or travel the world doing what you love.

MASTER OF AUDIOLOGY STUDIES

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	RELEVANT DISCIPLINES	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
2 years (32 units)	1 (20 Feb)	\$49,376	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) in a relevant discipline is recommended	Health, humanities, education, social, physical or biological sciences	Before starting placement courses, you must obtain, and thereafter hold for the duration of the program, a current First Aid Certificate (including CPR) and Blue Card. You will also be required to provide evidence that you do not carry blood-borne transmissible viruses or tuberculosis (TB) and comply with a schedule of immunisations. Further details can be found on the Placement Ready website.	30 Nov the year prior to commencement

Program overview

Audiologists play an essential role in improving hearing health and wellbeing in adults and children. Audiologists make a difference to the lives of others and are in high demand due to their specialist skills in helping people with hearing difficulties. The program integrates the theoretical foundations of audiology with practical clinical skills in preparation for a career as a clinical audiologist. You will also gain the ability to contribute to the development of clinical audiology by completing your own research.

Program features

- ★ **UQ has a dedicated Audiology Clinic where you will develop your clinical skills during your studies. You will be placed in clinics in Brisbane, Queensland**

and around Australia and it may also be possible to complete placements overseas.

- ★ **UQ is globally recognised for the quality of its audiology graduates, the commitment of its teaching staff and its strong research focus.**
- ★ **Be in demand and job-ready for employment in the high-growth audiology and speech pathology sector.**

Career opportunities

Graduates of the Master of Audiology Studies work across the private, public and not-for-profit sectors. They might work in government-funded hearing services, public and private hospitals, community health centres and agencies, rehabilitation units, preschools, kindergartens and child care centres, aged-care/high-

care facilities, private practice, and government and non-government institutions and organisations.

MASTER OF BIOSTATISTICS

World's **Top 30** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
1.5 years (24 units, part-time only)	1 (20 Feb) 2 (24 July)	\$42,576	Online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4	Allied health, applied science, behavioural and social sciences (Sociology, Psychology, Counselling), biomedical sciences, biostatistics, dentistry, development studies, education, engineering, environmental health, exercise and sport science, food science, health economics, health management, mathematics, medical sciences, medicine, nursing, nutrition, occupational health and safety, oral health, pharmacy, psychology, public health or health sciences, science, speech therapy, veterinary sciences, arts (depending on the major studied)	Sem 1: 30 Nov the year prior to commencement Sem 2: 31 May the year of commencement
					UQ Graduate Diploma in Biostatistics	4		
1 year (16 units, part-time only)	1 (20 Feb) 2 (24 July)	\$42,576	Online	Minimum, see page 98	Bachelor (honours) degree in the field of statistical sciences	4		

Program overview

If you like maths and quantitative problems and want to contribute to the advancement of research and evidence-based practice, you will be well suited to the study of biostatistics. Biostatistics is the specialised application of statistics, involving study design, data collection, data analysis and interpretation, to measure, understand and solve medical problems. The Biostatistics program is ideal if you're interested in advancing knowledge in biomedicine, public health, or the life sciences. In this program, you will develop critical analysis expertise and interpretation skills, and the ability to apply relevant research findings.

Program features

- ★ **UQ's field of public health is ranked 2nd in Australia and 24th in the world (Academic Ranking of World Universities, 2022).**
- ★ **UQ's broad field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).**
- ★ **Make the most of a program that is fully delivered online.**
- ★ **There is an ongoing shortage of biostatisticians, both in Australia and internationally.**

Career opportunities

Our graduates contribute to all fields of medical research and healthcare. If you enjoy collecting and studying information to forecast and draw conclusions, biostatistics could be your perfect health career. As

there is an ongoing shortage of skilled biostatisticians in Australia and around the world, our graduates are in high demand in the public health sector, medical research and the pharmaceutical industry. With postgraduate biostatistics qualifications, our graduates have contributed to positive change in a variety of global roles including a longitudinal study on Australian women's health, studying air quality near a bus tunnel in Seattle, and monitoring and evaluating data on infections in hospitals in the United Kingdom.

MASTER OF BUSINESS PSYCHOLOGY

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$48,944	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	2 years full-time equivalent relevant work experience at a managerial or professional level; and satisfy the Executive Dean that based on the person's academic record and relevant work experience, the person is suitably qualified for admission	Sem 1: 30 Sept of the year prior to commencement Sem 2: 28 February of the year of commencement
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$48,944	St Lucia	Minimum, see page 98	Bachelor's degree in psychology (honours I or IIA) or equivalent 4-year program from a recognised tertiary institution	Applicants also need to nominate two referees and provide a copy of their CV. Shortlisted applicants will be invited to participate in a process of selection. Completion of this program does not lead to registration as a psychologist in Australia	

Program overview

The Master of Business Psychology is designed to give students the skills required to become a consultant, specialising in the use of psychology to enhance the productivity and effectiveness of individuals, teams and organisations, and to improve quality of working life. The program provides practical skills in areas such as selection, training and development; leadership and talent management; change management; work redesign; and human factors and safety. The program is designed for people working as internal and external consultants in both the public and private sector.

Program features

- ★ **UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).**
- ★ **UQ's School of Psychology is one of the largest psychology schools in Australia.**

Career opportunities

Employees with a background in business psychology are sought after for their analytical and practical skill set, along with their theoretical understanding. Graduates can work in a range of roles, such as organisational

development and management consultants, customer service training managers, change management specialists and human factors specialists.

DOCTOR OF CLINICAL DENTISTRY

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
3 years (48 units)	1 (17 Jan)	\$76,544	Herston	Higher-than-minimum, see page 99	Bachelor's degree in dentistry (or equivalent)	2 years graduate clinical experience (full-time) and registration with the Dental Board of Australia. Entry is determined using a competitive selection process based on academic records, other postgraduate qualifications, work and research experience since graduation, commitment to the discipline and referee reports. Shortlisted applicants will be required to undertake a Clinical Assessment Program in Brisbane.	30 April the year prior to commencement

Program overview

The Doctor of Clinical Dentistry degree is designed for dental graduates to train in a specialty. The content of your program will vary depending on the field of study related to your chosen specialisation. The program will provide you with advanced understanding, diagnostic skills and clinical competence in your chosen field. You will develop an understanding of scientific methodology and the role of research in knowledge and clinical practice. You will undertake practical experience at the public dental clinics located at the purpose-built Oral Health Centre (OHC), hospitals and external healthcare facilities. The OHC is the nation's largest and most advanced tertiary oral health facility and features state-of-the-art facilities and technology.

Fields of study

Dento-Maxillofacial Radiology • Endodontics • Oral Medicine • Orthodontics • Periodontics • Prosthodontics • Special Needs Dentistry

Program features

- ★ **You will learn in the purpose-built \$138 million UQ Oral Health Centre. With more than 150 dental chairs in 11 clinics, it is the largest and most advanced tertiary oral health facility in Australia.**
- ★ **Depending on your specialisation, you will undertake placements in major hospitals and health facilities around Brisbane as a part of your training.**
- ★ **We keep student numbers low across all fields in the Doctor of Clinical Dentistry so you work in a supportive and close-knit environment.**

Career opportunities

Graduates of the Doctor of Clinical Dentistry can apply for specialist registration with the Dental Board of Australia. If you completed your undergraduate studies outside of Australia, you will also have to pass additional examinations set by the Australian Dental Council before you can apply for specialist registration in Australia. Specialist dentists typically open their

own private practice, work in an established practice, or join a partnership. Within the public sector, there are opportunities to work within hospitals, community health services or school-based dental clinics.

MASTER OF CLINICAL PHARMACY

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$49,360	Online	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent)	5	Current registration as a pharmacist in country of practice and at least 2 years full-time relevant and recent work experience	Sem 1: 31 Jan the year of commencement Sem 2: 30 Jun the year of commencement

Program overview

The Clinical Pharmacy program gives you the knowledge, skills and resources needed to advance your professional practice as a clinical pharmacist. Learn how to individualise, review and monitor a patient's medication regimen; demonstrate effective communication skills in clinical and non-clinical scenarios; critically appraise medical and pharmaceutical literature; and recognise and describe social issues relating to medicine use. You will gain insight into contemporary management strategies for pharmacy and health care, as well as explore the research and evaluation of pharmacy services and practice. This program is also available as a Graduate Certificate.

Program features

- ★ **UQ's field of pharmacy and pharmacology is ranked 30th in the world (QS World University Rankings by Subject, 2022).**

Career opportunities

Graduates are equipped with highly developed knowledge, skills and understanding of clinical pharmacy and can use their qualifications to show evidence of professional development and advanced practice for the Advanced Pharmacy Practice Framework. Career opportunities include advancement as a hospital pharmacist, accreditation to conduct home medication reviews and aged care reviews, introduction of new practices in your community

pharmacy, pharmacist-led outpatient clinics, pharmacists in GP practices, academia, pharmaceutical care and the quality use of medicines, advisers in primary health care organisations, clinical pharmacy research and pharmacy management.

MASTER OF CLINICAL PSYCHOLOGY

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
2 years (32 units)	1 (20 Feb)	\$44,688	St Lucia	Higher- than- minimum, see page 99	A 4-year bachelor's degree in psychology (minimum IIA honours) or equivalent 4-year APAC-accredited program. Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Applicants must be eligible for provisional or if applicable, full registration with the Psychology Board of Australia. Please refer to study.uq.edu.au for the application requirements.	30 Sept the year prior to commencement

Program overview

Clinical psychologists promote optimal levels of psychological functioning to decrease levels of psychological distress. They have expertise in the assessment, diagnosis, treatment and prevention of a broad range of emotional and behavioural problems, including anxiety, depression, stress, substance addiction and abuse, adjustment to physical illness, relationship difficulties and learning disabilities. This program provides you with the knowledge and professional skills in the area of clinical psychology through a combination of coursework, supervised practice and research. You will gain a foundation in the scientific bases and practice of clinical psychology and receive training in clinical practice that employs evidence-based best practice models in health and mental health settings.

Program features

- ★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).
- ★ Be confident and job-ready after you spend 1000 hours on supervised placements both in the UQ Psychology Clinics and in different healthcare settings in the community.

Career opportunities

Graduates of the Master of Clinical Psychology can apply for general registration as a psychologist in Australia and are eligible to apply for the Registrar Program through the Psychology Board of Australia. Graduates typically work in healthcare settings, such as hospitals, community and support groups, private practice, government services and health departments, mental health organisations and health clinics.

MASTER OF COUNSELLING

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS			
2 years (32 units)	1 (20 Feb)	\$28,848	St Lucia	Higher- than- minimum, see page 99	Bachelor's degree (or equivalent) in a relevant discipline	You must submit a CV and personal statement with your online application. Applicants are required to undertake two pieces of assessment; this assessment will take the form of a short-written piece and a recorded oral presentation. Demonstrated prior learning in the social and behavioural sciences or relevant disciplines. Offers will be made on academic achievement, curriculum vitae, personal statement and assessment items	Social and behavioural sciences (social work, psychology, social welfare, behavioural studies, human services, nursing, therapies, medicine, or related fields)	*30 Sept the year prior to commencement *(check www.study.uq.edu.au for the most up-to-date information)	

Program overview

Become an accredited counsellor with the in-depth knowledge and practical skills to help people who are struggling. Taught in collaboration with UQ's School of Psychology, this program is one of the largest in Australia and has a strong focus on counselling and applied psychotherapy strategies to enhance outcomes for clients struggling with a range of challenges. You will develop knowledge, skills and competencies for professional practice in counselling and be able to competently support individuals, couples, families and groups in the community. You will learn from leaders in the field of counselling and psychotherapy. The program adopts an integrative theoretical and practical focus. While on placement you will undertake a major project, providing an opportunity to apply counselling theory, knowledge and skills to clients.

Program features

- ★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).
- ★ You will be confident and job-ready with more than 360 hours of supervised clinical placements.
- ★ The program focuses on integrating theory with practical, hands-on skill development. You'll learn flexible ways to adapt your practice to the uniqueness of your specific clients.

Career opportunities

Graduates typically work in human-service settings such as health, welfare, community services, human resources and personnel management, and private practice. Graduates work with individuals, families, groups and communities in a number of different settings in order to address issues like loss and grief, mental health and well-being, violence, sexual abuse,

drug and alcohol problems, relationship issues, crisis, working with children, medical diagnoses and health challenges.

MASTER OF DIETETICS STUDIES

World's **Top 3** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
1.5 years (24 units)	1 (20 Feb)	\$49,376	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) in a different discipline	Applicants must have an approved degree and have completed tertiary studies in biochemistry, physiology and nutrition to meet the national standards accreditation requirements for dietetics	31 Oct the year prior to commencement

Program overview

An increased awareness of the importance of food and nutrition to health and disease prevention has led to growing demand worldwide for qualified dietitians. The Master of Dietetics Studies prepares you for eligibility as an Accredited Practising Dietitian with Dietitians Australia. You will gain the practical skills and knowledge needed to apply the art and science of human nutrition to the prevention and treatment of medical conditions, such as diabetes, obesity and infectious diseases. You will develop the skills and knowledge to help people understand food and health relationships, enabling them to make better food choices to get the most out of their lifestyles.

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2022).
- ★ Undertake approximately 850 hours of supervised clinical practice in hospitals, community centres, aged care facilities, food industry and other organisations.

Career opportunities

Graduates typically work across the public, private and not-for-profit sectors as clinical dietitians, community nutritionists, public health nutritionists, sports dietitians, food industry dietitians, researchers and food service administrations.

MASTER OF ENVIRONMENTAL HEALTH SCIENCES

World's **Top 30** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$36,432	St Lucia, Gatton, Herston, PACE, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4	12 months full-time equivalent work experience in an environmental health-related setting	Nursing, paramedicine, environmental technology, medicine, environmental management, public health management, environmental science, science, health sciences
					Bachelor's degree (or equivalent) in a different discipline	4		
					UQ Graduate Certificate in Environmental Health Sciences	4		
					UQ Graduate Diploma in Environmental Health Sciences	4		

Program overview

UQ's Master of Environmental Health Sciences will equip you with the knowledge and skills to identify and resolve complex environmental health risks and promote greater public health. You will learn to identify, assess and communicate about environmental health risks to a range of audiences across the private sector, government and general public. Develop the skills to influence, advocate for and manage effective public health responses. Qualifications in Environmental Health Sciences available at graduate certificate, diploma and master levels.

Program features

- ★ UQ's field of public health is ranked 2nd in Australia and 24th in the world (Academic Ranking of World Universities, 2022).
- ★ UQ's field of environmental sciences is ranked 19th in the world (QS World University Rankings by Subject, 2022).
- ★ An evidence-based program draws on UQ's connections with organisations such as enHealth, the World Bank and the World Health Organization.
- ★ Flexible delivery options allow you to choose what suits you best, including full-time, part-time or online.

Career opportunities

The master's program will prepare you for a variety of roles and responsibilities across many employment sectors. Graduates will enjoy opportunities in government, not-for-profit and private sector industries, including food safety, environmental health and sustainability, regulatory science, health promotion and policy development.

MASTER OF EPIDEMIOLOGY

World's **Top 20** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb)	\$35,008	Herston, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	1 year full-time work experience in a healthcare, public health or research setting, as approved by the Executive Dean	Biomedical sciences, biostatistics, development studies, environmental health, science, food science, health economics, occupational health and safety, health sciences, science, veterinary sciences, or one of the healthcare medical or allied health professions
					Bachelor's degree (or equivalent) in any discipline	5		
					UQ Graduate Diploma in Epidemiology	-		

Program overview

To meet growing industry demand for health practitioners with specialist qualifications in the core public health discipline of epidemiology, the Master of Epidemiology has been designed to give you advanced skills in epidemiology, biostatistics and health research methods. You will gain strong methodological skills and enjoy the flexibility to tailor your learning to best reflect your own interests and professional aspirations. The program offers the choice of one field of study from either Clinical Epidemiology or Standard Epidemiology. Clinical Epidemiology applies to clinical practice, patient care and health settings. The Standard field focuses on epidemiology and a range of different population groups. If you

are curious, enjoy maths and science and want a career where you can make a difference, a degree in Epidemiology may be for you.

Program features

- ★ UQ's field of infectious diseases is ranked 28th in the world (U.S. News Best Global Universities Subject Rankings, 2021).
- ★ UQ's field of public health is ranked 2nd in Australia and 24th in the world (Academic Ranking of World Universities, 2022).
- ★ UQ's School of Public Health lecturers work on major public health projects with partners like the Wellcome Trust, the Bill & Melinda Gates Foundation, the Institute for Health Metrics and Evaluation, Harvard University, and the Swiss Tropical and Public Health Institute.

Career opportunities

The Master of Epidemiology is usually undertaken for professional development reasons – career progression, updating knowledge, or broadening areas of expertise. Graduates typically work across the public, private and not-for-profit sectors, both in Australia and internationally. They may work in areas including education, medicine, health, public health, government, or clinical research.

MASTER OF MEDICINE (SKIN CANCER)

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
2 years (16 units, part-time only)	1 (20 Feb) 2 (24 July)	\$21,288	Online	Higher-than-minimum see page 99	Degree in medicine	At least 2 years full-time post-qualification clinical practice	Sem 1: 31 Jan the year of commencement Sem 2: 30 Jun the year of commencement

Program overview

The Master of Medicine (Skin Cancer) is an online coursework program designed to give flexible training in the biology, diagnosis and principles of the management of skin cancer. Throughout this two year part-time program, you'll gain specialised knowledge and consolidate your skills in the fields of clinical and dermatoscopic diagnosis and managing skin malignancies. It is suitable for medical practitioners wanting to enhance their skills and knowledge in this area of practice.

Field of study

Skin Cancer

Program features

- ★ UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).
- ★ This program is suitable for general practitioners and other medical practitioners treating skin cancer including surgeons, dermatologists and oncologists.
- ★ Benefit from our world-leading skin cancer research.
- ★ This online program has a flexible structure that can fit around busy schedules.

Career opportunities

There is a shortage of health practitioners with expert knowledge of skin cancer. With skin cancer being one of the most common forms of cancer and with

incidence increasing, the need for skilled diagnosis and treatment is growing. For those interested in pursuing fellowship it helps prepare the theoretical aspects of skin cancer practice. The options to study epidemiology, research and health promotion electives extends opportunities for progression into a higher degree by research and/or into the area of skin cancer related health policy and promotion.

DOCTOR OF MEDICINE

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
4 years (64 units)	1 (late Jan)	\$85,024	St Lucia, Herston, clinical schools in and outside Brisbane	Higher-than-minimum, see page 99	Key degree	5	Applicants need to sit the Graduate Australian Medical School Admission Test (GAMSAT) gamsat.acer.org and achieve a minimum score of 50 in each section OR North American Medical College Admission Test (MCAT) with minimum total of 504. Eligible applicants will be invited to participate in an online multiple mini interview (MMI) based on their GAMSAT/MCAT ranking, GPA and places available. Offers for a place will be made based on the number of places available and the applicant's final ranking based on the combined score of MMI, unweighted average GAMSAT or MCAT score and GPA. Students must have completed two subject prerequisites before commencing the program. Visit medical-school.uq.edu.au/current-students/doctor-medicine-students/compulsory-program-requirements	Applications are open from April each year and are waitlisted once full. Interviews will be held in July, August and September.

Program overview

From 2023, UQ is offering the new Doctor of Medicine. Apply for this exciting four-year, full-time graduate program through the provisional entry pathway or as a graduate entrant. Our vision is to nurture and educate future medical graduates who are clinically excellent, team players, kind and compassionate, serve responsibly and are dedicated to the continual improvement of the health of people and communities in Queensland, Australia and across the globe. Start in year 1 with the foundations of medicine, learning fundamental concepts of medical sciences, clinical and professional skills and the role of the doctor and the health system. Year 2 will concentrate on developing the knowledge and skills required for medical practice, with a focus on the pathophysiology of common conditions. Almost half of your learning will be in clinical settings in year 2. From year 3, you will be immersed

in various clinical environments – both in hospital and the community. Your learning will be grounded in the clinical 'workplace' setting, supported by structured teaching and learning activities. This clinical immersion will culminate in a 'transition to practice semester' in year 4 which will provide you with the opportunity to be an active pre-intern member of a clinical team.

Program features

- ★ UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).
- ★ Internationally recognised, enabling graduates to practice in many countries around the world.
- ★ You will benefit from early patient contact and training in clinical reasoning and research.
- ★ We are committed to incorporating research into your medical degree.

Career opportunities

Graduates are ready to work as registered doctors and undertake further training in any speciality of clinical practice. For example, general practice, internal medicine, surgery, paediatrics, psychiatry, obstetrics and gynaecology, emergency medicine and critical care, across the geographic continuum from urban to remote communities.

MASTER OF MENTAL HEALTH

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS
1.5 years (24 units)	1 (20 Feb)	\$34,960	Herston	Higher-than-minimum, see page 93	Bachelor's degree (or equivalent) in a health, social work or relevant discipline Bachelor's degree (or equivalent) in any discipline UQ Graduate Certificate in Mental Health UQ Graduate Diploma in Mental Health	1 year full-time (or equivalent) work experience in a mental healthcare setting 2 years full-time (or equivalent) work experience in a mental health setting 5 years full-time (or equivalent) work experience in a mental health setting

Program overview

Develop the practical experience, knowledge, skills and attitude you'll need to thrive as a contemporary mental health professional. The Master of Mental Health provides systematic training designed to develop knowledge, skills and attitudes that will prepare you for contemporary mental health practice. You will receive advanced training in a variety of evidence-based interventions and the theoretical principles that underpin them. You have the opportunity to undertake both structured and independent learning assignments and study in a flexible environment.

Fields of study

Art Therapy • Psychotherapy

Program features

- ★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).
- ★ This program's flexible learning activities may consist of online readings, online discussions or intensive workshops (eight days per semester), so you can still meet your other commitments.
- ★ For the Art Therapy field of study you will complete 800 hours of clinical placement throughout the program and receive a high degree of professional supervision.

Career opportunities

As a graduate, you will have advanced skills and understanding in mental health for roles such as senior clinical, management, policy and planning mental health positions in both clinical and non-clinical settings.

MASTER OF NURSING STUDIES

World's Top 5 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
2 years (32 units)	1 (20 Feb)	\$36,256	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) which includes relevant discipline content	Completed one university-level course in biological science, chemistry or physics. Prior study must have been completed within the last 10 years including postgraduate study following the qualifying undergraduate degree. Before starting placement courses, you must obtain, and thereafter hold for the duration of the program, a current First Aid Certificate (including CPR) and Blue Card. You will also be required to provide evidence that you do not carry blood-borne transmissible viruses or tuberculosis (TB) and comply with a schedule of immunisations. Further details can be found on the Placement Ready website.	30 Nov the year prior to commencement

Program overview

The Master of Nursing Studies has been specifically designed to prepare you for work as a registered nurse within two years of study. In this program, you will apply clinical-reasoning skills in your nursing practice, be able to work effectively in interprofessional teams to promote quality health outcomes for clients in your care and provide high-quality client-centred care through safe and effective nursing practice developed to meet Nursing and Midwifery Board of Australia's Registered Nurse Standards for Practice. You'll learn the most relevant theories and the latest skills from health and nursing professionals, and you'll benefit from a program that takes a problem-based approach to learning and integrates classroom-based study with clinical practice. All problem-based learning tutorials, clinical simulation and clinical placement will take place at partner sites.

Program features

- ★ UQ's field of nursing is ranked 5th in the world (ShanghaiRanking's Global Ranking of Academic Subjects, 2022).
- ★ Be confident and job-ready when you spend 880 hours on clinical practice during your program.
- ★ During your first year you will undertake morning and evening shifts at one of Brisbane's major teaching hospitals.

Career opportunities

As a registered nurse, you will be qualified to work in a variety of public or private healthcare settings, academia and teaching, research, aid organisations and the defence force. Careers and specialties include aged care, cardiac or critical care, day surgery or domiciliary, drug and alcohol, Indigenous health,

infectious disease, medical/surgical, oncology, and paediatrics and child health.

MASTER OF OCCUPATIONAL HEALTH AND SAFETY SCIENCE

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			ADDITIONAL REQUIREMENTS
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in science, engineering or health sciences	4	Two or more first-year, university-level science courses that cover human anatomy, human physiology, organic chemistry, inorganic chemistry and/or physics

Program overview

It's been estimated that every 15 seconds, a worker dies from a work-related accident or disease. Occupational health and safety (OHS) is a crucially important field, which is rapidly growing and offers excellent employment opportunities. This program will give you the knowledge, practical skills and professional attributes to provide greater protection to workers in every sector. You will learn about industry hazards (chemical, physical, mechanical, biological and psychosocial) within the context of the OHS disciplines of occupational hygiene, ergonomics, occupational health, safety science and risk management. In this program you'll apply theory to practice, build your industry contacts and extend your independence as a researcher through a one semester industry research project.

Program features

- ★ UQ ranks 1st in Australia and 19th in the world for environmental sciences (QS World University Rankings by Subject, 2022).
- ★ UQ's program is accredited by the Australian Occupational Health and Safety Education Accreditation Board.
- ★ Courses include industry placements, practical sessions, worksite visits and industry projects, so you can apply what you're learning to current problems.

Career opportunities

With a shortage of qualified OHS professionals, particularly those with a degree based in science, our Master of Occupational Health and Safety Science graduates have a lot of options. You'll graduate ready

to work in Australia and internationally, and across all industries, including mining, agriculture, retail, hospitality, construction, transport, manufacturing, health care, government, private sector or consultancy.

MASTER OF OCCUPATIONAL HYGIENE

World's Top 20 

DURATION	START SEMESTER	2023 FEE (YE3R 1)	CAMPUS	ENTRY REQUIREMENTS			ADDITIONAL REQUIREMENTS
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree in science, engineering or health sciences	4	Two or more first-year, university-level science courses that cover human anatomy, human physiology, organic chemistry, inorganic chemistry and/or physics

Program overview

Help create healthier workplaces by managing health hazards in any industry. Designed for science, engineering and health science graduates, this specialist program will build on your scientific background, focusing on the practical skills and knowledge you will need to manage the health impacts of work environments. Learn about the consequences of exposure, how to quantitatively measure them, and what controls are required to reduce risk. Complete an industry-based occupational hygiene research project, and develop the technical and managerial skills you need to be work-ready and in-demand when you graduate.

Program features

- ★ Learn from leading OHS experts in Australia in a program developed in response to industry demands.
- ★ Graduates are eligible for membership with the Australian Institute of Occupational Hygienists (AIOH).
- ★ Learn through guest lectures, hands-on tutorials, interactive field and lab-based activities, practical sessions, site visits and industry placements, mentoring and research projects.

Career opportunities

Good occupational hygiene is good for business. Occupational hygienists are in-demand in a wide-variety of industries, both in Australia and internationally.

Graduates are suitable for roles as occupational hygiene technicians or occupational hygienists across a range of industries including mining, agriculture, construction, manufacturing, oil and gas, health care, government, private sectors, and consultancy.

MASTER OF OCCUPATIONAL THERAPY STUDIES

World's **Top 30** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
2.5 years (40 units)	2 (24 July)	\$49,376	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent)	Completed university-level studies in human anatomy, human physiology, and introductory psychology	Health, education and social, physical or biological sciences	30 Apr the year of commencement

Program overview

Occupational therapists help people of all ages improve their quality of life and overcome factors which affect their everyday activities. You will learn to use assessment and treatments to develop, recover or maintain the daily living and work skills of people affected by injury or illness, psychological or emotional difficulties, developmental delays or ageing. As an occupational therapist, you will work with clients to identify and eliminate environmental barriers to independence and participation in daily activities. You will do this through a range of treatment strategies designed to enhance the client's ability, such as modifying the task or environment, skill development and/or education. You will receive an overview of how environmental factors in our society – such as legislation, public and private policies and programs, and attitudes – contribute to people's experiences of inclusion and discrimination.

Program features

- ★ UQ's field of anatomy and physiology is ranked 27th in the world (QS World University Rankings by Subject, 2022).
- ★ UQ has a dedicated occupational therapy clinic and simulated hospital ward where you will develop practical skills during your studies (as well as in hospitals, schools or private practices during placements).
- ★ Build on your undergraduate degree and qualify as an accredited Occupational Therapist in just 2.5 years.

Career opportunities

Graduates of the Master of Occupational Therapy Studies are in high demand across the public, private and not-for-profit sectors, both in Australia and internationally. They may work in public and private hospitals, community health services, rehabilitation units (medical, psychiatric and vocational), primary and secondary schools, private practice, industry and

government institutions, residential aged care, mental health services, services providing development and training for persons with a social, intellectual or physical disability, tertiary education and research institutions.

MASTER OF ORGANISATIONAL PSYCHOLOGY

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
2 years (32 units)	1 (20 Feb)	\$44,688	St Lucia	Higher-than-minimum, see page 99	A 4-year bachelor's degree in psychology (minimum IIA honours) or equivalent 4-year APAC-accredited program. Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Applicants must be eligible for provisional or if applicable, full registration with the Psychology Board of Australia. Please refer to study.uq.edu.au for the application requirements	30 Sept the year prior to commencement

Program overview

In this program, we focus on current issues confronting and changing the way work is managed, organised and conducted, and the theoretical and practical approaches that organisational psychologists can use to enhance quality of work life for employees and improve organisational effectiveness. The Master of Organisational Psychology will develop your professional skills within a broad range of strategic and functional areas, including personnel selection, training and development, work design, leadership, and organisational development and change. You can expect to be involved in a diverse range of projects, such as large-scale cultural-change projects, the design and implementation of psychometric screening processes for employment purposes, high-volume recruitment and selection for large recruitment firms, and training design and delivery.

Program features

- ★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).
- ★ During your studies, you will complete four practicum courses where you will get to apply and develop your knowledge, skills and professional ethics and attributes.
- ★ Join the largest school for psychology in Australia, globally recognised as a centre of excellence for business and organisational psychology.

Career opportunities

As a graduate, you can work in varied and challenging roles in business, the public sector and the community. The main areas for employment include academic teaching and research; job design, ergonomics, measurement and evaluation; organisational development and change; recruitment and selection;

and training and development. For more information about employment opportunities see the Australian Psychological Society at psychology.org.au.

GRADUATE CERTIFICATE IN PHARMACY PRACTICE

World's **Top 30** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
2 years (8 units, part-time only)	1 (20 Feb) 2 (24 July)	\$12,340	Online	Higher-than-minimum, see page 99	A bachelor of pharmacy or equivalent from Australia or New Zealand and completion of the Australian Pharmacy Examining Council requirements	4	All applicants must be eligible for registration as an intern pharmacist with the Pharmacy Board of Australia	Sem 1: 31 Jan the year of commencement Sem 2: 30 Jun the year of commencement

Program overview

Deepen your understanding of contemporary pharmacy practice and gain specialised skills to enhance your career opportunities. This industry relevant program provides intern pharmacists with specialised training and skills in pharmacy practice. The program combines academic excellence with pharmacy practice to provide intern pharmacists the opportunity to gain a formal postgraduate qualification. The program has been developed not only to address the competence required by the Pharmacy Board of Australia standards, but with a focus on a program that is relevant to contemporary pharmacy practice.

Program features

- ★ **UQ's field of pharmacy and pharmacology is ranked 30th in the world (QS World University Rankings by Subject, 2022).**
- ★ **This program is developed, delivered and supported by a team of community and hospital pharmacists with extensive practice experience, which allows interns to leverage the expertise of a wide range of pharmacist practitioners.**

Career opportunities

A formal postgraduate qualification makes sure graduates are well placed to find work in an increasingly competitive market. This program provides graduates with credit towards postgraduate clinical pharmacy programs at UQ.

MASTER OF PHYSIOTHERAPY

World's **Top 3** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
1.5 years (16 units, with both part-time and full-time components)	1 (20 Feb)	\$49,376	St Lucia, online	Higher-than-minimum, see page 99	A degree in physiotherapy as well as 2 years full-time relevant professional experience and evidence of continuing professional education; or equivalent qualifications and experience. Entry is competitive based on GPA. Shortlisted candidates are required to undertake an interview.		For the Field of Study component of the program (Year 2), students are required to hold limited registration or if applicable, full registration with the Physiotherapy Board of Australia, which includes by law the Board's English Language Proficiency requirements	Sem 1: 31 Oct the year prior to commencement

Program overview

The Master of Physiotherapy is designed for physiotherapists wanting to gain advanced skills in musculoskeletal physiotherapy or sports physiotherapy. In this program, you'll gain a deep understanding of evidence-based practice, biological and medical sciences, pain and disability, and therapeutic exercise. You'll develop in-depth knowledge and advanced clinical skills which will enable you to critically evaluate and contribute to research in your clinical specialisation. You'll also have the option to obtain a second master's degree in the alternate field of study through an additional semester of full-time coursework. Both specialisations have an extensive clinical placement component where you'll practice under the supervision of dedicated specialist clinical educators.

Fields of study

Musculoskeletal Physiotherapy • Sports Physiotherapy

Program features

- ★ **UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2022).**
- ★ **Enjoy a flexible program that offers multiple delivery options including part-time, on campus and online courses. You'll finish your final four courses on-campus in just one semester (full-time) or across two semesters (part-time).**
- ★ **Upskill and specialise by gaining extra qualifications to broaden your knowledge and career – specialise in musculoskeletal or sports physiotherapy, or extend your study to obtain qualifications in both.**
- ★ **Learn from award-winning physiotherapy educators and researchers.**
- ★ **Develop your clinical expertise through supervised placements at UQ's musculoskeletal and sports physiotherapy clinics.**

Career opportunities

The Master of Physiotherapy is usually undertaken for professional development reasons – for career progression or advancing clinical practice. Depending on which field you choose, you could be on your way to a career as a musculoskeletal physiotherapist or sports physiotherapist.

MASTER OF PHYSIOTHERAPY STUDIES

World's Top 3 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS			
2 years (40 units, intensive mode)	Summer (28 Nov)	\$61,720	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) in a relevant discipline	You must have completed prerequisite courses in human anatomy, human physiology and psychology. Before starting placement courses, you must obtain, and thereafter hold for the duration of the program, a current First Aid Certificate (including CPR) and Blue Card. You will also be required to provide evidence that you do not carry blood-borne transmissible viruses or tuberculosis (TB) and comply with a schedule of immunisations. Further details can be found on the Placement Ready website.		Allied health, human movement science, physical or biological sciences	31 Aug the year of commencement

Program overview

Physiotherapists reduce pain, restore function, improve mobility and prevent injury through rehabilitation of individuals with injury, disease, older age or atypical development. The Master of Physiotherapy Studies program will equip you with the theoretical knowledge, skills and professional attributes necessary for a career in physiotherapy in a wide range of contexts with an internationally recognised qualification. You will develop an understanding of the principles of scientific method, critical analysis and research design, and apply them to professional practice.

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2022).
- ★ UQ's field of anatomy and physiology is ranked 27th in the world (QS World University Rankings by Subject, 2022).

★ The Master of Physiotherapy Studies is designed as an intensive program, where you complete three semesters every year with a small group of students from diverse backgrounds.

★ Be confident and job-ready when you undertake extensive supervised clinical placements across your program, including at onsite physiotherapy clinics.

★ Graduates of this program have excellent employment rates and commonly work internationally as physiotherapists in a range of countries including Canada, Singapore, Hong Kong (SAR) and the UK.

Career opportunities

Graduates of the Master of Physiotherapy Studies typically work in private practice; public and private hospitals; community health centres and agencies; rehabilitation units; schools; and sporting

organisations. Other graduates choose to undertake further study and go on to specialise in a specific area of physiotherapy (e.g. sports, musculoskeletal, paediatrics, women's and men's health, orthopaedics); or undertake research.

MASTER OF PSYCHOLOGY

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
2 years (32 units)	1 (20 Feb)	\$44,688	St Lucia	Higher-than-minimum, see page 99	An approved 4-year bachelor degree in psychology (I or IIA honours) or an equivalent 4-year program accredited by the Australian Psychology Accreditation Council (APAC). Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Applicants must be eligible for provisional or if applicable, full registration with the Psychology Board of Australia. Please refer to study.uq.edu.au for the application requirements.		30 Sept the year prior to commencement

Program overview

The Master of Psychology will give you skills and knowledge required to practise competently within the psychology profession across a range of roles. You may choose to specialise in counselling psychology, health psychology or sport and exercise psychology. You will learn core professional skills such as psychological assessment, intervention and ethical practice, and content relevant to your specialisation. The program offers you advanced coursework in your chosen stream of psychology, as well as specialist and generalist placements – supervised by highly experienced accredited psychologists.

Fields of study

Counselling • Health • Sport and Exercise

Program features

★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).

★ You will have the opportunity to develop your skills and apply your knowledge through 1000 hours of supervised clinical practice in not-for-profit, community service and private practice organisations.

Career opportunities

Employment opportunities vary according to your specialised area. Graduates will find employment in the private practices, with government and non-government organisations, in hospital settings and specialised institutes. Areas include helping individuals, families, groups and corporations

counselling psychology, health psychology and sport and exercise psychology.

DOCTOR OF PSYCHOLOGY

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
4 years (64 units)	1 (20 Feb)	\$44,688	St Lucia	Higher-than-minimum, see page 99	A 4-year bachelor's degree in psychology (honours I or IIA) or a combination of an approved 4-year degree in psychology and an approved master's degree. Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Applicants must be eligible for provisional or if applicable, full registration with the Psychology Board of Australia. Please refer to study.uq.edu.au for the application requirements	30 Sept the year prior to commencement

Program overview

This program is intended for those students who aspire to excellence and leadership in the profession of clinical psychology. The program includes professionally-oriented coursework and specialist placements through which you can develop advanced knowledge and skills in clinical psychology. The program also involves a substantial empirical research thesis, which provides an opportunity for you to develop advanced skills in clinical psychology research and evaluation. You can choose to develop skills as a generalist clinical psychologist or specialise in particular areas of clinical practice.

Fields of study

Clinical Neuropsychology and Clinical Psychology • Clinical Psychology • Clinical Psychology and Clinical Geropsychology

Program features

- ★ UQ's field of psychology is ranked 32nd in the world (QS World University Rankings by Subject, 2022).
- ★ During your studies you will complete at least 1500 hours of supervised practice.

Career opportunities

Graduates can apply for general registration as a psychologist in Australia and are eligible to apply for the Registrar Program through the Psychology Board of Australia. Graduates typically take leadership roles in healthcare settings across the public, private and not-

for-profit sectors, including hospitals, community and support groups, private practice, government services and health departments, mental health organisations, health clinics, rehabilitation centres and aged-care facilities.

MASTER OF PUBLIC HEALTH

World's Top 30 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$35,632	Herston, online	Minimum see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4	–	Behavioural and social sciences, biomedical sciences, biostatistics, dentistry and oral health, development studies, environmental health, exercise and nutrition sciences, exercise and sport science, food science, health economics, health management, medicine and medical sciences, nursing, nutrition, occupational health and safety, occupational therapy, pharmacy, physiotherapy, public health or health sciences, science, speech therapy, veterinary sciences
					Bachelor's degree (or equivalent) in any discipline	4	1 year full-time work experience in a healthcare setting	
					UQ Graduate Certificate in Public Health	4	–	
					UQ Graduate Diploma in Public Health	4	–	

Program overview

Public health focuses on preventing disease, prolonging life and promoting healthy lifestyles and offers a rewarding career that suits health professionals from a range of backgrounds. Our Public Health program will prepare you with knowledge and skills to define, critically assess and resolve public health problems. You'll learn how to act on contemporary health concerns such as COVID-19, diabetes, obesity, HIV/AIDS and injury prevention, as well as traditional concerns such as under-nutrition and communicable diseases. If you are curious, enjoy solving problems and have a desire to make an impact on the health of communities and populations, a degree in public health may be for you.

Note: All fields of study are a mixture of internal and external delivery, with all core courses being offered internally and externally. If you wish to complete the program either entirely by internal or external delivery the choice of courses is more limited.

Fields of study

Alcohol, Tobacco and Other Drugs • Global Health • Health Promotion and Disease Prevention • Indigenous Health • Nutrition • Standard

Program features

- ★ UQ's field of public health is ranked 2nd in Australia and 27th in the world (Academic Ranking of World Universities, 2022).
- ★ UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).
- ★ This program is the first in the Asia-Pacific region to achieve Curriculum Validation from the Agency for Public Health Education Accreditation, which confirms the curriculum adheres to European standards and contains the structure and core content expected from a comprehensive Master of Public Health.

Career opportunities

This program is usually completed by health professionals who want to move into public health, mid-career health professionals who want to advance their careers, or clinicians who want to broaden their range of expertise with a population-level focus on health and management. Careers in public health are diverse and graduates work across the public, private and not-for-profit sectors. Roles might include medical and health services manager, health promotion officer, community health worker, public health analyst, program support officer, environmental health officer, policy analyst, health administrator, or researcher.

MASTER OF SOCIAL WORK STUDIES

World's Top 30 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
2 years (32 units)	1 (20 Feb)	\$29,056	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent) in a relevant discipline	4	At least one year of full-time (or part-time equivalent) demonstrated study in social and behavioural sciences	30 Nov the year prior to commencement

Program overview

Social work is an exciting and rewarding career for those interested in working with people and addressing social and community issues and problems. The program will provide you with a professional qualification as a social worker, so that you can play a key role in contributing to a society based on social justice and in alleviating disadvantage. Through this program, you will learn how to stimulate action and intervene to change the social circumstances of individuals, families, groups and communities who are socially excluded. You will also work to reduce personal pain and distress and provide direction for individual development and control over life situations for your clients.

Program features

- ★ UQ's field of social sciences and public health is ranked 26th in the world (U.S. News Best Global Universities Subject Rankings, 2022).
- ★ You will undertake 1,000 hours of supervised practical placements in a variety of organisations including not-for-profit, community service organisations and private practice.
- ★ Students will engage in simulated learning opportunities to prepare for practice across complex and dynamic environments.

Career opportunities

Graduates work across the public, private and not-for profit sectors. Employment opportunities are diverse and graduates may find themselves working in any number of areas, including family support, disability

services, Aboriginal and Torres Strait Islander agencies and community development, correctional services, health services, drug and alcohol clinics, mental health, private practice, migrant and refugee services, child protection, youth work and youth justice.

MASTER OF SPEECH PATHOLOGY STUDIES

World's Top 30 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
2.5 years (40 units)	2 (24 July)	\$49,376	St Lucia	Higher-than-minimum, see page 99	Bachelor's degree (or equivalent)	Completed university level studies in statistics and one of either linguistics, psychology or physiology. Before starting placement courses, you must obtain, and thereafter hold for the duration of the program, a current First Aid Certificate (including CPR) and Blue Card. You will also be required to provide evidence that you do not carry blood-borne transmissible viruses or tuberculosis (TB) and comply with a schedule of immunisations. Further details can be found on the Placement Ready website.	30 Apr the year of commencement

Program overview

This program equips graduate entry students with the theoretical knowledge, professional attributes and clinical and research skills necessary for professional careers in speech pathology. You will learn more about the communication skills of young children and adults across the lifespan. You'll learn how to interview, assess, diagnose and treat a variety of clients with communication issues, ranging from speech impairments to problems with voice control, language, fluency, swallowing and eating.

Program features

- ★ UQ's field of anatomy and physiology is ranked 27th in the world (QS World University Rankings by Subject, 2022).

- ★ You will participate in clinical experiences from your very first semester of study, including simulated learning experiences and a range of clinical placements in metropolitan, regional and rural settings.
- ★ UQ has its own Speech Pathology Clinic where you will develop your professional competency during your studies.

Career opportunities

There are many career options in Australia and internationally for qualified speech pathologists, including work in community health centres and agencies; rehabilitation units; public and private hospitals in generalist, paediatric, geriatric, trauma and oncology-related roles; preschools, kindergartens and child care centres, including treating hearing impairment and/or intellectual disabilities; aged care/high-care facilities; private practice; and government and non-government institutions and organisations.

 Additional costs

"I ultimately chose speech pathology because I had a prior internship in the field that I absolutely loved. I also felt that communication is essential to our identity as human beings and what better job to have than the ability to help people regain communication when it is lost. I really enjoyed the clinical aspect of my program because it gave me a glimpse into what I would be doing as a speech pathologist. The Master of Speech Pathology Studies is intensive, but achievable. I feel like I have learnt directly from the source, as many of my lecturers are well-known in research."

Samantha Morgan, USA

Program overview

There is high demand for innovative and well-informed sports coaches with widely recognised qualifications in all sectors of domestic and international sport. Elite coaches, expert academics and world-leading researchers have combined their knowledge and skills in forging this unique and engaging program that offers the latest and most innovative theory and practice in sport coaching. You will engage in tailored learning experiences, applied across biophysical (e.g. recovery, program management, rate limiters) and socio-cultural (e.g. quality coaching practices, emotional regulation and cultures of excellence) aspects of coaching. This program provides practicing coaches with the opportunity to enhance and

develop their professional practice and support their performance in the world of sport coaching. This program is also available as a Graduate Certificate.

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2022).
- ★ As the longest running tertiary sports coaching program in Australia, UQ has supported the development of high quality coaches in domestic and international settings for over 20 years.
- ★ Online delivery of these programs provides greater flexibility.

Career opportunities

Graduates are well placed to move into more advanced coaching roles with a variety of athletes and sporting contexts including professional sport, schools of sporting excellence and sporting academies. Graduates typically work in roles including head coach, assistant coach, specialist coach, director of coaching, high-performance coach, sports development manager and coach educator.

MASTER OF SPORTS MEDICINE

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			APPLICATION CLOSING DATE
				ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$42,576	Online	Minimum, see page 98	Approved degree in medicine	Be registered as a medical practitioner in your country of practice and have completed a minimum of 2 years full-time (or equivalent) post-qualification clinical practice.	Sem 1: 31 Jan the year of commencement Sem 2: 30 Jun the year of commencement

Program overview

The Master of Sports Medicine has been created specifically for general practitioners who want to develop or advance their knowledge and skills in sports medicine. The program provides a comprehensive and interdisciplinary approach to prevention, treatment and management of sports injuries. Students will develop the clinical knowledge, research and practical skills for evidence-based practice in sports medicine. Students will be well placed to treat different types of exercising individuals (e.g. athletes and amateur sports people) and different types of injuries sustained during sporting activities and other physical activity (e.g. muscular injuries and lumbar region injuries). This program is also available as a Graduate Certificate.

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2022).
- ★ Course content is delivered as online video lectures, readings, notes and presentations and materials can be accessed in any order, at any time.
- ★ Assessment projects are highly practical and industry relevant and can be customised to your own development needs.

Career opportunities

Graduates are well placed to treat different types of people and different types of injuries and may find employment in rehabilitation clinics and hospitals,

healthcare clinics; sports medicine clinics, sports academies and institutes; private practice; health and fitness centres; state and local government departments; professional associations and not-for-profit organisations; and sporting associations and professional teams.

Science and Mathematics

Discover new worlds, big and small.

World class

UQ has one of the largest science faculties in Australia with some of the world's leading scientists, teachers, science programs and commercial outcomes. We focus on groundbreaking projects like the molecular characterisation of drug-resistant bacteria and finding better treatments for illness, to solving conservation problems using mathematics and improving hydrogen bonding.

Student focused

You will have the opportunity to interact with research teams, use our world-class laboratories and contribute to our international research efforts. You will network with industry partners and work for organisations and companies during professional placements or internships. This hands-on approach is why UQ graduates enjoy high employability rates and attractive starting salaries.

Careers

As a scientist, you can become a chemist, biochemist, ecologist, geneticist or statistician in areas such as climate change, biosecurity, food, sustainable energy, disease eradication and the management of natural resources. Mathematicians and physicists are using the latest computer technology to optimise financial portfolios, predict weather patterns and build quantum systems.

MASTER OF BIOINFORMATICS

World's Top 10 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	5
					Graduate certificate or graduate diploma in bioinformatics	5
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5
1.5 years (24 units)	1 (20 Feb)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in science, information technology or engineering, including at least two first-year, university-level courses in molecular biology, genetics, computer science or statistics	5
1 year (16 units)	2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor (Honours) degree in science, information technology or engineering, including at least one course in bioinformatics and one course in statistics (equivalent to UQ courses BINF6000 and STAT7174)	5

Program overview

The field of Bioinformatics is highly interdisciplinary and is growing in importance to stakeholders, including scientific research organisations and the biotechnology sector. Increase your technical skills in core areas of bioinformatics and update your knowledge of current technologies and methodologies.

Courses are taught by academics who are leading researchers across a range of disciplines including neuroscience, medicine and agriculture. Take advantage of their extensive links to industry, government and academic institutions in Australia and overseas to build professional networks.

Program features

- ★ **UQ ranks 1st in Australia and 7th in the world for biotechnology (ARWU Global Ranking of Academic Subjects, 2021).**
- ★ **Gain advanced expertise in computational statistics, software engineering, data mining and genome informatics.**
- ★ **Some courses within this program offer a practical placement.**

Career opportunities

The field of Bioinformatics is highly interdisciplinary and is growing in importance to stakeholders, including scientific research organisations and the biotechnology sector. The career opportunities for skilled bioinformatics graduates are extensive.

Graduates typically work for pharmaceutical, pathology and biotechnology companies, research organisations, government departments, universities, or in research laboratories. Roles include bioinformatician, data scientist or analyst, biomedical computer scientist, biostatistician, clinical data manager, geneticist, medical/technical writer, research scientist, or software/database programmer.

MASTER OF BIOINFORMATICS RESEARCH EXTENSIVE

World's Top 10 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			ADDITIONAL REQUIREMENTS
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
2 years (32 units)	1 (20 Feb)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in science, information technology or engineering	5.5	You must have completed at least 2 first-year university level courses in molecular biology, genetics, computer science or statistics
	2 (24 July)						
1.5 years (24 units)	2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor honours degree (or equivalent) in science, information technology or engineering including at least one course in bioinformatics and one course in statistics (equivalent to UQ courses BINF6000 and STAT7174)	5.5	

Program overview

As industries are moving more deeply into genetic technologies, the demand for bioinformaticians with expertise in computational statistics, software engineering, data mining and genome informatics is expanding. This interdisciplinary Master of Bioinformatics Research Extensive program allows you to combine your research interests in mathematics, computing and biological sciences. Update your knowledge of recent technologies and methodologies, while enhancing your practical laboratory and computational skills as part of an advanced research project. Upon graduation, you will be able to demonstrate you can effectively use world-class bioinformatics practice to solve complex scientific problems. This program provides a strong preparation for entry into a higher degree by research program.

Program features

- ★ **UQ ranks 1st in Australia and 7th in the world for biotechnology (ARWU Global Ranking of Academic Subjects, 2021).**
- ★ **Engage in research in neuroscience, medicine and agriculture; throughout your degree you will have access to more than 2300 teaching and research labs.**
- ★ **Gain advanced expertise in computational statistics, software engineering, data mining and genome informatics.**

Learn from academics who are leading researchers in their fields, with links to industry, government and academic institutions in Australia and overseas.

Career opportunities

Graduates typically work for pharmaceutical, pathology and biotechnology companies, research organisations, government departments, universities, or in research laboratories. Roles include bioinformatician, data scientist or analyst, biomedical computer scientist, biostatistician, clinical data manager, geneticist, medical/technical writer, research scientist, or software/database programmer.

Program overview

Equip yourself with advanced scientific skills and the business, legal and regulatory understanding needed to translate discoveries from the laboratory to real life. This program will build on your expertise with core courses in business planning, quality management systems, regulatory issues and intellectual property, coupled with a large suite of electives in science that underpin new biotechnologies. You will gain a thorough understanding of a broad range of modern biotechnologies, the commercialisation of products, marketing, project management and the business environment. Put your learning into practice through internships, placements and international study options that focus on research and development, commercialisation, marketing and the business of science. Choose from electives in molecular genetics, food microbiology, entrepreneurship and strategy, intellectual property, drug development, immunology and infectious diseases, and more.

Fields of study

Agricultural Biotechnology, Animal Agricultural Biotechnology, Medical Biotechnology, Synthetic Biology, Plant Agricultural Biotechnology and Industrial Biotechnology

Program features

- ★ **UQ ranks 1st in Australia and 7th in the world for biotechnology (ARWU Global Ranking of Academic Subjects, 2021).**
- ★ **Internationally accredited by the US Council of Graduate Schools (Washington DC) as a Professional Science Master's program.**
- ★ **Learn from entrepreneurial scientists who have successfully commercialised their scientific discoveries.**
- ★ **Choose from a wide variety of globally renowned laboratories (academic or industrial) to complete your research.**

Career opportunities

Biotechnology is a rapidly expanding field driving our current and future economy, with more than 400 biotechnology companies and 600 medical device companies in Australia. Graduates work in industry, venture capital, pharmaceutical companies, research institutes and government agencies in a wide range of roles including new product design and development, regulatory affairs, quality assurance, clinical trial operations management, consulting, commercialisation officer, technology analysts and business plan analysts.

1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor (Honours) degree (or equivalent) in biotechnology, science, bioinformatics, pharmacy or engineering, including a minimum of one semester of full-time research (or equivalent)	5

Program overview

The Master of Biotechnology Research Extensive program is designed for scientists who wish to increase their technical and research skills in core areas of biotechnology, and to obtain greater laboratory immersion while simultaneously developing business and workplace skills. Students will look at how biotechnology can be used to advance medicines, vaccines and food production while minimising the ecological footprint of human activity. Through advanced lectures, projects and directed study, you will gain a comprehensive knowledge of the disciplines that underpin the biotechnology industry. You will also develop your research methodology skills and receive training in the special requirements needed to undertake research in the biotechnology industry, before undertaking your own research project. The extended program also provides strong preparation for entry into a PhD program.

Fields of study

Agricultural Biotechnology, Animal Agricultural Biotechnology, Medical Biotechnology, Synthetic Biology, Plant Agricultural Biotechnology and Industrial Biotechnology

Program features

- ★ UQ ranks 1st in Australia and 7th in the world for biotechnology (ARWU Global Ranking of Academic Subjects, 2021).
- ★ Internationally accredited by the US Council of Graduate Schools (Washington DC) as a Professional Science Master's program.
- ★ Choose from a wide variety of globally renowned laboratories (academic and/or industrial) and research labs to complete your research.
- ★ Learn from entrepreneurial scientists who have successfully commercialised their scientific discoveries.

Career opportunities

Graduates work in industry, venture capital, pharmaceutical companies, research institutes and government agencies in a wide range of roles including new product design and development, regulatory affairs, quality assurance, clinical trial operations management, consulting, commercialisation officer, technology analysts and business plan analysts. With more than 400 biotechnology companies and over 600 medical device companies in Australia alone, our graduates are highly sought after.

MASTER OF FINANCIAL MATHEMATICS

World's Top 60 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline with first-year, university-level mathematics (including single-variable and multi-variable calculus, ordinary differential equations, and linear algebra)	5
					Graduate diploma (or equivalent) in financial mathematics	5
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	5
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) majoring in mathematics, or Bachelor's degree (or equivalent) in mathematics	5

Program overview

With capital markets and financial risk management becoming more quantitatively and computationally sophisticated, financial mathematics graduates are in high demand. The Master of Financial Mathematics will help qualify you for your next promotion in banking, insurance, investment, utilities, mining, or any other industry in which aspects of contemporary financial markets – such as international exchange rates, futures contracts and options – play a significant role. The program is tailored to build upon your background in mathematics, commerce or economics/econometrics, while developing your essential skills in quantitative and computational analysis, mathematical modelling and stochastic processes. Graduate with a thorough understanding of the financial mathematics field, possessing the skills required to manage investment portfolios, develop financial products and price, and analyse business risk.

Program features

- ★ UQ's field of accounting and finance is ranked 53rd in the world (QS World University Rankings, 2022).
- ★ Experience financial markets with an industry placement project in sectors such as banking, energy trading or superannuation.
- ★ Our researchers in the School of Mathematics and Physics have been awarded numerous ARC Fellowships, including Laureate Fellowships, Australian Professorial Fellowships, Discovery Outstanding Researcher Awards and QEII Fellowships.
- ★ Choose from a range of electives including Computation in Financial Mathematics, Financial Calculus, Machine Learning, Financial Risk Management, and Econometrics of Financial Markets.

Career opportunities

Graduates of the Master of Financial Mathematics typically work as quantitative analysts, market risk analysts, data scientists, risk managers and energy traders in areas such as funds management, hedge funds and superannuation; investment banking; retail banking; insurance and actuarial; energy providers and utilities; and risk management.

MASTER OF FOOD SCIENCE AND TECHNOLOGY

World's **Top 15** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,032	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline, with first-year university-level chemistry or biology	4.5
					Graduate certificate in food science and technology	4.5
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$44,032	St Lucia	Minimum, see page 98	Bachelor's degree in food science, food technology or food engineering	4.5

Program overview

Make your mark in the world's largest industry, equipped with the latest knowledge in food safety and quality management, food preservation, processing, chemistry and microbiology. Build on your existing knowledge and practical skills and acquire a detailed understanding of industry operations and gain valuable professional skills. Tailor your studies to your career goals with specialised electives and apply the knowledge you develop to a research project or an industry placement. As a graduate, you will use your leadership, analytical and problem-solving skills to respond to global consumer demand for desirable, safe and nutritious food.

Program features

- ★ UQ's field of food science and technology is ranked 1st in Australia and 14th in the world (ARWU Global Ranking of Academic Subjects, 2021).
- ★ UQ is a global leader in food science research across subtropical and tropical production systems.
- ★ Choose to complete a placement with one of our industry or research partners. Our academics have close working relationships with both the Australian and international food processing sectors.
- ★ Access the Food Science Innovation Precinct – a world-class teaching, research, training and development unit.

Career opportunities

Many of our graduates find careers with national and international food, wine, beer, confectionery and beverage companies, food research laboratories, flavouring manufacturers, educational institutions and government bodies. They typically work in areas of quality control, new product development, research and innovation.

MASTER OF FOOD SCIENCE AND TECHNOLOGY RESEARCH EXTENSIVE

World's **Top 15** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$44,032	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	Food science, food technology and food engineering

Program overview

Develop leadership, analytical and problem-solving skills to respond to global consumer demand for desirable, safe and nutritious food. Gain the latest knowledge in food safety and quality management, food preservation, processing, chemistry and microbiology. Learn from active researchers who will share the latest knowledge in food safety and quality management, food chemistry and microbiology, food processing, and new food product development. Refine your laboratory skills during practicals and research courses, gain access to the Food Science Innovation Precinct – a world-class teaching, research, training and development unit – and have the flexibility to tailor your studies to your interests.

Program features

- ★ UQ ranks 1st in Australia and 14th in the world for food science and technology (ARWU Global Ranking of Academic Subjects, 2021).
- ★ UQ is a global leader in food science research across subtropical and tropical production systems.
- ★ Choose to complete a placement with one of our industry or research partners. Our academics have close working relationships with both the Australian and international food processing sectors.

MASTER OF GEOGRAPHIC INFORMATION SCIENCE

World's **Top 20** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline	4.5	
					Graduate certificate or graduate diploma in geographic information science	4.5	
					Successful completion of at least 3 years of study towards an approved qualification at a partner institution with a formal pathway to this program	4.5	
1.5 years (24 units)	1 (20 Feb)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4.5	Science (mathematics, physics, computer science), environmental science, environmental management, geographical science, geology, surveying, geomatics and engineering

Program overview

Gain the geospatial data skills to advance your career in ecology, exploration, health, planning, mathematics, cartography, surveying, geography or environmental science. With the rapid growth of geographic data and products, employers are increasingly demanding high-quality graduates with technical and research skills in advanced areas of geographic information science. The program provides you with knowledge of ecology, business geographics, environmental management, environmental informatics, marine and earth sciences, natural resource management, sustainability, geography, urban planning and transportation.

Program features

- ★ UQ ranks 17th in the world for geography (ARWU Global Ranking of Academic Subjects, 2021).
- ★ UQ ranks 1st in Australia and 19th in the world for environmental sciences (QS World University Rankings by Subject, 2022).
- ★ Undertake a semester-long GIS and/or remote-sensing research project.
- ★ Access specialist laboratories that have applications for GIS and remote sensing, mapping, programming, graphics, 3D design, demography, statistics (SPSS and NVIVO), climatology and planning.

Career opportunities

Graduates typically work across the public and private sectors in areas including telecommunications, consulting, engineering, logistics, transport, maritime services, energy, urban development, planning and infrastructure, defence and utilities.

GRADUATE CERTIFICATE IN MAGNETIC RESONANCE AND POSITRON EMISSION TOMOGRAPHY

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				RELEVANT DISCIPLINES
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
0.5 years (8 units)	1 (20 Feb) 2 (24 July)	\$21,496	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline Post-secondary study	4	2 years of work experience in medical imaging, physics, or molecular imaging. Applications based on post-secondary study and/or work experience	Mathematics, physics, chemistry, biology, medical imaging, medical radiation, radiography, allied health, biomedical engineering, engineering, or computer science

Program overview

If you are a nuclear medicine technologist, diagnostic radiographer, or professional in a similar field this program may be for you. Medical imaging is developing at a rapid pace and hybrid medical imaging systems are becoming more commonplace. With the blend of high-resolution magnetic resonance imaging (MRI) and the physiological data of positron emission tomography (PET), magnetic resonance and positron emission tomography (MR-PET) is making quite an impression in medical diagnosis. This program will equip you with the skills required to operate this new hybrid system by encouraging your understanding of both the MRI and PET stand-alone technologies.

Program features

- ★ UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).
- ★ You will attend a one-week on-campus practical immersion where you will operate MRI scanners and practice scanning on human volunteers.
- ★ Our Magnetic Resonance Technology programs are offered through the Centre for Advanced Imaging, which is one of the best imaging research centres in Australia. More than 75 per cent of the MRI scanners in the world use technology based on UQ research.
- ★ Organise your study around professional and personal commitments, with all courses in this program able to be completed online.

Career opportunities

Our graduates use this qualification as a way of advancing their careers. This program is primarily designed for nuclear medicine technologists and diagnostic radiographers, wanting to upskill in this emerging specialisation. Upon graduation, you will be eligible for Australian Society of Medical Imaging and Radiation Therapy continuing professional development (CPD) points accrual.

MASTER OF MAGNETIC RESONANCE TECHNOLOGY

World's Top 40 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				RELEVANT DISCIPLINES
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline Graduate Diploma in Magnetic Resonance Technology Graduate Certificate in Magnetic Resonance Technology	4 4 4		Mathematics, physics, chemistry, biology, medical imaging, medical radiation, radiography, allied health, biomedical engineering, engineering, computer science

Program overview

As one of the most powerful diagnostic tools for organs and tissues inside the body, magnetic resonance imaging (MRI) demands technologists with expert scientific and technical expertise. The Master of Magnetic Resonance Technology teaches you the physics of magnetic resonance and image formation, the components of modern MRI scanners and the specialist practical skills essential for a dynamic career in this field. Upon graduating, you will be able to embark on projects that make innovative use of magnetic resonance, such as assessing the needs of a radiography practice and the capability of equipment from various manufacturers to meet these needs.

Program features

- ★ UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).
- ★ Our Magnetic Resonance Technology programs are offered through the Centre for Advanced Imaging, which is one of the best imaging research centres in Australia. More than 75 per cent of the MRI scanners in the world use technology based on UQ research.
- ★ Learn from a multidisciplinary team of expert radiographers, clinicians, physicists, chemists and engineers.
- ★ Apply your knowledge and skills during a one-week on-campus practical immersion, or undertake a three-week full-time clinical placement through an elective course.

Career opportunities

MRI physicists, MR technologists, image processors, engineers and biomedical engineers are in demand within Australia and internationally. UQ graduates have found employment in leadership positions in hospitals, private practice and research facilities and organisations.

MASTER OF MOLECULAR BIOLOGY

World's **Top 10** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline, with first-year university-level chemistry and biology	5	biotechnology, science, medicine, biomedical science, pharmacy, bioinformatics, genetics, molecular biology, biochemistry or biological chemistry
					Graduate certificate or graduate diploma in molecular biology	5	
					Completion of at least 3 years of study towards an approved qualification at a partner institution with a pathway to this program	5	
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5	
1 year (16 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor honours degree (or equivalent) in a relevant discipline	5	

Program overview

Advances in molecular biology have transformed biological research and driven the extensive growth of the biotechnology industry, and global demand for skilled molecular biologists. Learn practical laboratory skills, and study bioinformatics and genomics, biomolecular structure and function, and immunology and infectious diseases.

Program features

- ★ **Opportunity to complete significantly more in-lab research than most other molecular biology programs.**
- ★ **Undertake a research-focused internship or project with our industry partners.**

Career opportunities

Opportunities for molecular biology graduates exist across the public, private and not-for-profit sectors

in areas including health, agriculture, diagnostics, the environment, food, pharmaceuticals, biotechnology, pathology and research.

MASTER OF MOLECULAR BIOLOGY RESEARCH EXTENSIVE

World's **Top 60** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5.5	Biotechnology, science, medicine, biomedical science, pharmacy, bioinformatics, genetics, molecular biology, biochemistry, and biological chemistry
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$42,992	St Lucia	Minimum, see page 98	Bachelor honours degree (or equivalent) in a relevant discipline	5.5	

Program overview

Get a head start in molecular biology research. UQ's Master of Molecular Biology Research Extensive program gives scientists more advanced technical and research skills in core areas of molecular biology, protein technology and bioinformatics. You will gain extended research laboratory experience within university laboratories or on placement in a company, government department, or other suitable organisation. Refine your scientific communication skills and present your research findings in a manuscript suitable for publication in a relevant scientific journal. This program provides you with strong preparation for entry into a higher degree by research program (such as a PhD).

Program features

- ★ **UQ ranks 2nd in Australia and =53rd in the world for biological sciences (QS World University Rankings by Subject, 2022).**
- ★ **Gain extensive in-lab research experience by completing a supervised project over two/three semesters.**
- ★ **Learn from scientists who have contributed to breakthroughs in safer vaccines, antibiotic resistance, viral infections and early breast cancer detection.**

Career opportunities

Graduates are equipped with high-level knowledge, advanced technical and research skills relevant

to modern molecular biology. Opportunities for molecular biology graduates exist across the public, private and not-for-profit sectors in areas including health, agriculture, diagnostics, the environment, food, pharmaceuticals, biotechnology, pathology and research.

MASTER OF MOLECULAR IMAGING TECHNOLOGY

World's **Top 40** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS			
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	RELEVANT DISCIPLINES
1.5 years (24 units)	1 (20 Feb)	\$48,096	St Lucia, online	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	4	Applied science, medical imaging, chemistry, pharmacy, physics, computer science or electrical and biomedical engineering

Program overview

Molecular imaging is a form of biomedical imaging, which is rapidly growing in importance in the applied life sciences and contributes in the advancement of biomedicines. This unique program is designed for graduates with a background in chemistry, biology, physics, computer science, engineering, radiography and nuclear medicine technology who wish to gain knowledge of molecular imaging. Learn about molecular imaging probes, contrast agents and radio-pharmaceuticals for nuclear medicine, plus the importance of quality control. You will gain practical experience with a two-week residential component and a semester-long molecular imaging research project under the guidance of an academic supervisor.

Program features

- ★ **UQ's field of life sciences and medicine is ranked 31st in the world (QS World University Rankings by Subject, 2022).**
- ★ **Our molecular imaging programs are offered through the Centre for Advanced Imaging, one of the best imaging research centres in Australia.**
- ★ **More than 75 per cent of the MRI scanners in the world use technology based on UQ research.**
- ★ **Learn from a multidisciplinary team of expert radiographers, clinicians, physicists, chemists and engineers.**

Career opportunities

You will graduate well-equipped to drive advances in disease diagnostics, molecular characterisation and drug discovery. Graduates typically work as radio-pharmacists, physicists or engineers in the biotechnology sector; clinical imaging technologists; specialist chemists or radiochemists; medical physicists; and radio-pharmacologists or radio-physicists.

MASTER OF QUANTITATIVE BIOLOGY

World's **Top 60** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
1.5 years (32 units, intensive mode)	2 (24 July)	\$70,296	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any discipline with first and second-year university-level biology or mathematics	5
					Graduate diploma (or equivalent) in quantitative biology	5
1 year (24 units, intensive mode)	1 (30 Jan) (Teaching Period 2)	\$70,296	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in any field of biology and have completed university-level mathematics including biostatistics	5
					Bachelor's degree (or equivalent) in mathematics and have completed first-year university-level biology	5

Program overview

When biology meets big data. Study life and living organisms and gain the tools and techniques to organise and analyse biological data with statistics, mathematics and computation. Study programming, stochastic modelling, optimisation and computational methods in biology. Learn how to manage and organise detailed data sets, perform sophisticated statistical analyses, model natural processes and create testable theories. Gain a thorough introduction to programming languages, High-Performing Computing (HPC) platforms, interactive Shiny apps and spatial tools such as remote sensing.

Program features

- ★ Graduate with a unique qualification, the first of its kind in Australia.
- ★ UQ ranks 2nd in Australia and 53rd in the world for biological sciences (QS World University Rankings by Subject, 2022).
- ★ Take advantage of intensive mode teaching to complete the equivalent of 18-months of study in just 12 months, with approved prior study.
- ★ Gain practical experience working with large data sets in your final semester by completing a research proposal and a project under the supervision of a partner from industry, government, or a UQ academic.

Career opportunities

Demand for graduates with programming and analytical skills is high within biological fields as well as in emerging job markets such as personalised medicine, biotechnology and agribusiness. Graduates can expect diverse career options including data-based roles in the corporate, government, conservation, environmental and medical sectors, and in research organisations globally.

MASTER OF QUANTUM TECHNOLOGY

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS				
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	RELEVANT DISCIPLINES
1.5 years (24 units)	2 (24 July)	\$46,864	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in a relevant discipline	5.5	4 units (or equivalent) of first year university-level mathematics and calculus-based physics	Computer science, engineering, information technology, mathematics, chemistry or statistics

Program overview

We are now in the second quantum revolution, with rapidly growing investment to harness quantum physics for sensing, communications and computation. Developing the quantum ecosystem will require increasing familiarity with the principles of quantum mechanics in technological and engineering contexts. The Master of Quantum Technology will expose you to core and specialist courses in quantum technologies, incorporating lab-based research projects and lab or industry placements as preparation for a career in this expanding global sector. This program also provides you with a pathway to PhD study in quantum science.

Program features

- ★ UQ is a global leader in quantum science, hosting the Australian Centre of Excellence for Engineered Quantum Systems (EQUS) and a node of the Centre for Quantum Computation and Communications Technology (CQC2T).
- ★ UQ is home to leading experimental and theoretical research in quantum technologies and boasts high-performance fabrication and measurement facilities in optical, superconducting, opto-mechanical and ultra-cold atomic systems.
- ★ Undertake three semester-long research projects that immerse you within leading quantum science research laboratories.

Career opportunities

Become highly sought after in an industry with a worldwide graduate shortage and high earning potential. Your skills will be desirable in industries including quantum information technology, optical communications, quantum metrology, quantum computing, data analysis, software development, computer programming, materials engineering, computational chemistry and machine learning, research, and civil, aerospace, and mining engineering.

MASTER OF SCIENCE

World's **Top 100** 

DURATION	START SEMESTER	2023 FEE (YEAR 1)	CAMPUS	ENTRY REQUIREMENTS		
				ENGLISH	YOUR CURRENT QUALIFICATION	GPA
2 years (32 units)	1 (20 Feb) 2 (24 July)	\$46,864	St Lucia	Minimum, see page 98	Applied Mathematics, Mathematics, and Statistics fields: Bachelor's degree (or equivalent) in any discipline, with first-year university-level mathematics (including calculus, multi-variable calculus, linear algebra, and ordinary differential equations)	5
					Graduate graduate diploma in Science	5
					Physics field: Bachelor's degree (or equivalent) in any discipline, with first-year university level physics (including mechanics, thermal physics, electromagnetism, and modern physics) and first-year university-level mathematics (including calculus, multi-variable calculus, linear algebra, and ordinary differential equations)	5
					Graduate Diploma in Science	5
1.5 years (24 units)	1 (20 Feb) 2 (24 July)	\$46,864	St Lucia	Minimum, see page 98	Bachelor's degree (or equivalent) in mathematics, statistics, or physics	5

Program overview

The Master of Science provides advanced theoretical knowledge and practical skills in the specialised scientific fields of mathematics, physics and statistics. Use this program to extend your knowledge in a particular field or choose a new specialisation to expand your skills across these disciplines. This program will equip you with the qualification you need to demonstrate you can solve problems in government and industry and support other disciplines such as agriculture, biology, chemistry, engineering and medicine. This program also provides a pathway to PhD study.

Fields of study

Applied Mathematics • Mathematics • Physics • Statistics

Program features

- ★ UQ's fields of statistics and operational research are ranked in the top 100 of the world (QS World University Rankings by Subject, 2022).
- ★ You will have the opportunity to attend the Maths Colloquium Series – a regular seminar series for students and academic staff who are working in pure and applied mathematics and statistics.
- ★ Apply your gained knowledge through a range of collaborations, including research projects externally and within our research centres, commercialisation ventures and industry placements or internships.

Career opportunities

Many of our Mathematics graduates study higher degrees and go on to research positions at universities and other major research institutions. The number

of mathematicians employed in banking, finance, insurance and risk-management is also on the rise. Our Physics graduates are highly valued by employers in education, finance, engineering, computing and management. Many graduates are employed in research and management positions, universities, health and nuclear physics. Our Statistics graduates are in high demand in business, industry, research and government, where they are employed in areas such as quality control, product development, asset and liability management, and determining risks and returns of investments.

World-class facilities, including several labs dedicated to quantum technologies, allow postgraduate students to increase their technical and research skills working alongside some of the university's leading academics and researchers.

English proficiency requirements

All students need appropriate English language skills for admission to UQ.

There are different ways you can meet our English requirements. The three most common ways are:

- a recognised qualification
- previous secondary schooling or post-secondary study, or
- English language tests.

UQ programs have either ‘Minimum’ or ‘Higher-than-minimum’ English language requirements.

These are stated within each program entry under ‘English’ on pages 32–97.

‘Minimum’ English programs

Recognised qualification: If you have obtained a recognised qualification, score or test (and satisfied relevant conditions) listed in the following table, you will likely meet UQ’s English language proficiency requirements:

LOCATION	QUALIFICATION	CONDITIONS
International	General Certificate of Education (GCE)/General Certificate of Secondary Education (GCSE) O level	A grade C or better in English Language, English Literature, or English as a Second Language
	International GCSE (IGCSE) (must be endorsed by CIE, OCR, Edexcel, AQA or other UK authority: independent and school-assessed A Levels are not sufficient)	A grade C or better in English Language, English Literature, or English as a Second Language
	General Certificate of Education (GCE) A or AS Level (must be endorsed by CIE, OCR, Edexcel, AQA or other UK authority: independent and school-assessed A Levels are not sufficient)	A grade C or better in an English Language or English Literature subject or (AS Level) General Paper/General Studies
	International Baccalaureate Diploma	A grade of 4 or better in Language A: Literature or Language A: Language and Literature (previously English A1 and English A2) at HL or SL A grade of 5 or better in Language B (previously English B) at HL or SL Note: Literature and Performance is not accepted
Australia	Group of 8 (Go8) Foundation programs	A grade in Academic English (or equivalent) accepted for entry by the institution that offers the foundation program
	UQ/IES Foundation Year	A grade of 5 in Academic English
Austria	Matura	A grade of satisfactory (befriedigend) or better in English
Canada	British Columbia Senior Secondary School Graduation Diploma	A grade of 60% or higher in English in the final year
	Ontario Secondary School Diploma	A grade of 60% or higher in English in the final year
Denmark [^]	Studentereksamen (Upper Secondary School Leaving Examination) or Højere Forberedelseseksamen (HF) (Preparatory Examination Certificate)	A grade of 4 or better in English A or a grade of 7 or better in English Level B
Germany	Abitur	A grade of 3 (or ‘Satisfactory’) or better in English
Hong Kong	Hong Kong Examination Authority Advanced Level (HKALE)	A grade of C or better in ‘Use of English’
(SAR)	Hong Kong Diploma of Secondary Education (HKDSE)	A grade of 4 or better in core English language
India	All India Senior School Certificate (AISSCE) issued by CBSE	A grade of 65 per cent or better in English
	Senior Secondary School Certificate issued by the State Boards of Gujarat, West Bengal, Maharashtra, Karnataka and Tamil Nadu	A grade of 65 per cent or better in English
	Indian School Certificate (ISC)	A grade of 65 per cent or better in English
Malaysia	Malaysian Certificate of Education/Sijil Pelajaran Malaysia (SPM)	A grade of 6C or better in English (SPM 1119)
Norway [^]	Vitnemål	A grade of 4 or better in English
Singapore	Singapore-Cambridge GCE A Levels	A grade of C or better in the General Paper or Knowledge and Inquiry subject, or a grade of C or better in H2 English Language and Linguistics or Literature in English
Sweden [^]	Slutbetyg	A grade of VG or C in English B
USA	USA Advanced Placement (AP) Examinations	English (AP) A pass in English (Grade 3)

Results are valid for five years from the date of the qualification being granted to the commencement date at UQ, except for locations marked with [^].

Comprehensive information about UQ’s English language proficiency requirements is available online in the UQ Policy and Procedures Library: ppl.app.uq.edu.au/content/3.40.14-english-language-proficiency-admission NOTE: It is assumed that the applicant will have completed the entire school qualification, where applicable.

or

Previous secondary schooling or post-secondary study: If you have completed senior secondary schooling from a designated location where the medium of instruction is English, or have successfully undertaken at least one year of full-time (or part-time equivalent) post-secondary study (at diploma level or higher) in a designated location from an accredited university or institution where the medium of instruction and assessment was English, you may meet UQ's English language proficiency requirements:

DESIGNATED LOCATIONS
American Samoa, Australia, Bahamas, Barbados, Botswana, Bermuda, Canada, Cook Islands, Falkland Islands, Fiji, Gibraltar, Ghana, Grenada, Guyana, Ireland, Jamaica, Kenya, Lesotho, Liberia, Nauru, New Zealand, Nigeria, Papua New Guinea, Samoa, Singapore, Solomon Islands, South Africa, Trinidad and Tobago, UK, USA, Zambia, Zimbabwe

or

English language tests: You can undertake one the following English language tests to determine if you satisfy UQ's English language proficiency requirements:

IELTS	TOEFL (INTERNET-BASED)	TOEFL (PAPER-BASED)	PEARSON	CAMBRIDGE ENGLISH SCALE	BRIDGING ENGLISH (BE)*
Overall: 6.5 Reading: 6, Writing: 6, Speaking: 6, Listening: 6	Overall: 87 Reading: 19, Writing: 21, Speaking: 19, Listening: 19	Overall: 570 Reading: 54, Listening: 54, Test of Written English: 5, Structure and Written Expression: 59	Overall: 64 Reading: 60, Writing: 60, Speaking: 60, Listening: 60	A Cambridge English Scale (CES) score of 176 Reading: 169, Writing: 169, Speaking: 169, Listening: 169	Overall: 4 Reading: C, Writing: C, Speaking: C, Listening: C

NOTE: Test scores are valid for two years from the date of the test to the commencement date at UQ.
*BE is UQ's English language pathway course delivered by UQ College. See pages 28-31 for more information.

or

Other qualifications: You can also meet UQ's English language proficiency requirements if you can demonstrate one of the following:

- Proof that you have either successfully completed a bachelor's or master's degree program, or at least two years full-time (or part-time equivalent) post-secondary study (at diploma level or higher), at an accredited university or institution that is recognised by UQ as one where:
 - English was the medium of instruction, and
 - English was the medium of assessment, and the final year of study has been undertaken during the five years immediately prior to the commencement of study at the University, OR
- Proof that you have substantial paid work and/or voluntary work experience in a primarily English-speaking professional environment that has been undertaken for a period of at least three years immediately before the start of study at the University.

'Higher-than-minimum' English programs

English language tests: To gain entry into UQ programs requiring 'Higher-than-minimum' English, you will need either the IELTS* English test score listed below, or an equivalent test score** where this is accepted:

UQ PROGRAM (MASTER OF)	IELTS SCORES REQUIRED					UQ PROGRAM (MASTER OF)	IELTS SCORES REQUIRED

*International English Language Testing System.

**For an equivalent test score, see: study.uq.edu.au/admissions/english-language-requirements.

Note – at the time of publication, equivalent tests are not accepted for Teaching (Primary) and (Secondary) and are restricted for most other programs.

This section is only to be used as a guide and does not guarantee that you will meet UQ's English language proficiency requirements. Each application is assessed on an individual basis. For more information about UQ's English language proficiency requirements visit: study.uq.edu.au/admissions/english-language-requirements

If you meet your preferred program's academic requirements but NOT the English language proficiency requirements, you may apply for a UQ College language pathway course. For more information see pages 28-31.

How to apply

STEP 1

Choose your program

- Find the program you wish to study in the Programs section on pages 32–97.
- Check you meet (or will meet) all entry and English language proficiency requirements.
- Check the application deadline has not passed.

STEP 2

Create an account

- Go to UQ's online application portal and create an account: apply.uq.edu.au.

STEP 3

Complete your application

- Complete all details requested in the online application detailing all courses you have taken and qualifications you have been awarded from institutions other than UQ, even if you think they are not relevant to your application.
TIP: You can save an incomplete form and return later.
- Attach all required documentation as per the program entry requirements and any additional information requests. You must provide complete academic transcripts and/or testamurs of your previous tertiary studies (if you have not yet completed your studies please provide a current transcript). A copy of your passport (in colour if possible) and official evidence of any name differences on your transcripts / awards is also necessary.
- If you want to apply for an English language pathway package, you can indicate this during the application process.
- In addition, you may be asked to complete and submit a Genuine Temporary Entrant (GTE) Assessment and provide a GTE Agent Checklist (if working with an agent).

STEP 4

Submit your application

- **Online:** a non-refundable A\$100 application fee will be charged when submitting your application online. After submission, you can check the status of your application through your account.
- If you are unable to access the online application portal, please email applicationstatus@uq.edu.au to request an application form. A non-refundable A\$150 application fee is payable for an email submission of an application.
- **In person or by mail:** If you are unable to email your application, you can submit it in person or by mail to: Future Students, Level 2, JD Story Building, St Lucia, The University of Queensland Brisbane, Queensland 4072 Australia. A non-refundable A\$150 fee applies for applications that are not submitted online.
- Your application will be assessed by UQ International Admissions. They will inform you of the outcome.

International student definition

You are an international student if you are:

- not a citizen of Australia or New Zealand
- not an Australian Permanent Resident, or
- a Temporary Resident (visa status) of Australia.

You are not an international student if you are:

- an Australian citizen (living in Australia or as a resident overseas)
- an Australian Permanent Resident (visa status)
- a New Zealand citizen, or
- a holder of an Australian permanent humanitarian visa.

Permanent residency

If you have been offered a postgraduate place as an international student and become an Australian permanent resident before starting your first semester of study, you will not be able to retain your place as an international student and you must apply for enrolment as a domestic fee-paying student. Please apply to change your fee status as soon as you receive written confirmation about your new residency, visa or citizenship status.

my.uq.edu.au/information-and-services/manage-my-program/financial-matters/fees-international-students/changes-residency-visa-or-citizenship-status

Credit transfer and exemption for previous studies

Credit transfer for previous studies

If you have completed study elsewhere and have taken courses that are the same, or similar (in terms of level, standard and content) to courses in your UQ program, you may be eligible for credit transfer. In some instances, this will reduce the amount of time it will take to complete your UQ program. UQ recognises formal studies and recognised prior learning. You can see if your prior studies qualify through our database.

creditprecedents.app.uq.edu.au

Exemption for previous studies

If you have undertaken some prior formal or informal learning you may not have to complete some courses in your program. You will still have to complete a total number of units to graduate.

study.uq.edu.au/admissions/postgraduate-coursework/check-credit-eligibility

Visas

All international students applying to study in Australia must have a student visa unless they have an alternative visa that enables them to study. If you are granted a student visa, you must comply with all student visa conditions. For all visa enquiries and applications, please contact your local Australian Embassy, High Commission or Diplomatic Mission.

study.uq.edu.au/international/visa-information

dfat.gov.au/about-us/our-locations/missions/Pages/our-embassies-and-consulates-overseas

homeaffairs.gov.au

Applications

Closing dates

It is recommended that you submit your application no later than the dates below to ensure you have enough time to apply for a student visa. Please note that some UQ programs have earlier closing dates. See program listing for details.

Semester 1 30 November of previous year

Semester 2 31 May of same year

Assessment

Applicants are assessed on a case-by-case basis against the established entry requirements for the program concerned. For some quota programs, meeting the minimum entry requirements does not guarantee acceptance. Applicants who do not meet the academic entry requirements may wish to consider a pathway course (see page 29).

Your application status

If you have applied online, you can view the status of your application through your online application portal.

Documentation required

Academic

When you apply to UQ, please ensure that you submit certified copies of up-to-date transcripts and award certificates with your application. Grading scales will also be needed for any tertiary studies you have undertaken. Certified official translations are required for all documents in languages other than English.

English

To demonstrate your English language proficiency, you must attach copies of all relevant academic transcripts and award certificates to your application. Specific arrangements apply to IELTS, TOEFL and the Pearson Test of English (PTE) Academic.

study.uq.edu.au/admissions/english-language-requirements

Waiting on documents?

If you are waiting for transcripts or final results, you may still submit an application and, where possible, we will consider making a conditional offer to you. Submit your evidence of English language proficiency (unless you intend to sit a test), and any results you have so far with your application. Please upload any outstanding documents to your online application portal as soon as you receive them.

Deferrals, suspensions and cancellations

If you have a UQ offer to start in a certain semester and you wish to defer (i.e. delay commencing to a future semester), please contact the International Admissions office as soon as possible before the commencement date given on your offer. If you have already received your UQ Confirmation of Enrolment (CoE), a deferral will only be permitted if there are 'compassionate or compelling grounds'. If a deferral is not approved, you may still delay commencing, but your CoE will be cancelled. This may impact your student visa or student visa application. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour, poor academic standing and unsatisfactory academic progress. Please note that any deferrals, suspensions or cancellations may affect a student visa or visa application.

my.uq.edu.au/information-and-services/manage-my-program/withdraw-defer-or-return-study/deferring-studies

UQ PhD alumni Dr Paula Kuo from Taiwan conducted research on the immunity in HPV induced cervical cancer with Professor Ian Frazer. She is now a Postdoctoral Researcher at the University of Cambridge in the United Kingdom.

Higher Degrees by Research

Completing a Higher Degree by Research can advance your career opportunities, satisfy your intellectual curiosity and position you as an expert in your field, while providing you with opportunities to travel, network and explore.

Why do a Higher Degree by Research (HDR)?

Undertaking a research degree will advance your career opportunities and satisfy your intellectual curiosity. Graduates from HDR programs typically secure academic or research careers within tertiary institutions or a broad range of professional and leadership roles within industry and government.

What are UQ's Higher Degrees by Research?

Doctor of Philosophy (PhD)

A PhD is one of the highest degrees that can be awarded. It is seen as a requirement for the majority of academic and research positions in a wide range of fields and industries. The aim of a PhD is to foster the development of independent research skills.

Master of Philosophy (MPhil)

The MPhil is an internationally recognised research degree that involves undertaking a significant research project. It provides candidates with an opportunity to develop and enhance analytical and research skills through independent investigation in a specific field.

Doctor of Biotechnology (DBiotech)

The DBiotech program is designed to train scientists to develop an understanding of management issues for research enterprises and technology ventures, and the integration of specialist training in the area of biotechnology and research.

The doctorate includes one semester of advanced coursework in an area such as intellectual property management, regulatory and legal issues, innovation and entrepreneurship and biotechnology venture management. The program also includes a one-semester professional placement in industry and a two-year research project and thesis, which generally focuses on the technology transfer, legal, regulatory, quality or production aspects of biotechnology.

PROGRAM	ASSESSMENT	DURATION	ENTRY REQUIREMENTS*
PhD	A thesis of no more than 80,000 words, with the research representing a significant new contribution to the discipline.	3 to 4 years	A bachelor's degree with honours class IIA or better from approved universities, which should include a relevant research component, or; a research master's degree, or; a coursework master's degree and an overall GPA equivalent to 5.65 on the 7 point UQ scale, which should include a relevant research component, or; a postgraduate degree of at least one year full-time equivalent with an overall GPA equivalent to 5.0 on the 7 point UQ scale, together with demonstrated research experience equivalent to honours IIA will be considered for PhD entry on a case by case basis, or; a bachelor's degree plus at least two years of documented relevant research experience, including research publications.
MPhil	A thesis of no more than 40,000 words that demonstrates a capacity for critical analysis and application of specialist knowledge.	1.5 to 2 years	A bachelor's degree with honours class IIB or better from approved universities, which must include relevant experience, or; a postgraduate degree of at least one year full-time equivalent and an overall GPA equivalent to 5.0 on the 7 point UQ scale, which must include relevant experience, or; a bachelor's degree plus at least two years of documented relevant experience. Evidence of other qualifications and/or experience to satisfy the Dean that the applicant is suitably qualified for admission.
DBiotech	One semester of coursework; one semester of professional practice in industry; a thesis of no more than 50,000 words that demonstrates a capacity for critical analysis and application of specialist knowledge.	3 years	Bachelor of Science or Bachelor of Biotechnology with Class I or IIA honours from UQ or equivalent, or; Coursework master's with approved results in the research component and a GPA of 5.5 on the 7 point UQ scale, or; at least two years relevant professional experience and/or research publications.

*International students whose first language is not English must demonstrate that they meet the University's English language proficiency requirements (see pages 92-93).

Reach your research and professional goals

Technology is changing our world on a global scale, affecting the way in which we live and work. To deal with these changes it will become increasingly important for HDR graduates to combine disciplinary expertise with a broader range of capabilities. Such knowledge workers, who have the ability to source information, critically assess its

validity and apply it in novel and innovative ways, can make a significant contribution and develop outstanding careers in a variety of industries.

UQ's Career Development Framework (CDF) was developed in consultation with students and industry to provide the skills and personal development HDR graduates need to meet these industry changes.

Training covers topics including: research

integrity, networking, communication skills and inter-cultural communication, writing skills, teamwork, CV writing, entrepreneurship, business acumen, resilience and emotional intelligence.

Training sessions are run throughout the year which provides you with the flexibility to decide which training is right for you and when.

cdf.graduate-school.uq.edu.au

Dr Vincent Wheatley (far right) with PhD student Will Landsberg (far left) and School of Mechanical and Mining Engineering senior lecturer Dr Anand Veeraragavan (middle).

How to apply:

(Higher Degrees by Research)

STEP 1

Check your eligibility

Check your eligibility by reviewing the entry requirements for UQ's Higher Degrees by Research.

STEP 2

Search for a supervisor

UQ is home to over 2000 research experts and a growing community of internationally renowned scholars and scientists. Visit researchers.uq.edu.au to search for and contact potential advisors directly through the UQ Researchers database or view available supervision and projects. Some projects also have attached scholarships. graduate-school.uq.edu.au

STEP 3

Prepare your documentation

When applying you must submit documents to support your application, such as a research proposal, academic CV, academic transcript, award certificates, proof of English language proficiency and two referee reports. If you do not upload all suggested documents, your application may be delayed or rejected.

STEP 4

Apply online

You can submit your application online. If you wish to be considered for a competitive, merit-based scholarship, simply indicate this on the application form. There is no need to fill out a separate application form.

study.uq.edu.au/admissions/higher-degree-research

Research quarters

International HDR candidates at UQ enjoy a significant advantage over students at most other tertiary institutions with annual tuition fees divided into quarters instead of semesters. This reduces the pressure to submit research prematurely due to financial considerations. Research quarters are designed to match HDR student enrolment and work patterns, as well as scholarship rounds. You are required to commence your program within the first two weeks of a research quarter: January, April, July or October.

Life at UQ

UQ will be your home away from home. We offer sporting, cultural and recreational activities, we help you find accommodation, and we anticipate your unique needs from arrival to departure.

Whether you require help with learning, someone to talk to, or a lift from the airport the first time you touch down in Australia, we have you covered.

UQ Living

Accommodation for every journey

Beyond your books and classes, where you choose to live is also part of the learning journey.

Whether you want to experience UQ living on campus or in accommodation outside of university, we're here to help curious minds feel right at home.

On-campus living

Welcome to a truly immersive university experience. Join us on campus and connect to a community that centres around you and your education.

UQ residential colleges

Make lifelong friendships in a welcoming student community. Our 10 residential colleges provide a place where you can make memories and connections that stay with you for life.

Living in a UQ college also means access to:

- a welcoming, collegial community
- 24/7 onsite staff support and pastoral care
- well-established academic communities and alumni networks
- inter-college sporting, cultural, community and social activities
- outstanding leadership, career mentoring and wellbeing programs.

With their unique and historical connection to the University, UQ colleges have an ideal on-campus home for everyone.

Gatton Halls of Residence

If you are studying at Gatton, stay in the Gatton Halls of Residence. The Halls have provided our students with a home since 1897. With 436 rooms, there's a place for you at Gatton.

UQ Residences

Kev Carmody House is UQ's brand new student residence exclusively for UQ students.

Located in the heart of our St Lucia campus, Kev Carmody House has the convenience of being just minutes away from classes, and features:

- 610 light-filled and spacious one-bedroom rooms with ensuites
- a wide range of social areas to cook and catch up with new friends
- world-class facilities and a stunning rooftop pool deck
- an engaging student life program.

More than a place to study, Kev Carmody House is a place where you can belong and thrive in a vibrant community to call your own.

Students enjoy some downtime at a UQ college

Off-campus living

From city living to suburban share houses, you'll find a place to stay in no time.

Purpose-built student living

Join students from universities all across Brisbane at one of our recommended student accommodation providers. A variety of studio, single-bedroom and twin share options is available.

Private housing

Would you like to branch out from the uni community? You might like to share a house or apartment with other people. Brisbane's rental market features everything from low-cost share houses to high-rise apartments, while Gatton offers a range of affordable share houses. To find a room, apartment or house, first check our UQ Rentals database. There are also private rental

accommodation websites and you can rent directly from real estate agents.

my.uq.edu.au/student-support/accommodation

UQ Accommodation team

Our UQ Accommodation team can help you find your ideal home. The team offers free information sessions before classes start, and can also give you advice, check documentation for you, and direct you to useful material online.

accommodation.uq.edu.au

Airport pick up

If you are a new international student to UQ, we'll provide you with free transportation from Brisbane's domestic or international airports. Just make sure you book three business days in advance.

my.uq.edu.au/information-and-services/student-support/accommodation/about-accommodation/airport-pickups

Spacious living and study room at Kev Carmody House

Guaranteed accommodation

When you apply through UQ Guaranteed Accommodation, you're able to secure your accommodation prior to arriving in Brisbane and commencing studies at UQ.

The UQ Residential Colleges (on campus) and UQ Approved Providers

(off campus) set aside a guaranteed number of rooms so you're able to compare, choose and secure the most appropriate accommodation easily. Find out more at:

bit.ly/guaranteedaccommodation

International student support

UQ has services and activities to help you settle in, make new friends, expand your skills and network, and enjoy student life right up until graduation.

SETTLING IN

Getting started

Make your transition to UQ a smooth one by attending one of our Getting Started sessions either when you arrive or during O-Week. Attendance is compulsory for all international students. In the session, you find out: how to enrol, register for classes, get your student ID card and key UQ dates and terminology. We also tell you about what services and facilities are on campus, how to register for public transport student discounts, and what your best options are for getting to and from UQ.

my.uq.edu.au/information-and-services/student-support/settling-in

my.uq.edu.au/starting-at-uq

Transition to UQ life with ease by registering for the Jumpstart uni preparation program, held before semester starts.

my.uq.edu.au/information-and-services/student-support/study-skills/jumpstart-uni-preparation-program

O-Week and your first weeks

O-Week is a great introduction to life at UQ and is held one week before semester starts. It is a great introduction to life at UQ. You can browse clubs and societies, listen to live music, meet new and interesting people at events, pick up free stuff, and most importantly, attend your program's welcome session.

orientation.uq.edu.au

UQ mentoring

UQ offers loads of mentoring opportunities for you to get connected, get involved and have fun! Connect to peers, groups or industry partners; there's something for everyone. As a new student transitioning to uni life we recommend you check out the Get Set program to help you navigate your first weeks at UQ. For more information on all of the mentoring opportunities available, visit the Mentoring website.

my.uq.edu.au/mentoring

Clubs and societies

Are you up for expanding your social network and diving into a hobby or passion? Join one of our 220 clubs and societies. From anime to yoga, medievalism to table tennis, and hockey to dancing, you are certain to find like-minded people. If you don't, you can always start your own club.

uqu.com.au/clubs-societies

uqsport.com.au/clubs

Safety on campus

Our campuses are safe places for students and staff. St Lucia and Gatton campuses have 24-hour security teams. St Lucia also

offers a safety escort service if you would like someone to accompany you to public transport or your car, and a Safety Bus that runs from 6pm onwards around the campus.

Plus, students can download the free UQ SafeZone app, which connects students directly with security officers or emergency services.

campuses.uq.edu.au/information-and-services/security/campus-safety

Spiritual practice

Our Multi-Faith Chaplaincy at UQ St Lucia caters to all religions. It is a great place to meet people from different cultures and faiths.

my.uq.edu.au/information-and-services/student-support/religion

UQ Mates

Your one place to gain access to the social scene through UQ's free social network!

Meet new friends and connect with like-minded students that share your interests through chat groups and facilitated on- and off-campus meet-ups. Whether you are into food, drinks, arts, culture, fitness, games or study – find your circle at UQ Mates.

my.uq.edu.au/information-and-services/student-support/settling-and-orientation/uq-mates

ACADEMIC AND LIFE SUPPORT

Student Central

If you need help navigating university administration, visit UQ Knowledge Base online or head to Student Central for help with enrolment, employability development, your Student ID card, counselling, study skills and more.

my.uq.edu.au/contact/student-central

Academic workshops

Gain new skills and prepare for exams by attending free workshops held by our Student Services team. There are workshops on writing assignments, improving your memory, thesis writing, presentation skills, time management, academic language and grammar, and more.

my.uq.edu.au/information-and-services/student-support/workshops

International student advisers

There are advisers specifically for international students to help you overcome some of the challenges of studying in a foreign country. The Student Advice Team, located in Student Services, can help with a range of common

questions and queries from making friends, planning finances, living in Australia and preparing for study to bringing your family, student visa information and academic and English support. The student advisers offer support in a free and confidential space and if you need to make an appointment with a Student Adviser or a Counsellor, you can do this in private by contacting Student Services.

my.uq.edu.au/information-and-services/student-support/international-interstate-students

The Students' Union (UQU) can also help you with legal or migration support.

uqu.com.au

Peer Assisted Study Sessions (PASS)

Learn more about studying at UQ from second- and third-year students who have achieved top grades in your course. They can provide advice on coursework and content, and suggest effective study habits that will help you make the most of your time. Ask your faculty for more information.

English language support during your study

Develop and refine your English language skills needed for study at UQ. Join our free English for Academic Communication (EAC) course offered in-semester by UQ College. A range of academic English study options are available to meet your needs. Check the website for more information.

uqcollege.uq.edu.au/study-options/english-courses/eac

Ally Network is our award-winning program for the LGBTIAQ+ community.

my.uq.edu.au/information-and-services/student-support/diversity-disability-inclusion

my.uq.edu.au/information-and-services/student-support/diversity-disability-inclusion

Cost of living

Brisbane is an affordable city offering a lower cost of living than Sydney, Melbourne, Perth and Canberra*.

To make the most of your time in Australia, we recommend you plan and budget for your study and holiday time.

*studentcities.com.au

Yearly costs

How much it will cost you to live in Brisbane will depend partly on your lifestyle preferences. For example, if you live in a share house off-campus, your yearly budget will be in the range of \$12,960 – \$33,060.

In addition to this amount, you will also need to consider establishment costs such as buying furniture, paying a rental bond and setting up electricity, gas and mobile phone accounts, as well as other expenses such as visa and medical fees, tuition fees, return airfares, and Overseas Student Health Cover (OSHC). Remember that exchange rate variations may also affect your budget.

Monthly expenses

The table below estimates monthly expenses for studying at UQ. These estimates are a guide only and prices vary according to your lifestyle. UQ tuition fees, textbooks and study materials, clothing, entertainment, printing, and healthcare costs are in addition to the figures below.

Working while studying

If you have a student visa you can work up to 40 hours per fortnight (two-week period) during university semesters, and full-time hours during holidays. In general, students shouldn't expect to cover tuition fees or living expenses with a casual job.

If you are studying at UQ on a scholarship, you should contact your scholarship provider about how many hours you are permitted to work each week.

immi.homeaffairs.gov.au/visas/already-have-a-visa/check-visa-details-and-conditions/see-your-visa-conditions?product=500

Student concessions

As a student, you can use your student ID to receive concession prices for public transport, the cinema, museums, software, technology and much more.

my.uq.edu.au/starting-at-uq/student-finances/budgeting

Visa information

When applying for a student visa, you must meet the Genuine Temporary Entrant criteria (immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500/genuine-temporary-entrant) and have sufficient funds to pay your tuition fees, living costs (including the living costs of any dependants, if applicable) for the duration of your studies. study.uq.edu.au/university-life/getting-prepared-to-come-to-australia/student-visas

Bringing your family

To apply for a student visa in Australia, you need to declare that you have access to sufficient funds to pay your tuition fees and to support yourself and any dependants who are coming with you. This declaration is part of the UQ acceptance process. For children, you will also have to factor in school fees and childcare costs.

eqi.com.au/study-options/fees

If you are bringing a spouse and/or children, they will need dependant visas.

study.uq.edu.au/university-life/getting-prepared-to-come-to-australia/bringing-your-family-australia

Monthly cost of living

	STUDENT LIVING IN ON-CAMPUS COLLEGE	STUDENT LIVING OFF-CAMPUS / STUDENT ACCOMMODATION	FAMILY (TWO ADULTS, ONE CHILD) LIVING OFF-CAMPUS ***
Rent	\$2000–\$2800*	\$480–\$1760*	\$1700–\$2160
Utilities (gas, electricity, water)	included in rent	\$150–\$175**	\$225–\$400
Food	included in rent	\$320–\$600	\$1045–\$1250
Mobile phone / internet	\$80–\$120	\$80–\$120	\$160–\$240
Public transport	\$40	\$50–\$100	\$100–\$250
TOTAL	\$2120–\$2960	\$1080–\$2755	\$3230–\$4300

*On-campus and off-campus accommodation costs are usually lower in Gatton. The monthly cost for a standard resident room in the Halls of Residence in Gatton is approximately \$1190.

**Many student accommodation providers include electricity, gas and internet costs in rent; however, check with your provider to be sure.

***These costs are based on the assumption that the dependent child is not of school age and does not factor in child care costs. For more information on fees for school aged dependents visit: eqi.com.au/study-options/fees

This table should be taken as a guide only. For the most accurate costs of living, visit: study.uq.edu.au/university-life/living-in-brisbane/cost-living

Fees and expenses

As an international student, you will pay tuition and non-tuition fees. Some programs have additional costs; see individual program listings for details.

Tuition fees

Tuition fees vary according to program. We have provided the 2023 first year tuition fee and the indicative total fee for each program on pages 26–27 as a guide. These amounts are based on a standard full-time study load, unless otherwise indicated.

UQ has program-based tuition fees for coursework award programs, meaning that all courses within a program are charged at the same tuition fee rate per unit for a given academic year. Some programs also have additional costs. Tuition fees are reviewed annually.

Visit your program's web page on study.uq.edu.au for the latest information about tuition fees.

Non-tuition fees

Non-tuition fees paid to the University may include the student services and amenities fee, books and equipment, health insurance, administration, accommodation, and assistance to apply for or hold a student visa.

study.uq.edu.au/admissions/postgraduate-coursework/review-fees-and-financial-support

Insider Guides provides a helpful online Cost of Living Calculator to estimate your weekly, monthly and yearly living costs in greater detail.

insiderguides.com.au/cost-of-living-calculator

Student Services and Amenities Fee (SSAF)

The SSAF is charged each study period for the provision of non-academic services. In 2021 the annual SSAF was capped at \$313.

my.uq.edu.au/information-and-services/manage-my-program/fees-payments-and-refunds/student-services-and-amenities-fee

Scholarships

The University of Queensland offers competitive scholarships to help high-achieving students fund their tertiary education. For more information, see pages 114–115.

Health insurance

If you will be coming to Australia on a student visa, you will need to purchase and maintain Overseas Student Health Cover (OSHC) as one of the conditions of your visa. This is an insurance policy that covers you for basic medical and hospital care and is required from the day you arrive in Australia until you leave. UQ's preferred OSHC provider is Allianz Global Assistance. UQ can organise your OSHC with Allianz when you accept your UQ offer and pay your tuition fee deposit. Alternatively,

you can obtain your own OSHC from a government-approved OSHC provider.

study.uq.edu.au/university-life/getting-prepared-to-come-to-australia/overseas-student-health-cover

Financial aid

We can help students from North America, as well as some countries in Europe and Latin America, apply for student loan programs that are offered in their home countries. These loans can help you cover a portion of your educational expenses while studying full-time at UQ.

study.uq.edu.au/admissions/financial-aid-international-students

Refunds

If you cancel your enrolment before census date fees can be refunded in full, unless you are a commencing student. For commencing students an administrative charge applies for late cancellation of enrolment. After census date, refunds are only made in limited circumstances. See the Student Fees Policy and Student Refund procedures for details.

ppl.app.uq.edu.au/content/3.40.03-student-refunds

Scholarship recipient Luluk Widyawati, from Indonesia, studied a Master of Business (Advanced) where she became passionate about the idea of sustainability. She returned to UQ to study her PhD, with a focus on “ethical investment”, which she completed in 2020. Luluk hopes to translate her skills into tangible contributions to sustainable development in Indonesia that maintain its rich biodiversity. She is currently a lecturer at the University of Indonesia.

Read more of
Luluk's story.

Scholarships

You may be eligible for a scholarship to study at UQ. The Australian Government provides international students with a range of scholarship options, and the University also offers competitive scholarships to help high achieving students fund their tertiary education. scholarships.uq.edu.au

UQ HDR scholarships

UQ provides almost A\$40 million in scholarship funding support each year for living and tuition expenses of Higher Degree by Research (HDR) candidates.

UQ Graduate School Scholarship (UQGSS)

The UQ Graduate School Scholarship (UQGSS) is awarded from Research Training Program (Australian Government) funding and UQ funding via a competitive scholarship round twice per year. The UQGSS provides a living allowance and a tuition fee offset. For international applicants who will study in Australia on a student visa, the UQGSS also includes an allowance for single overseas student health cover.

scholarships.uq.edu.au/scholarship/graduate-school-scholarships-uqgss-%E2%80%93-includes-rtp

Other scholarships for HDR candidates

In addition to the UQGSS, a wide range of scholarships for HDR candidates is available. These can be found on UQ's Scholarships website. New opportunities are frequently added, so prospective HDR candidates are advised to check the website regularly.

Australian Government scholarships

Australia Awards

Australia Awards are prestigious international scholarships and fellowships funded by the Australian Government. They are administered by the Department of Foreign Affairs and Trade and offer the next generation of global leaders an opportunity to undertake study, research and professional development in Australia. The

opportunities provided by Australia Awards Scholarships help participants develop the skills and knowledge to drive change and contribute to the development outcomes of their country. Benefits of the scholarship include payment of an establishment allowance, full tuition fees, return airfares, living allowance and Overseas Student Health Cover (OSHC). UQ has hosted Australian Awards-sponsored students for more than 50 years.

australiaawards.gov.au

Destination Australia

The Department of Education awards \$15,000 scholarships per student, per year for programs undertaken at UQ Gatton campus.

Students must commence the degree in 2023 and study full-time in a course that can be fully delivered at the Gatton campus. Students must also maintain ongoing residency in the regional area for the duration of each study period, and maintain a student visa for the duration of the scholarship.

The scholarship is renewable for each year of the program, and may be available for bachelor's, bachelor's (honours), master's or doctorate degrees.

study.uq.edu.au/destination-australia

Australian Centre for International Agricultural Research (ACIAR) Fellowships

ACIAR is Australia's specialist international agricultural research for development agency. Building capacity of individuals and agricultural research institutes in partner countries is one of ACIAR's key priorities.

ACIAR administers two fellowships under the Australia Awards: the John Allwright Fellowship and the John Dillon Fellowship.

The John Allwright Fellowship provides the opportunity for partner country scientists involved in ACIAR-supported collaborative research projects to obtain postgraduate qualifications at Australian tertiary institutions. The John Dillon Fellowship provides career and leadership development opportunities for outstanding agricultural scientists or economists from ACIAR partner countries who are involved in a current or recently completed ACIAR project.

Up to 10 fellowships are offered annually.

aciar.gov.au

Other scholarship opportunities

Many international students at UQ are funded by scholarships from their home governments or other funding bodies. For more information on these scholarships, you should contact the Ministry of Education or another appropriate government agency in your home country. Some multinational aid organisations and other large corporations also provide scholarship funding for international students. If you wish to apply for assistance, contact the organisation directly.

global-engagement.uq.edu.au/sponsored-students

Studies in Australia scholarship search

Studies in Australia allows you to search for scholarships available to international students who want to study in Australia. Using the scholarships search tool, you can filter by course, support type and the location.

studiesinaustralia.com/scholarships-in-australia

UQ partners

UQ has links worldwide and is also a proud member of the prestigious Group of Eight and Universitas 21 networks.

UQ's partnership network

UQ has a strategic partnership network across more than 50 international locations, which includes leading organisations and institutions across higher education, research, industry, government, sponsorship and philanthropy.

As a key component of UQ's broader Global Strategy, UQ seeks to ensure a cohesive and coordinated approach to collaboration with international partners. UQ partners for global impact by building meaningful relationships worldwide and leveraging our strategic global presence. UQ's global connectedness has a multitude of beneficiaries, leading to research outcomes, products and services that have real impacts on people around the world.

Through our partnerships, UQ students can study in more than 40 international locations to develop and broaden their perspectives, build international networks and prepare for global careers. Almost a quarter of UQ's undergraduate students engage in an international experience of some kind during their studies.

UQ is also a member of a number of global networks that enhance the opportunities for collaboration for our staff and students, including: Universitas 21, a select international network of comprehensive, research-intensive universities; edX, the world's leading consortium of Massive Open Online Courses (MOOCs); and the McDonnell International Scholars Academy, a select group of research universities that aims to develop future leaders and promote global awareness and social responsibility.

UQ also has a number of arrangements with international institutions to facilitate the progression of students from those institutions to UQ through credit transfer.

UQ terminology

Alumni

All UQ graduates are considered UQ alumni.

Assessment

Assessment is completed as part of your course. It can come in the form of assignments, examinations, oral reports, debates, projects, research summaries and laboratory practical reports.

Bachelor's degree

A qualification awarded for the first level of study undertaken at university, typically requiring three to five years of study.

Blue card

An identification card issued under the *Commission for Children and Young People and Child Guardian Act 2000* that you need in order to work with children in Queensland, whether as a paid employee or volunteer. You can apply for one through the UQ School administering your program. Blue card applicants undergo a complete national criminal history check.

Campus

The location where a program is delivered. Some programs are taught at locations other than UQ St Lucia or at more than one campus.

Census date

The last date to cancel enrolment in a course without incurring financial liability. Census dates are 31 March for Semester 1, 31 August for Semester 2 and 18 December for Summer Semester (although this may change). Intensive study periods have individual census dates that change each year according to the start date of the study period.

Compulsory courses

Courses that must be studied to complete the requirements of a program.

Confirmation of Enrolment (CoE)

A CoE is issued when you accept a place at the University and pay your deposit and Overseas Student Health Cover (OSHC), if applicable, and you need to apply for a student visa. A CoE will only be issued for a quota program if there is still a place available at the time you accept and pay your deposit / OSHC.

Course

A discrete component of study within a program for which a grade is given.

Course profile

A course profile gives you key information about a course, including the course aims and learning objectives, required textbooks, learning activities, assessment information and due dates, and other important information.

Coursework program

A program where the assessable content by research represents less than two-thirds of the total assessable content for the program. Bachelor's degrees, associate degrees and postgraduate coursework programs are all categorised as coursework programs.

Commencement

Semester 1 in Australia generally begins in late February, and Semester 2 in late July, but some programs may start earlier. Check each program for details.

Credit

1. Students receive credit towards a degree when they pass a course that is part of the program requirements.
2. Students changing programs within UQ or from another university may apply for credit (a value assigned for study completed in one program) towards the new program. See Credit transfer.

Credit transfer (or transfer credit)

Credit transfer may be granted when students change from one program to another, if the rules of the new program allow. Check with the administering faculty.

CRICOS code

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) code indicates a registered program offered to international students studying in Australia on a student visa.

Domestic student

A student who is an Australian citizen or Australian permanent resident, or a New Zealand citizen.

Dual program

Two UQ degree programs undertaken at the same time, under a single set of program requirements. The duration of a dual degree is shorter than taking each degree one after the other.

Duration

The length of time taken to complete a program, expressed in terms of a standard full-time study load.

Elective

A course that you may choose from a set of options. Some UQ programs allow elective courses to be taken from outside the main focus of the program or from other UQ programs.

Entry score

The entry requirement for a particular undergraduate program from a specific high school qualification.

External student

External students study online and do not attend any on-campus classes, although attendance at residential schools may be required in some programs. Material is dispatched by mail or via the web. International students can only study external programs offshore.

Faculty

The major organisational units within UQ, with responsibility for academic programs. Faculties may have a number of sub-faculty academic units called 'schools'. There are six faculties: Business, Economics and Law; Engineering, Architecture and Information Technology; Health and Behavioural Sciences; Humanities and Social Sciences; Medicine; and Science.

Field of study

A field of study is a prescribed combination of courses in a postgraduate coursework program having a value of at least eight units or in a one-year bachelor's (honours) program having a value of 16 units

Full-time (F/T)

75 per cent or more (six units) of the standard full-time study load (eight units) per semester for most programs. As an international student in Australia, you must complete your program within the specified duration. To do this, you would need to enrol in eight units per semester.

Grade point average (GPA)

A statistic calculated on grades received and the number of units completed, indicating your performance in your studies.

Higher degree by research (HDR)

A postgraduate program where the assessable content by research represents more than two-thirds of the total assessable content. At UQ, HDR programs include the Doctor of Philosophy (PhD), Master of Philosophy (MPhil) and professional doctorates.

Honours

At UQ, honours may be awarded as an additional one-year of study following completion of a bachelor's degree or as a four-year bachelor's (honours) degree. Some undergraduate programs allow eligible students to transfer to a bachelor's (honours) degree at a defined point in the bachelor's degree.

Immunisation

For some Health, Behavioural Sciences and Medicine programs, you must provide proof of immunisation against certain diseases, including Hepatitis B. See habs.uq.edu.au/placement-ready/immunisations.

Intensive

A flexible delivery study mode where you attend on campus for short periods only (typically 1–2 weeks).

Internal student

A student who attends classes (lectures, tutorials and practicals) on-campus during semester.

International applicant / student

An 'international' applicant or student is not an Australian citizen or Australian permanent resident, nor a New Zealand citizen, and is intending to enrol (applicant) / is enrolled (student) with a higher education provider in Australia.

Orientation (O-Week)

A compulsory program of activities and information sessions to introduce new students to the University and to assist the transition to tertiary study.

Part-time (P/T)

Part-time study is less than 75 per cent of the standard full-time study load (i.e. less than six units per semester for most programs).

Placement

Also called work placement, internship, industry study, clinical practice, practicum, fieldwork, clinical placement, practical work, teaching practice or industry experience. This is a period of practical, work-related experience designed to enable you to practise professional skills in a real-life setting, usually at an organisation external to the University.

Postgraduate coursework programs

Postgraduate coursework programs involve at least two-thirds of coursework. Study options include a graduate certificate, graduate diploma, coursework master's, and professional doctorate.

Prerequisites

Prerequisites are minimum entry requirements for admission to a program. They are intended to ensure that everyone entering a program has studied and achieved an appropriate level of knowledge in subject areas necessary to undertake the program successfully. Applicants who satisfy the prerequisite requirements are then eligible to compete for a place on the basis of the selection rank allocated to their qualifications.

Program

A sequence of study leading to the award of a qualification such as a degree, diploma, certificate or higher degree by research.

Quota program

Some programs have limited places available. The quota is the number of places that are available. For international students, the issuing of a Confirmation of Enrolment (CoE) for a quota program confirms that you have a place in that program.

School

At UQ, a school is a sub-division of a faculty – in other words, a faculty is a collection of schools. The school that teaches a course is listed on each course's electronic course profile (ECP) as the 'Coordinating Unit'.

Semester

The University teaching year is divided into three semesters: Semester 1, Semester 2 and Summer Semester. Most programs only require you to be enrolled in Semesters 1 and 2 each year.

Specialisation

A specialisation is at least 32 units of a prescribed combination of courses with a particular disciplinary focus, within an undergraduate program.

Study areas

Discipline-focused sets of courses that can be studied within a degree program and may include majors, minors and specialisations.

Teaching methods

At UQ we use a range of teaching methods, including lectures, tutorials, laboratory practicals, fieldwork, group discussions, and online modules and workshops. You will be required to complete assignments and examinations, and undertake independent study. Debate in classrooms is strongly encouraged.

Teaching spaces

Ranging from large, tiered lecture theatres to small tutorial rooms and specialised laboratories, we offer flexible spaces for group work, teaching and printing. All UQ lecture theatres and most tutorial rooms have Echo 360 installed so that teaching sessions can be recorded and accessed online.

Tertiary pathway

If you are not offered a place in your preferred program, you can accept an offer in a program with lower entry requirements, improve your entry score after completing your first year of full-time study, and then apply to change into your preferred program.

Units

Units (#) represent the value of individual courses that contribute to the total unit requirement of an academic program. Most courses at UQ are worth two units and a standard study load is eight units per semester.

Find out more

Meet us in your location

UQ academic and administrative staff often travel internationally, giving you the opportunity to meet one of our team members at an event local to you. Check out our events calendar.

study.uq.edu.au/events

UQ educational representatives

UQ's representatives can help you find information about studying at UQ, what the entry requirements are, how to complete your application, and how to lodge your student visa.

UQ campus tours

UQ is a great place to study, make new friends, and take part in sporting and cultural activities. Register for a campus tour and experience first-hand what UQ has to offer.

study.uq.edu.au/university-life/campus-tours

All UQ campuses are smoke-free.
